Mystical Union:

Mystical Union John Crowder, 2010-10-31 *Mystical Union in Judaism, Christianity, and Islam* Moshe Idel, Bernard McGinn, 2016-10-06 Mystics who have spoken of their union with God have come under suspicion in all three major religious traditions sometimes to the point of condemnation and execution in the case of Christianity and Islam Nevertheless in all three religions the tradition of unio mystica is deep and long Many of the spiritual giants of these three faiths have seen the attainment of mystical union as the heart of their beliefs and practices Despite its importance mystical union has rarely been investigated in itself apart from the wider study of mysticism and even more rarely from the aspect of comparative studies especially those based upon broad and expert knowledge of the inner life of the three related monotheistic faiths This text brings together essays that equally explore the broader idea of unio mystica as well as the mystic traditions within each religion **“And They Shall Be One Flesh”: On The Language of Mystical Union in Judaism** Adam Afterman, 2016-08-29 In *And They Shall Be One Flesh* On the Language of Mystical Union in Judaism Adam Afterman offers an extensive study of mystical union and embodiment in Judaism Afterman argues that Philo was the first to articulate the notion of unio mystica in Judaism and is the source of the henosis mysticism in the later Neoplatonic tradition The study provides a detailed analysis of the Jewish medieval trends that developed different forms of mystical union and mystical embodiment through the divine name and spirit The book argues that the development of unitive mysticism in Judaism is the fruit of the creative synthesis of rabbinic Judaism and Hellenistic and Arab philosophy and a natural outcome of the theological articulation of the idea of monotheism itself The Mystical Union with Christ Thomas Watson, 2016-08-05 There is a marital union between Christ and believers The apostle having treated at large of marriage winds up the whole chapter thus This is a great mystery but I speak concerning Christ and the church Eph 5 32 What is closer than union What sweeter There is a twofold union with Christ A NATURAL UNION This all men have Christ having taken their nature on him and not that of the angels Heb 2 16 But if there is no more than this natural union it will give little comfort Thousands are damned though Christ is united to their nature A SACRED UNION By this we are mystically united to Christ The union with Christ is not personal If Christ's essence were transfused into the person of a believer then it would follow that all that a believer does should be meritorious *The Encyclopedia of Christianity* Erwin Fahlbusch, Geoffrey William Bromiley, 1999 The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of Evangelisches Kirchenlexikon Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and armaments while historical content shows the development of biblical and apostolic traditions This comprehensive work

while scholarly is intended for a wide audience and will set the standard for reference works on Christianity Outstanding reference sources 2000 American Libraries May 2000 Comp by the Reference Sources Committee RUSA ALA **Being in Christ** Hans Burger,2009-01-01 Being in Christ is a central theme in the message of the gospel It is central for understanding the relation of Christian believers and the church with Jesus Christ their Lord It determines the identity of a Christian It is helpful for understanding the presence of Christ and his salvation in the present It can be developed as an element of a theological ontology Finally it is a theme with a great integrating power In this book the theme being in Christ is analyzed in different perspectives The attention is focused on the reality of being in Christ its ontological implications First two representatives of the Reformed tradition are investigated the English Puritan John Owen and the Dutch Neo Calvinist Herman Bavinck Second a reconstruction of the Pauline and Johannine perspectives on being in Christ is provided Third the theme is examined in the work of the English ethicist Oliver O Donovan and the German Swiss theologian Ingolf U Dalferth In the final chapter the author gives his own systematic theological proposal of a concept of being in Christ Library of Congress Subject Headings Library of Congress,Library of Congress. contributions here show the scope of non philosophy with essays on gender science religion politics animals and the history of philosophy They are all brought together not in a city of intellectuals bound together by law but within a city of heretics bound together only by their status as stranger This book was originally published as a special issue of Angelaki

Holy Body Brianne Bell Jacobs,2024-10-15 Holy Body Gender and Sexual Difference in Theological Anthropology and Ecclesiology argues that all bodies across sexual difference are procreative The author lays the ground for her argument with chapters that summarize the current debate over the gender binary in theology modern scientific evidence about sexual difference philosophical arguments about gender as a social construction the development of the gender binary in Christian history and the effects of the gender binary today With this foundation laid Brianne Bell Jacobs argues for a theological anthropology in which all bodies by performatively expanding who is loved are generative Then in the context of Roman Catholic ecclesiology Jacobs argues again that all bodies are generative She calls for an ordained priesthood in mutual relationship with the priesthood of the baptized in which both are given meaning beyond the gender binary and in which both are able together to generate the Body of Christ in the church and the Eucharist In response to the harms of patriarchy sexualized racism homophobia and sexual abuse this book presents a Roman Catholic theology that affirms we are each of us and together a life giving and holy body

Dialectics and the Sublime in Underhill's Mysticism Peter Chong-Beng Gan,2015-04-29 This book represents a study of Evelyn Underhill s premier work on mysticism using Hegel s dialectics and Kant s theory of the sublime as interpretive tools It especially focuses on two prominent features of Underhill s text the description of the mystical life as one permeated by an intense love between the mystic and infinite reality and the detailed delineation of stages of mystical development Given these two features the text lends itself to a construction of a valuable discourse predicated on dialecticism sublimity and mysticism The book also articulates a number of insights into the content and nature of the writings of Christian mystics

Science of the Soul in Ibn Sīnā's Pointers and Reminders Michael A. Rapoport,2023-02-13 In Science of the Soul in Ibn S n s Pointers and Reminders Michael A Rapoport provides a philological and interpretive guide for critically reading and

interpreting Ibn Sīnā's Avicenna d. 1037 most challenging and influential text Rapoport argues that chapters VII–X of the *Pointers* present scientific explanations for phenomena related to the human soul from intellection to divination magic and marvels within the framework of Ibn Sīnā's *Metaphysics of the Rational Soul*. This book dispels widespread notions that the *Pointers* represents Ibn Sīnā's mystical or Sufi philosophy and therefore stands apart from the rest of his corpus.
