**Daniel T. RODGERS**

## **Myself The Autobiography Of John R Commons:**

Myself John Rogers Commons, 1963 John Rogers Commons 1862 1945 was an influential economist reformer and labor historian Born in Hollandsburg Ohio Commons grew up on the Indiana Ohio border where his early work as a printer kindled his interest in labor issues He attended Oberlin College and went on to study economics at Johns Hopkins subsequently embarking upon a career of research public policy development and teaching Among his labor history works were the ten volume Documentary History of American Industrial Society 1910 11 and the three volume History of Labor in the United States 1918 35 In his autobiography Commons classifies himself as both a pragmatist and a Progressive He collaborated closely with Wisconsin s governor and U S senator Robert La Follette Sr until 1917 when he opposed La Follette s anti war position He drafted innovative legislation on issues such as civil service reform worker s compensation and utility regulation He championed improved safety standards and unemployment benefits for workers believing that financial support for them should come from corporations He also advocated government mediation among industry labor and other competing interest groups In the 1920s Commons s legislative initiatives on social welfare and federal economic coordination anticipated New Deal legislation Commons also exerted long term influence through his students many of whom went on to occupy key academic research and policy positions Today he is remembered chiefly as the founder of modern American labor history

Myself John R. Commons, 1963      **Myself** , 1962      **The History of Wisconsin, Volume IV** John D.

Buenker, 2013-03-05 Published in Wisconsin s Sesquicentennial year this fourth volume in The History of Wisconsin series covers the twenty tumultuous years between the World s Columbian Exposition and the First World War when Wisconsin essentially reinvented itself becoming the nation s laboratory of democracy The period known as the Progressive Era began to emerge in the mid 1890s A sense of crisis and a widespread clamor for reform arose in reaction to rapid changes in population technology work and society Wisconsinites responded with action their advocacy of women s suffrage labor rights and protections educational reform increased social services and more responsive government led to a veritable flood of reform legislation that established Wisconsin as the most progressive state in the union As governor and U S Senator from Wisconsin Robert M La Follette Sr was the most celebrated of the Progressives but he was surrounded by a host of pragmatic idealists from politics government and the state university Although the Progressives frequently disagreed over priorities and tactics their values and core beliefs coalesced around broad based participatory democracy the application of scientific expertise to governance and an active concern for the welfare of all members of society what came to be known as the Wisconsin Idea      *Advocacy and Objectivity* Mary Furner, 2017-07-12 This award winning book of the Frederick Jackson Turner Studies describes the early development of social science professions in the United States Furner traces the academic process in economics sociology and political science She devotes considerable attention to economics in the 1880s when first generation professionals wrestled with the enormously difficult social questions associated with industrialization

Controversies among economists reflected an endemic tension in social science between the necessity of being recognized as objective scientists and an intense desire to advocate reforms. Molded by internal conflicts and external pressures, social science gradually changed. In the 1890s, economics was defined more narrowly around market concerns. Both reformers and students of social dynamics gravitated to the emerging discipline of sociology while political science professionalized around the important new field of public administration. This division of social science into specialized disciplines was especially significant as progressivism opened paths to power and influence for social science experts. Professionalization profoundly altered the role and contribution of social scientists in American life. Since the late nineteenth century, professionals have exerted increasing control over complex economic and social processes, often performing services that they themselves have helped to make essential. Furner here seeks to discover how emerging groups of American social scientists envisioned their role, what rights and responsibilities they claimed, how they hoped to perform a vital social function as they fulfilled their own ambitions, and what restraints they recognized.

*Socializing Security* David A. Moss, 1996. *Socializing Security* examines the early movement for worker security legislation in the U.S. The author focuses on a group of academic economists who became leading proponents of social insurance and protective labor legislation during the first decades of the 20th century and founded the American Association for Labor Legislation (AALL).

*Wisconsin Encyclopedia* Jennifer Herman, 2008-01-01. A concise encyclopedia of Wisconsin history, government, and politics.

**Atlantic Crossings** Daniel T. RODGERS, 2009-06-30. The most belated of nations, Theodore Roosevelt called his country during the workmen's compensation fight in 1907. Earlier reformers, progressives of his day, and later New Dealers lamented the nation's resistance to models abroad for correctives to the backwardness of American social politics. *Atlantic Crossings* is the first major account of the vibrant international network that they constructed, so often obscured by notions of American exceptionalism and of its profound impact on the United States from the 1870s through 1945. On a narrative canvas that sweeps across Europe and the United States, Daniel Rodgers retells the story of the classic era of efforts to repair the damages of unbridled capitalism. He reveals the forgotten international roots of such innovations as city planning, rural cooperatives, modernist architecture for public housing, and social insurance among other reforms. From small beginnings to reconstructions of the new great cities and rural life, and to the wide-ranging mechanics of social security for working people, Rodgers finds the interconnections, adaptations, exchanges, and even rivalries in the Atlantic region's social planning. He uncovers the immense diffusion of talent, ideas, and action that were breathtaking in their range and impact. The scope of *Atlantic Crossings* is vast and peopled with the reformers, university men and women, new experts, bureaucrats, politicians, and gifted amateurs. This long duration of contemporary social policy encompassed fierce debate, new conceptions of the role of the state, an acceptance of the importance of expertise in making government policy, and a recognition of a shared destiny in a newly created world.

