Mystical Key To The English Language:

A Mystical Key to the English Language Robert M. Hoffstein, 1992-08 Robert Hoffstein explains that words are not arbitrarily chosen but constructed on ageless principles an awareness of which allows us to communicate with more understanding and potency With humor and insight the author analyzes the esoteric meaning of words and letters we use every day relating them to ancient alphabets and symbolic language The Abcedrian System Rev. Gretchen A.L. Schork, OCL:AL, 2019-07-04 For a long time we have been dependent on other cultures to find alphabetic magic for our own lives In this book a system is presented that will accomodate every magical technique used with the other alphabets but using the familiar American alphabet that we all know and use daily This is a complete handbook for the system All the parts are described and illustrated for those who wish to explore this new way of bringing magic into the magical practice While a lot remains to be published in the specifics that are mentioned this book will give you all the tools to work with the system If you prefer to apply your own magical alphabet to the system you can Correspondences are provided in the Appendix But here is a way to work with a language you know with letters you are already acquainted with in a variety of ways that are new

God's Ambiance William John Meegan, 2016-10-03 The MATRIX OF WISDOM is all about God s Ambiance residing in the soul of the individual This volume is about unraveling the deep mysteries of God esoterically codified into the world s sacred scriptures literature artworks monuments and architecture in all times and climes via the ESOTERIC SCIENCE i e the harmonious integration of the Seven Liberal Arts Quadrivium Four Mathematical Sciences and the Trivium Three Grammatical Arts that are the foundations of the ancient Mystery Schools The MATRIX OF WISDOM is a 10 x 10 matrix that is the original source material that wrote the sacred scriptures in all religious cultures around the world From the mystical depths of this 10 x 10 matrix China created the I Ching and the Tao te Ching Buddhism created their Stupas Hinduism and Christianity builds their temples cathedrals and churches numerous cultures around the world built their pyramids based upon it schematics and the Native American Indians knew of it Astrology and the Game of Chess were developed from it and Pythagoras developed his mathematical theorems from it and Freemasonry is founded upon it and the city of Washington DC is built on its esoteric design and this latter is provided for in the United States Constitution Article 1 Section 8 however this matrix is never ever discussed explicitly to the general public Throughout this volume there will be a continuous tsunami of demonstrable evidence directly and indirectly challenging the status quo of academia and the orthodoxy of all religions around the world The WORD OF GOD will be discussed mainly from the perspective of the Judaeo Christian Scriptures the secret teachings of the Roman Catholic Church s literature artwork monuments and architecture and Freemasonry symbolism designed into the landscape of Washington DC The MATRIX OF WISDOM spiritual waters of creation i e sum total or all knowledge is inherent in the psyche of every human being The MATRIX OF WISDOM is a commentary or the MONAD which is the soul s raison d tre i e God Man Christ Tao Krishna Buddha Horus etc When the soul comes into the world it splits

into a two part psyche ego consciousness and the unconscious mind and this knowledge is esoterically codified into the mythoi of the Judaeo Christian Scriptures thus the sacred scriptures of the world are all about explaining to the worthy initiate the dynamics of the soul and its psyche The sacred scriptures are written first and foremost for the Born Again initiate though the average member of the laity has direct access to both its exoteric writings REVEALED and its secret esoteric teachings COVERED The inexplicable WORD OF GOD HIDDEN however cannot be explained to another in the vernacular The initiate can know of the ESOTERIC SCIENCE however that does not avail him or her of the true understanding of the WORD OF GOD Only God can communicate that unfathomable and inexplicable knowledge to the individual The ESOTERIC SCIENCE can somewhat prepare the worthy initiate for the spiritual Initiatic Visionary Experience which is gifted only to those that are worthy and truly DESIRE to know the WORD OF GOD The sacred scriptures around the world are written to explain the spiritual Initiatic Visionary Experience furthermore the sacred scriptures in their indigenous languages are the most scientific instruments on the face of the Earth though modernity will most likely dispute that fact ad nauseam

