Myanmars External Trade An Overview In The Southeast Asian Context:

Myanmar's External Trade Mya Than,1992 The grim state of the Myanmar economy in the second half of the 1980s forced the previous government of the Burma Socialist Programme Party to liberalize its external and internal trade Since the military coup following political chaos in the later part of 1988 Japan the European Community and the United States have suspended new economic aid to Myanmar This has led to the present military government the State Law and Order Restoration Council SLORC to work towards closer cooperation in diplomatic and trade relations with other Southeast Asian countries and to further liberalize its trade sector This study explores and analyzes Myanmar s external trade and its trade relations with Southeast Asian nations many of which are members of the Association of Southeast Asian nations ASEAN and raises issues and prospects of economic cooperation with neighbouring countries in the region including the option for active participation in ASEAN

Economic Development of Myanmar Myat Thein,2004 There are a number of excellent studies by eminent Myanmar economists as well as scholars from abroad covering different post war periods and or various aspects of development in Myanmar What this book does is to bring them altogether as it were under one roof by recasting bits and pieces of their work according to the author s own understanding In doing so a holistic approach was adopted in order to have a well rounded account of developments over the past fifty years or more In addition an attempt has also been made to present the major developments at different periods of time between 1948 and 2000 in a simple but not over simplified reader friendly format so as to reach as wide an audience as possible It is the author s ardent wish that not only students and policy makers but Myanmar people in all walks of life will read the book discuss it and work together for a better future

Beyond Borders Wen-Chin Chang,2015-01-16 The Yunnanese from southwestern China have for millennia traded throughout upland Southeast Asia Burma in particular has served as a back door to Yunnan providing a sanctuary for

political refugees and economic opportunities for trade explorers Since the Chinese Communist takeover in 1949 and subsequent political upheavals in China an unprecedented number of Yunnanese refugees have fled to Burma Through a personal narrative approach *Beyond Borders* is the first ethnography to focus on the migration history and transnational trading experiences of contemporary Yunnanese Chinese migrants composed of both Yunnanese Han and Muslims who reside in Burma and those who have moved from Burma and resettled in Thailand Taiwan and China Since the 1960s Yunnanese Chinese migrants of Burma have dominated the transnational trade in opium jade and daily consumption goods Wen Chin Chang writes with deep knowledge of this trade s organization from the 1960s of mule driven caravans to the use of modern transportation and she reconstructs trading routes while examining embedded sociocultural meanings These Yunnanese migrants mobility attests to the prevalence of travel not only by the privileged but also by different kinds of people Their narratives disclose individual life processes as well as networks of connections modes of transportation and differences between the experiences of men and women Through traveling they have carried on the mobile livelihoods of their predecessors expanding overland trade beyond its historical borderlands between Yunnan and upland Southeast Asia to journeys further afield by land sea and air

Outsourcing the Polity Gerard McCarthy, 2023-02-15 Outsourcing the Polity offers a new account of social outsourcing in post independence Myanmar demonstrating how the bankrupt post socialist junta mediated market reform in the 1990s and 2000s and forced private and non state actors to take the burden for social welfare Informed by research during Myanmar s decade of partial civilian rule 2011 2021 Gerard McCarthy examines how ideals and practices of non state welfare can both sustain democratic resistance and undermine social reform over time Rather than expand government led social action funded by direct taxation grassroots activists and democratic leaders after 2011 variously framed government social action as ineffective undesirable and even corrosive of civic norms They instead encouraged citizens to be self reliant

and support each other including during disasters Powerful tycoons filled the social gap using public philanthropy to remake their reputations and to defend their ongoing expropriation of land and state assets from potential democratic redistribution With non state social actors more important than ever following Myanmar's return to dictatorship in 2021 Outsourcing the Polity casts new light on the lasting legacies of outsourcing for distributive politics **Burma** Robert I. Rotberg, 1998-06-01 This book examines the origins and consequences of Burma's current policies from military political social and economic perspectives It analyzes the Asian decision to constructively engage Burma especially in economic affairs versus the position of the United States and many other Western countries to treat Burma as a pariah Other chapters focus on the drug trade Burma produces more than 60 percent of the world's heroin the growing role of China as Burma's military and economic big brother political culture and democratic traditions the unsustainable nature of current economic growth shortfalls in education and health systems and Burma's potential for foreign investment **Burma's Economy in the Twentieth Century** Ian Brown, 2013-11-07 An incomparable introduction to Burma's political and economic history written by one of the premier economic historians of Southeast Asia **Kolor.