**The Early History of Economics in the United States** Birsén Filip, 2022-10-24. Since the latter half of the 20th century, the economics

departments of American universities were internationally renowned for providing competitive and advanced levels of education. However, from the 1870s up until the beginning of WWI, German universities held international supremacy when it came to the quality of teaching, the enrollment of foreign students, and scholarly publications. This book examines the role of the German Historical School of Economics (GHSE) in the development of the discipline of economics in the US during this period. The chapters explain that prior to the influence of the GHSE, political economy was in a dismal state in the US both as a profession and an academic discipline. As a result, many Americans elected to go to Germany in pursuit of an advanced education in political economy, having been inspired by the unmatched international reputations of theorists of the GHSE. After they returned home, these German-trained Americans challenged the dominant status of classical orthodoxy and revolutionized the discipline of economics in the US by importing the ideas, methods, and approaches of the GHSE. In doing so, they established the first dedicated political economy departments, graduate programs, and chairs at American universities and colleges. Although the precise magnitude and value of the influence of the GHSE is impossible to quantify, there is no doubt that Americans are deeply indebted to this school of thought for its contributions to the early development of the discipline of economics in the US. The chapters also examine what has been lost since the current mainstream in economics has eliminated many of the features that were once so important to the discipline, that it has effectively limited contemporary economics to a small fraction of the complex organism defined by the German Historical School. This situation has facilitated the poverty of the leading economic school of thought as well as the discipline of economics in general. This book represents a significant contribution to the literature on the history of economic thought and economic education in the US. It will be of particular interest to students and scholars of economics, political science, sociology, and the philosophy of economics.

**Visions of a New Industrial Order** Clarence E. Wunderlin, 1992. Examines the twenty-year debate on labor relations and the rapid development of social science it generated at the beginning of the corporatist era in the US, focusing on the dire warnings and recommendations by economic reformer John R. Commons in 1915. Shows how many of his ideas were incorporated into government policy and contributed to the New Deal 20 years later. Annotation copyrighted by Book News, Inc., Portland, OR.

**The Sower and the Seer** Joseph Hogan, Jon Lauck, Paul Murphy, Andrew Seal, Gleaves Whitney, 2021-02-17. This collection of twenty-two essays, a product of recent revivals of interest in both Midwestern history and intellectual history, argues for the contributions of interior thinkers and ideas in forming an American identity. The Midwest has been characterized as a fertile seedbed for the germination of great thinkers but a wasteland for their further growth. *The Sower and the Seer* reveals that representation to be false. In fact, the region has sustained many innovative minds and been the locus of extraordinary intellectualism. It has also been the site of shifting interpretations to some a frontier, to others a colonized space, a breadbasket, a crossroads, a heartland. As agrarian reformed and Michigander, Liberty Hyde Bailey expressed in his 1916 poem *Sower and Seer*, the Midwestern landscape has given rise to significant visionaries.

just as their knowledge has nourished and shaped the region The essays gathered for this collection examine individual thinkers writers and leaders as well as movements and ideas that shaped the Midwest including rural school consolidation women s literary societies Progressive era urban planning and Midwestern radical liberalism While disparate in subject and style these essays taken together establish the irrefutable significance of the intellectual history of the American Midwest

**Daniel DeLeon, the Odyssey of an American Marxist** L. Glen Seretan,1979      **The Countryside in the Age of the Modern State** Catherine McNicol Stock,Robert D. Johnston,2018-05-31 However urban the nation has become Catherine McNicol Stock and Robert D Johnston write twenty percent of its citizens still live outside major metropolitan areas Moreover rural economic activity agricultural extractive recreational and industrial has an enormous impact on the nation s overall economic well being The stories of contemporary rural people still have the power to move us They reflect the values dreams and ideals at the core of the economically racially and ethnically diverse American experience The Countryside in the Age of the Modern State moves rural history into explorations of modern politics diverse rural peoples and their complex relationships to the American state in the twentieth century The volume s contributors examine African American progressive farm organizers the experiences of Caribbean and Mexican farm laborers agrarian intellectuals in the New Deal the politics of land and landscape in the Rocky Mountain west and the origins of today s rural political movements      *Philanthropic Foundations* Ellen Condliffe Lagemann,1999-07-22 Foundations are socially and politically significant but this simple fact has mostly been ignored by students of American history This collection represents an important contribution to an emerging field Kenneth Prewitt Social Science Research Council      *In Search of the Working Class* Leon Fink,1994 These nine essays by a prominent scholar in American labor history self consciously evoke the tensions between the worker as historical subject and the historian as outside observer Encompassing studies of labor culture strategy and movement building from the late nineteenth century to the present In Search of the Working Class also connects the trials of the early labor economists to the conceptual challenges facing today s academic practitioners Fink places American labor history in the broader context of American political historiography better than any other historian I can think of James R Barrett author of *Work and Community in the Jungle* Chicago s Packinghouse Workers 1894 1922      *U.S. History As Women's History* Linda K. Kerber,Alice Kessler-Harris,Kathryn Kish Sklar,2000-11-09 This outstanding collection of fifteen original essays represents innovative work by some of the most influential scholars in the field of women s history Covering a broad sweep of history from colonial to contemporary times and ranging over the fields of legal social political and cultural history this book according to its editors intrudes into regions of the American historical narrative from which women have been excluded or in which gender relations were not thought to play a part The book is dedicated to pioneering women s historian Gerda Lerner whose work inspired so many of the contributors and it includes a bibliography of her works The contributors include Linda K Kerber on women and the obligations of citizenship Kathryn Kish Sklar on two political cultures in the Progressive

