Morrison Erik Hage, 2009-03-20 Van Morrison is primal but sophisticated he s accessible but inscrutable he s a complex songwriter and a raw blues shouter he s a steady influence on the musical scene but wildly unpredictable as well and it s these complex and often conflicting qualities that make him such a compelling subject for the Singer Songwriter series Journalist Erik Hage here eschews a cold empirical study of structures and influence and seeks instead more natural and intuitive means of appreciating all that is unique eclectic and surprising about Van Morrison s impressive output In addition to covering almost all of Van Morrison s musical work and offering new readings of many iconic songs Hage also provides a biographical introduction and a complete discography that can help listeners find new perspective on Morrison s body of work Even in his darkest and most naked moments in Astral Weeks for instance Van Morrison s songs can still suggest something uplifting Sometimes these two poles are present simultaneously and at other times they each find distinct expression in a different musical moment Even on his first solo album Blowin Your Mind which contained the iconic Brown Eyed Girl Van Morrison was wrestling with something thornier and deeper as evidenced by the wrenching T B Sheets a nine minute opus about the discomfort of visiting a lover in a small room as she lies in bed wracked with Tuberculosis Those two songs at artistic odds with each other and on the same album are representative of the oppositional forces that fuel much of his work Hage here provides a guide through all the layers of emotional meaning and musical resonance present in Morrison s work **Feminism and the Classroom Teacher** Amanda Coffey, Sara Delamont, 2002-11-01 How has feminism

influenced contemporary educational practices Is feminism relevant to today s teachers Feminism and the Classroom Teacher undertakes a feminist analysis of the work and everyday realities of the school teacher providing evidence that feminism is still relevant as a way of thinking about the social work and as a lived reality Providing a unique contribution to the literature in the area of gender and education the authors objective is to articulate the educational discourses of gender how gender is constructed performed and sustained through discourse and material practices The overall aim of the book is to ascertain the extent to which women teachers specifically and the feminist project more generally have contributed to theoretical understandings and practical accomplishments of teaching
