concept in the Holy Dance means the good way of living or the path of goodness The Holy Dance also called the Medicine Dance is a Dakota ceremony of earlier generations Although it is no longer practiced it too was a central part of the tradition and likely the most important ceremonial organization of the Dakotas While some people believe that the Holy Dance is sacred and that the information regarding its subjects should be allowed to die with the last believers Mniyo believed that these spiritual ceremonies played a key role in maintaining connections with the spirit world and were important aspects of shaping the identity of the Dakota people In *The Red Road and Other Narratives of the Dakota Sioux* Daniel Beveridge brings together Mniyo and Goodvoice's narratives and biographies as well as songs of the Holy Dance and the pictographic notebooks of James Black Jim Sapa to make this volume indispensable for scholars and members of the Dakota community

Shiner, 2019-06-30 Tocqueville opens the *Recollections* his deeply ambivalent memoir of the failed 1848 Revolution in France with an explicit denial of any literary intent or rhetorical appeal Forced by illness into an unaccustomed state of leisure Tocqueville claims to record his experiences solely for his own amusement holding up a secret mirror through which he will be able to contemplate the past truthfully In this innovative study L E Shiner examines the *Recollections* as a test case of the relation between form and content in historical writing Drawing on current literary theory and semiotics Shiner offers a close reading which at once confirms the inevitably literary character of historical writing and demonstrates how rhetorical analysis of Tocqueville's writings deepens our understanding of his political thought Using the methods of reader response and rhetorical criticisms among others Shiner first analyzes the component genres and narrative structures of the *Recollections* the recurring pictorial and thematic codes and the various voices Tocqueville employs He then confronts the issue of the truth of Tocqueville's

treatment of 1848 in part by comparing it with other key texts on these same events Marx's *The Class Struggles in France* and Flaubert's *Sentimental Education* Finally Shiner pursues questions of authorial style tracing the use of some of the rhetorical devices discussed in the *Recollections* through Tocqueville's *Democracy in America* *The Old Regime and the French Revolution* and *A Fortnight in the Wilderness*
