Nearing his twelfth birthday, Brendan together with his younger brother Ryan and friend Gabrielle discovers a mysterious golden object in the Maine woods. To their amazement, a ghostly voice from within entreats them to save the world from McGrab, a horrifying creature who wishes to conquer the planet. Before they know it, the three children cut through the earth's crust in a magical sphere as they try to stop McGrab. Confident of victory, McGrab toys with his adversaries, leaving clues about what they must seek across the globe in order to stop him. Traveling from continent to continent amid hair-raising adventures and thrilling escapes, the children solve his cryptic puzzles. Along the way, they discover surreal places and stunning geography: a pink lake, a building capped with giant eggs, and an island that arises in a single day. Armed with knowledge about the world and themselves that they've gained in their wild chase, the children return home to face McGrab in a decisive battle in which the fate of the world hangs in the balance. *My World & Globe with Sticker and Other* Ira Wolfman, 2003-07-22. Revised and updated throughout to include ten new countries formed since 1991, this bestselling package features a fully illustrated 64-page paperback book, an 18-inch inflatable globe with cardboard stand, and 110 colorful reusable vinyl stickers. Pkg Consumable. **Guys around the Globe** Chloe G. Wilde, 2012-11-15. This is a narration of my most memorable encounters with the opposite sex delivered in an easy-to-digest and entertaining manner. What started out as diary entries to overcome a particularly painful break-up became stories spanning over three continents. The stories do not follow a strict chronological order but are geographically organized into chapters such as Ile de France, Balkania, Northern Africa, Bella Italia, Germany, Co. The protagonists were named after the characteristics I remember them by and were given appropriate nicknames such as Bastardo, I II, Dr. Freak, Hermit, Naso. This book certainly contains sad times and heartbreak but also lots of hilarious situations and encounters of the plain weird kind. *mais c'est la vie*. The Da Vinci Globe Stefaan Missinne, 2019-01-17. A chance discovery at a distinguished London map fair in 2012 by a Belgian globe collector produced the most unique of finds: a distinct globe with mysterious images such as old ships, sailors, a volcano, a hybrid monster, pentimenti, waving patterns, conic individualised mountains, curving rivers, vigorous coastal lines, chiaroscuro, and an unresolved triangular anagram which remains an enigma. The globe is hand engraved in great detail on ostrich egg shells from Pavia by a left-handed Renaissance genius of unquestionable quality. It shows secret knowledge of the map world from

the time of Columbus Cabral Amerigo Vespucci and Leonardo da Vinci Central and North America are covered by a vast ocean The da Vinci globe originates from Florence and dates from 1504 It marks the first time ever that the names of countries such as Brazil Germania Arabia and Judea have appeared on a globe A Leonardo drawing for this globe showing the coast of the New World and Africa has been discovered in the British Library This book brings the reader through a fabulous journey of scholars maps riddles rebuses iconographic symbols and enigmatic phrases such as HIC SVNT DRACONES to illuminate the da Vinci globe It details 500 years of mystery fine scholarship and expert forensic testing at numerous material science laboratories the world over The da Vinci globe now takes its rightful place surpassing the Lenox globe its copper cast identical twin as the most mysterious globe of our time As such this monograph is an essential text in Leonardo studies and in the history of cartography

Stoogeology Peter Seely, Gail W. Pieper, 2007-05-15 In the world of slapstick comedy few are more beloved than the Three Stooges Throughout their 190 short films they consistently delivered physical verbal and situational comedy in new and creative ways Following the trio from outer space to ancient Rome this volume provides an in depth look at their comedy and its impact on twentieth century art culture and thought This analysis reveals new insights into the language literary structure politics race gender ethnicity and even psychology of the classic shorts It discusses the elements of surrealism within the Stooges films exploring the many ways in which they created their own reality regardless of time and space The portrayal of women and minorities and the role of the mistake in Stooges works are also addressed Moreover the book examines the impact that the Columbia Studios style and the austerity of its Short Subjects Department had on the work of the Three Stooges films that ironically have outlasted more costly and celebrated productions

But he has no idea as he sits daydreaming during Professor Snow's history lesson that his daydream will soon become all too real. When Bart and his best friend Spence attempt to catch the school bully Dave and his gang in the act of breaking into the school and stealing history test answers their plan is quickly thwarted as they get caught by Dave himself. While being forced to find the answers as leverage to keep Bart and Spence quiet, Spence uncovers the key to the glass case that holds the professor's globe, an ancient artifact that no one is allowed to touch. As soon as the gang discovers the key they can't help but open it. But it turns out that the globe has a key of its own and Spence's unknown discovery lands them in the middle of the African jungle with no understanding of how they got there or how to get home. Now Bart must go on a real adventure if he and Spence are going to figure out the secrets of this world and find their way back to Nebraska. Nothing is as it seems and soon the boys have joined in the fight for a most prized possession that others are willing to kill for.