Era Linda Gordon on women maternalism and welfare in the twentieth century Alice Kessler Harris on the Social Security Amendments of 1939 Nancy F Cott on marriage and the public order in the late nineteenth century Nell Irvin Painter on soul murder as a legacy of slavery Judith Walzer Leavitt on Typhoid Mary and early twentieth century public health Estelle B Freedman on women's institutions and the career of Miriam Van Waters William H Chafe on how the personal translates into the political in the careers of Eleanor Roosevelt and Allard Lowenstein Jane Sherron De Hart on women politics and power in the contemporary United States Barbara Sicherman on reading Little Women Joyce Antler on the Emma Lazarus Federation's efforts to promulgate women's history Amy Swerdlow on Left feminist peace politics in the cold war Ruth Rosen on the origins of contemporary American feminism among daughters of the fifties Darlene Clark Hine on the making of Black Women in America An Historical Encyclopedia

The Radical Middle Class Robert D. Johnston, 2013-10-31 America has a long tradition of middle class radicalism albeit one that intellectual orthodoxy has tended to obscure The Radical Middle Class seeks to uncover the democratic populist and even anticapitalist legacy of the middle class By examining in particular the independent small business sector or petite bourgeoisie using Progressive Era Portland Oregon as a case study Robert Johnston shows that class still matters in America But it matters only if the politics and culture of the leading player in affairs of class the middle class is dramatically reconceived This book is a powerful combination of intellectual business labor medical and above all political history Its author also humanizes the middle class by describing the lives of four small business owners Harry Lane Will Daly William U Ren and Lora Little Lane was Portland's reform mayor before becoming one of only six senators to vote against U S entry into World War I Daly was Oregon's most prominent labor leader and a onetime Socialist U Ren was the national architect of the direct democracy movement Little was a leading antivaccinationist The Radical Middle Class further explores the Portland Ku Klux Klan and concludes with a national overview of the American middle class from the Progressive Era to the present With its engaging narrative conceptual richness and daring argumentation it will be welcomed by all who understand that reexamining the middle class can yield not only better scholarship but firmer grounds for democratic hope

History's Erratics David M. Emmons, 2024-10-22 As Ice Age glaciers left behind erratics so the external forces of history tumbled the Irish into America Existing both out of time and out of space a diverse range of these Roman Catholic immigrants saw their new country in a much different way than did the Protestants who settled and claimed it These erratics chose backward looking tradition and independence over assimilation and embraced a quintessentially Irish form of subversiveness that arose from their culture faith and working class outlook David M Emmons draws on decades of research and thought to plumb the mismatch of values between Protestant Americans hostile to Roman Catholicism and the Catholic Irish strangers among them Joining ethnicity and faith to social class Emmons explores the unique form of dissidence that arose when Catholic Irish workers and their sympathizers rejected the beliefs and symbols of American capitalism A vibrant and original tour de force History's Erratics explores the ancestral roots of

Irish nonconformity and defiance in America      **In Pursuit of Equity** Alice Kessler-Harris, 2003 A major new work by a leading women's historian and a study of how a gendered imagination has shaped social policy in America Illustrations

*The Evolution of Institutional Economics* Geoffrey M Hodgson, 2004-03-04 This exciting new book from Geoffrey Hodgson is eagerly awaited by social scientists from many different backgrounds This book charts the rise fall and renewal of institutional economics in the critical analytical and readable style that Hodgson's fans have come to know and love and that a new generation of readers will surely come to appreciate

### **Myself The Autobiography Of John R Commons Introduction**

In the digital age, access to information has become easier than ever before. The ability to download *Myself The Autobiography Of John R Commons* has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download *Myself The Autobiography Of John R Commons* has opened up a world of possibilities. Downloading *Myself The Autobiography Of John R Commons* provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading *Myself The Autobiography Of John R Commons* has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download *Myself The Autobiography Of John R Commons*. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading *Myself The Autobiography Of John R Commons*. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading *Myself The Autobiography Of John R Commons*, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To

protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Myself The Autobiography Of John R Commons has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### FAQs About Myself The Autobiography Of John R Commons Books

**What is a Myself The Autobiography Of John R Commons PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Myself The Autobiography Of John R Commons PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Myself The Autobiography Of John R Commons PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Myself The Autobiography Of John R Commons PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Myself The Autobiography Of John R Commons PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. **Can I fill out forms in a PDF file?** Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or

various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
