## **Mystere A Amboise:**

Mystere a Amboise I. Fraser, 1994-12-01      **Mystere a Amboise** Ian Fraser, Robert Williams, 1989      **The Medieval Theater of Cruelty** Jody Enders, 2018-08-06 Why did medieval dramatists weave so many scenes of torture into their plays Exploring the cultural connections among rhetoric law drama literary creation and violence Jody Enders addresses an issue that has long troubled students of the Middle Ages Theories of rhetoric and law of the time reveal she points out that the ideology of torture was a widely accepted means for exploiting such essential elements of the stage and stagecraft as dramatic verisimilitude pity fear and catharsis to fabricate truth Analyzing the consequences of torture for the history of aesthetics in general and of drama in particular Enders shows that if the violence embedded in the history of rhetoric is acknowledged we are better able to understand not only the enduring theater of cruelty identified by theorists from Isidore of Seville to Antonin Artaud but also the continuing modern devotion to the spectacle of pain      **The Stage as Mirror** Alan E. Knight, 1997 Aspects of medieval theatre examined for reflection of contemporary life The essays in this volume explore ways in which plays and public spectacles mirrored the beliefs and values of the late medieval world Topics covered include seasonal festivals trade guilds stagecraft and the role played by themunicipal governments in fostering and controlling dramatic productions The geographic range takes in all western Europe with particular consideration of the connections between the various medieval European dramatic traditions Inter disciplinary in approach perspectives range from the history of theatre to cultural and political history and literary criticism There is particular emphasis on the real advances that can be made in expanding knowledge of medieval theatre through research in local and regional archives ALAN E KNIGHT is professor emeritus of French at the Pennsylvania State University Contributors ALEXANDRA F JOHNSTON LYNETTE R MUIR PAMELA SHEINGORN R B DOBSON GERARD NIJSTEN CLIFFORD DAVIDSON WIM H SKEN STEPHEN SPECTOR ALAN E KNIGHT      Le Mystere de la Passion en France Émile Roy, 1974      *The Medieval European Stage, 500-1550* William Tydeman, 2001-09-27 This volume brings together a wide selection of primary source materials from the theatrical history of the Middle Ages The focus is on Western Europe between the fall of the Roman Empire and the emergence of markedly Renaissance forms in Italy Early sections of the volume are devoted to the survival of Classical tradition and the development of the liturgical drama of the Roman Catholic Church but the main concentration is on the genesis and growth of popular religious drama in the vernacular Each of the major medieval regions is featured while a final section covers the pastimes and customs of the people a record of whose traditional activities often only survives in the margins of official recognition The documents are compiled by a team of leading scholars in the field and the over 700 documents are all presented in modern English translation      **Direct from France** Ray Symons, Zina Bowey, 1990-08      **Death by Drama and Other Medieval Urban Legends** Jody Enders, 2005-05-15 Part of every legend is true Or so argues Jody Enders in this fascinating look at early French drama and the way it compels us to consider where the stage ends and where real life begins

This ambitious and bracing study explores fourteen tales of the theater that are at turns dark and dangerous sexy and scandalous humorous and frightening stories that are nurtured by the confusion between truth and fiction and imitation and enactment until it becomes impossible to tell whether life is imitating art or art is imitating life Was a convicted criminal executed on stage during a beheading scene Was an unfortunate actor driven insane while playing a madman Did a theatrical enactment of a crucifixion result in a real one Did an androgynous young man seduce a priest when portraying a female saint Enders answers these and other questions while presenting a treasure trove of tales that have long seemed true but are actually medieval urban legends On topics ranging through politics religion marriage class and law these tales Enders argues do the cultural work of all urban legends they disclose the hopes fears and anxieties of their tellers Each one represents a medieval meditation created or dramatized by the theater with its power to blur the line between fiction and reality engaging anyone who watches performs or is represented by it Each one also raises pressing questions about the medieval and modern world on the eve of the Reformation when Europe had never engaged more anxiously and fervently in the great debate about what was real what was pretend and what was pretense Written with elegance and flair and meticulously researched *Death by Drama and Other Medieval Urban Legends* will interest scholars of medieval and Renaissance literature history theater performance studies and anyone curious about urban legends *The Biblical Drama of Medieval Europe* Lynette R.

Muir,2003-09-18 This book presents a detailed survey and analysis of the surviving corpus of biblical drama from all parts of medieval Christian Europe Over five hundred plays from the tenth to the sixteenth centuries are examined in a wide ranging discussion which makes available the full scope of this important part of theatre history The volume is specially organised to provide a complete overview of major aspects of medieval biblical theatre including the theatrical community of both audience and players the major plays and cycles and the legacy of medieval biblical theatre The book also includes valuable appendices with information on the liturgical calendar processions and the Mass and the Bible **Medieval Roles for**

**Bibliography of Medieval Drama** Carl J. Stratman, 2023-11-15 The study of medieval drama has long been hindered by the absence of a centralized comprehensive bibliography that accommodates the wide ranging interests of scholars and students Existing references are often too narrow focusing exclusively on specific genres like mysteries and miracles or too limited in the number of entries While resources such as Wells's Manual provide some guidance their segmented supplements and restricted scope fall short of addressing the broader needs of the field This bibliography seeks to fill that gap by encompassing a wide range of materials including liturgical plays mysteries miracles moralities and interludes while excluding formal comedies tragedies and masques By incorporating not only English drama but also influential works from France Germany Italy and Spain the bibliography underscores the interconnectedness of medieval theatrical traditions across Europe Organized into twelve main divisions with detailed subdivisions the bibliography is designed for ease of use and practicality It includes general critical studies individual play editions and analyses of specific works all listed alphabetically for quick reference Each entry provides comprehensive bibliographic details including author names full titles publication information and pagination Starred entries highlight particularly authoritative works and cross references link materials spanning multiple categories Special attention is given to unique sections such as the comprehensive treatment of Everyman the rarely addressed writings of Hrotswitha and anthologies of cycle plays Additional resources include entries for unpublished masters and doctoral dissertations critical book reviews and Festschriften offering a multidimensional view of medieval drama scholarship To further assist researchers the bibliography incorporates practical tools such as library

location symbols a subject indexing system for articles within books and an appendix that cross references plays with their respective anthologies Manuscripts are cataloged wherever possible and periodical articles are represented using standard or custom symbols for efficient reference Appendices also provide information on library holdings of serial publications and trace plays across various collections This detailed organization ensures that the bibliography serves as both a foundational resource for beginners and an advanced tool for seasoned scholars encouraging deeper exploration and new contributions to the study of medieval drama This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1954      **Compte du Mystère de la Passion** Marcel Couturier,1991      *Vers le bonheur !* René : de Maulde La Clavière,1898
