Mystical Evolution:

The Mystical Evolution In the Development and Vitality of the Church Rev. Fr. John G. Arintero, O.P., 1978 An easily understood though exhaustive study of the spiritual life that is full of learning and that quotes copiously from the Bible Saints Fathers and Doctors of the Church and classic spiritual writers Embued with holiness the author makes his work come alive with its simplicity and understanding A veritable encyclopedia of what the Saints and other mystical souls have told us Remarkably easy to read and to understand The Mystical Evolution Rev John G Arintero Op, 2016-10-15 Father Arintero attained great renown in his native Spain for his profound learning and his personal sanctity Because of his success as the champion of the true traditional doctrine in mystical theology he is acclaimed the precursor of the current movement toward the realization of mystical ideals To forestall any criticism of Father Arintero s style and method of procedure let it be remembered that he looked upon the sublime truths of the supernatural life as one would gaze upon a precious stone turning it this way and that to catch its full brilliance and luster There may be some persons who will question the wisdom of including excerpts from the writings of modern mystics that as yet are unknown to most readers Many of these souls were under the guidance of Father Arintero and he saw in their experiences the perpetual vitality of the mystical power of the Church He uses them then to show that the heights of the mystical life are by no means a relic of the past but that there are souls even today who have scaled and are scaling the mount of perfection I here express my deep gratitude to the Very Reverend Father Provincial of the Province of Spain who gave permission for this English translation of La Evoluci6n Mistica to the Very Reverend Father Peter O Brien O P Provincial of the Province of St Albert the Great for his kindly interest and unfailing encouragement to Father Vitalis Fueyo O P of Avila Spain for his careful reading and checking of the entire translation and to the Very Reverend Father Sabino Lozano O P of Salamanca Spain for his helpful advice Finally acknowledgment and gratitude must be voiced to the following publishers and individuals for permission to quote from their works Mr Allison Peers London and Sheed and Ward New York and London for quotations from the Complete Works of Saint Teresa Bcnziger Brothers New York and Burns Oates and Washbourne London the English version of the Summa theologica and the Summa contra Gentiles Newman Bookshop Westminster Maryland Lallemand s Spiritual Doctrine Mr Allison Peers Burns Oates and Washbourne Newman Bookshop Complete Works of St John of the Cross Mr Louis Bernicken Mt Vernon Ohio the Ven Mary Agreda s The City of God Rev Father Anselm Townsend O P Oak Park Illinois translator of Gardeil s The Gifts of the Holy Ghost in the Dominican Saints Routledge and Kegan Paul London Poulain s The Graces of Interior Prayer B Herder Book Co St Louis Missouri Tixeront s History of Dogmas and Caussade s Abandonment to Divine Providence The quotations from Froget s The Indwelling of the Holy Spirit are reprinted with permission of the copyright owners the Missionary Society of St Paul the Apostle in the State of New York May this book serve as an impetus to those who are still timid about venturing into the realms of the supernatural life May it clarify the problems and difficulties which beset those

Contemporary alternative spirituality as studied by sociologists is usually seen as a recent phenomenon dating from the 1960s and 1970s However when viewed from a longer term perspective this form of religious expression is actually seen to reintroduce concepts that recur throughout Western cultural history This book argues therefore that spirituality in the 21st Century actually shares many of the same characteristics as Classical Mediaeval Renaissance and Modern spiritualities It is neither entirely new nor is it clearly alternative to more established religions The book is divided into two parts The first sets out the context in which contemporary alternative spirituality has formed charting its development as an academic term and a social phenomenon The second part looks at how these two elements have developed in countries that are historically Catholic focussing on specific examples in contemporary Italy spiritualities based on the sacralisation of nature those concerned with health and wellbeing and those which are fascinated by mystery Catholic majority countries are particularly interesting in this instance as the Catholic Church has a unique cultural hegemony with which to compare alternative spiritual practices It concludes that spirituality if framed in a longer historical perspective is a way of acting and seeing the world which was built and continues to be built upon complex relations with various contradictory sources of authority such as religion magic thinking secularism rationalism various spheres of lay culture This is a bold take on the spirituality milieu and as such will be of great interest to scholars of Religious Studies working on the sociology of religion contemporary spirituality and the rise of the spiritual but not religious Hermeneutical Approaches in Psychology of Religion ,2025-02-10

Contemporary psychology is reviving with new vigor an interest in hermeneutics or the human science of interpretation After a period in which positivistic and statistical approaches have been dominant new methods are being explored Most of these focus on narrative cultural analysis embodiment and interdisciplinarity Because of its specific object of study psychology of religion has never been without an hermeneutical emphasis In this field of psychology scholarship these new directions are especially welcomed as they offer perspectives for research which attempts to interpret religion as a human phenomenon This volume presents hermeneutical psychological studies on religion which rely on both classical and contemporary approaches Dealing with topics like mysticism religious symbols life stories and mental health contributions to the volume draw on a variety of perspectives These range from psychoanalysis narrative psychology and feminism to perspectives drawn deep from the wellspring of interdisciplinary collaboration with anthropology and history Becoming God Elizabeth Clare Prophet,2020-09-29 In this heartfelt and inspiring work renowned author and spiritual teacher Elizabeth Clare Prophet brings alive the insights visions and revelations of the Christian mystics and shows that they are as relevant today as they have ever been Mysticism she explains is not merely a belief or philosophy but an experience that transforms the soul As she