BERESHITH : THE HUMAN SKULL IS THE HOUSE OF GOD William John Meegan,2024-06-18 Religion Esotericism Psychology The first Hebrew word inscribed into the sacred scriptures is BERESHITH The three middle letters in the Hebrew word BERESHITH spells out the Hebrew letter word RESH that symbolizes HEAD SKULL And the first and last two Hebrew letters in the Hebrew word BERESHITH spells out the Hebrew letter word BETH that symbolizes HOUSE That is why I translated the Hebrew word BERESHITH THE HUMAN SKULL IS THE HOUSE OF GOD It is quite interesting to envisage that the first two Hebrew letters BETH and RESH in the Judaeo Christian Scriptures spells out the first word of Genesis BERESHITH In the Beginning was considered in antiquity and in modern times to be the interpretation of the Hebrew word BERESHITH In this volume I will illustrate that the first letter of the BIBLE BETH though it is not translated as in the Beginning it does mystically symbolize the phrase In the Beginning The first chapter of Genesis is a commentary on the first Hebrew letter BETH and it is also a commentary on the VESICA PISCIS The first Hebrew letter of the Bible BETH is mystically inundated and surrounded by another Hebrew letter called PEI that cannot be seen which is literally invisible for anybody to see PEI has the gematria numerical value of eighty 80 And BETH has the gematria numerical value of forty hundred and twelve 412 The first chapter of Genesis has sixty nine 69 groups of one hundred and forty two 142 Hebrew words held together by eighty 80 hyphens however the number one hundred and forty two 142 is a transposition of the number four hundred and twelve 412 Chapter six 6 will illustrate the sixty nine 69 groups of words colored coded in orange The number sixty nine 69 is a very spiritual number which will be discussed later in this volume Chapter six 6 is written with Hebrew and English words with STRONGS EXHAUSTIVE CONCORDANCE S

numbers placed over the Hebrew and English words **The Sistine Chapel: a Study in Celestial Cartography** William John Meegan, 2012-11-30 GODS MISSIVE TO THE SOUL THE SISTINE CHAPEL A Study in Celestial Cartography is a highly mystical and contemplative inquiry into The Mysteries and Esoteric Teachings of the Catholic Church The Catholic Church's only onus in the world is to re-articulate the sacred scriptures esoterically into as many artistic venues as possible Through a comprehensive comparative analysis of the symbolic and esoteric patterns codified to the Judeo-Christian Scriptures the landscape of Jerusalem Chartres Cathedral stone and glass Dante Alighieris La Divina Commedia pen and ink the Sistine Chapel mosaics paint and wet plaster and Saint Peters Basilica marble the reader can determine for him or herself the efficacy of the esoteric science which hails from the dawn of the time-space continuum as a direct missive from God The author discovered a relatively simple and yet extremely sophisticated mathematical and grammatical system of thought in ancient literature the integration of the Seven Liberal Arts Antiquity developed this esoteric science inherent in the soul psyche to codify the Word of God esoterically into the world's sacred literature Each letter of the world's sacred literature is symbolized and alphanumerically structured which makes the interpretation of each word far more important than the sum of its letters The Holy Writ i.e. the world's religious literature is an encyclopedic library of knowledge relating wholly to the soul psyche There is no purpose for esotericism's existence other than for God to have a one-on-one relationship with the soul psyche Why is the soul psyche seemingly in the world How did the soul psyche come to its present state of existence What can the soul psyche do to extricate itself from its plight when the dynamic forces of the world become too oppressive for it to bear **The Theosophist**, 1925 *Routledge Revivals: Key Figures in Medieval Europe (2006)* Richard Emmerson, 2017-07-05 First published in 2006 Key Figures in Medieval Europe brings together in one volume the most important people who lived in medieval Europe between 500 and 1500 Gathered from the biographical entries from the series Routledge Encyclopedias of the Middle Ages these A-Z biographical entries discuss the lives of over 575 individuals who have had a historical impact in such areas as politics religion and the arts It includes individuals from places such as medieval England France Germany Iberia Italy and Scandinavia as well as those from the Jewish and Islamic worlds In one convenient volume students scholars and interested readers will find the biographies of the people whose actions beliefs creations and writings shaped the Middle Ages one of the most fascinating periods of world history **Garner's Modern English Usage** Bryan Garner, 2016-03-11 With more than a thousand new entries and more than 2 300 word frequency ratios the magisterial fourth edition of this book now renamed Garner's Modern English Usage GMEU reflects usage lexicography at its finest Garner explains the nuances of grammar and vocabulary with thoroughness finesse and wit He discourages whatever is slovenly pretentious or pedantic GMEU is the liveliest and most compulsively readable reference work for writers of our time It delights while providing instruction on skillful persuasive and vivid writing Garner liberates English from two extremes both from the hidebound purists who mistakenly believe that split infinitives and sentence ending

prepositions are malfeasances and from the linguistic relativists who believe that whatever people say or write must necessarily be accepted The judgments here are backed up not just by a lifetime of study but also by an empirical grounding in the largest linguistic corpus ever available In this fourth edition Garner has made extensive use of corpus linguistics to include ratios of standard terms as compared against variants in modern print sources No other resource provides as comprehensive reliable and empirical a guide to current English usage For all concerned with writing and editing GMEU will prove invaluable as a desk reference Garner illustrates with actual examples cited with chapter and verse all the linguistic blunders that modern writers and speakers are prone to whether in word choice syntax phrasing punctuation or pronunciation No matter how knowledgeable you may already be you are sure to learn from every single page of this book

The Immediacy of Mystical Experience in the European Tradition Miklós Vassányi, Enikő Seps, Anikó Daróczi, 2017-01-19 This volume examines mystical experiences as portrayed in various ways by authors such as philosophers mystics psychoanalysts writers and peasant women These mystical authors have throughout the ages attempted to convey the unsayable through writings paintings or oral stories The immediate experience of God is the primary source and ultimate goal of these mystical expressions This experience is essentially ineffable yet all mystical authors either consciously or

unconsciously feel an urge to convey what they have undergone in the moments of rapture At the same time they are in the role of intermediaries the goal of their self expression either written painted or oral is to make others somehow understand or feel what they have experienced and to lead others toward the spiritual goal of human life This volume studies the mystical experiences and the way they have been described or portrayed in West European culture from Antiquity to the present from an interdisciplinary perspective and approaches the concept of immediate experience in various ways **Historical**

Books in Print Len Fulton, 1994 *The Almost Mystic* Steven P. Tungate, 2024-07-31 John Wesley eighteenth century Church of England priest and founder of Methodism was strongly influenced by the works of Roman Catholic mystics early in

his ministry These writings shaped his widely known doctrine of Christian perfection or entire sanctification The mystics inspired Wesley to advocate for a lofty spiritual goal that he believed to be attainable in this life In time however he developed many contentions with extremes as well as some particulars found in the mystical tradition Beginning in 1749 Wesley began to publish his Christian Library a fifty volume compilation of abridged works that he believed to be among the best writings on practical divinity that had been published in English Among this vast collection he incorporated two works originally written in Spanish including a sampling of Letters by Juan de vila and the Spiritual Guide by Miguel de Molinos This book examines Wesley s editing of these works as a way of evaluating Wesley s theology in comparison and contrast with Spanish mysticism In particular this book serves as a comparative study among these authors on matters of theological authority self knowledge and epistemology soteriology spiritual growth suffering and divine withdrawal prayer meditation contemplation and the spiritual goal

The Art of Mystical Narrative Eitan P. Fishbane,2018-11-22 In the study of Judaism the Zohar has captivated the minds of interpreters for over seven centuries and continues to entrance readers in contemporary times Yet despite these centuries of study very little attention has been devoted to the literary dimensions of the text or to formal appreciation of its status as one of the great works of religious literature The Art of Mystical Narrative offers a critical approach to the zoharic story seeking to explore the interplay between fictional discourse and mystical exegesis Eitan Fishbane argues that the narrative must be understood first and foremost as a work of the fictional imagination a representation of a world and reality invented by the thirteenth century authors of the text He claims that the text functions as a kind of dramatic literature one in which the power of revealing mystical secrets is demonstrated and performed for the reading audience The Art of Mystical Narrative offers a fresh interdisciplinary perspective on the Zohar and on the intersections of literary and religious studies

The Johannine Renaissance in Early Modern English Literature and Theology Paul Cefalu,2017-10-27 The Johannine Renaissance in Early Modern English Literature and Theology argues that the Fourth Gospel and First Epistle of Saint John the Evangelist were so influential during the early modern period in England as to share with Pauline theology pride of place as leading apostolic texts on matters Christological sacramental pneumatological and political The book argues further that in several instances Johannine theology is more central than both Pauline theology and the Synoptic theology of Matthew Mark and Luke particularly with regard to early modern polemicizing on the Trinity distinctions between agape and eros and the ideologies of radical dissent especially the seventeenth century antinomian challenge of free grace to traditional Puritan Pietism In particular early

modern religious poetry including works by Robert Southwell George Herbert John Donne Richard Crashaw Thomas Traherne and Anna Trapnel embraces a distinctive form of Johannine devotion that emphasizes the divine rather than human nature of Christ the belief that salvation is achieved more through revelation than objective atonement and expiatory sin a realized eschatology a robust doctrine of assurance and comfort and a stylistic and rhetorical approach to representing these theological features that often emulates John's mode of discipleship misunderstanding and dramatic irony Early modern Johannine devotion assumes that religious lyrics often express a revelatory poetics that aims to clarify typically through the use of dramatic irony some of the deepest mysteries of the Fourth Gospel and First Epistle
