Myth And Southern History:

Myth and Southern History: The Old South Patrick Gerster, Nicholas Cords, 1989 Many historical myths are actually false yet psychologically true The contributors to this volume see myth and reality as complementary elements in the historical record Myth and Southern History is as much a commentary on southern historiography as it is on the viability of myth in the historical process Volume 2 The New South offers new perspectives on the North's role in southern mythology the so called Savage South twentieth century black and white southern women and the changes that distinguish the late twentieth century South from that of the Civil War era Myth and Southern History Patrick Gerster, Nicholas Cords, 1989 Myth and Southern History Patrick Gerster, Nicholas Cords, 1989 Myth and Southern History: The New South Patrick Gerster, Nicholas Cords, 1989 *The Myth of Southern Exceptionalism* Matthew D. Lassiter, Joseph Crespino, 2010 The Myth of Southern Exceptionalism dismantles clichés about regional distinctiveness and rewrites modern American history through a national focus on topics such as the civil rights movement conservative backlash and liberal reform the rise of the Religious Right the emergence of the Sunbelt and the increasing diversity of the suburbs **The Burden of Southern History** C. Vann Woodward, 2008-08-01 C Vann Woodward's The Burden of Southern History remains one of the essential history texts of our time In it Woodward brilliantly addresses the interrelated themes of southern identity southern distinctiveness and the strains of irony that characterize much of the South's historical experience First published in 1960 the book quickly became a touchstone for generations of students This updated third edition contains a chapter Look Away Look Away in which Woodward finds a plethora of additional ironies in the South's experience It also includes previously uncollected appreciations of Robert Penn Warren to whom the book was originally dedicated and William Faulkner This edition also features a new foreword by historian William E Leuchtenburg in which he recounts the events that led up to Woodward's writing The Burden of Southern History and reflects on the book's and Woodward's place in the study of southern history The Burden of Southern History is quintessential Woodward wise witty ruminative daring and as alive in the twenty first century as when it was written Myth, Media, and the Southern Mind Stephen A. History of Southern Women's Literature allows readers both to explore individual authors and to follow the developing arc of various genres across time. Conduct books and slave narratives, Civil War diaries and letters, the antebellum postbellum and modern novel, autobiography and memoirs, poetry, magazine and newspaper writing, these and more receive close attention. Over seventy contributors are represented here and their essays discuss a wealth of women's issues from four centuries: race, urbanization and feminism, the myth of southern womanhood, preset images and assigned social roles from the belle to the mammy and real life behind the facade of meeting others' expectations, poverty and the labor movement, responses to Uncle Tom's Cabin and the influence of *Gone with the Wind*. The history of southern women's literature tells ultimately the story of the search for freedom within an insidious tradition, to quote Ellen Glasgow. This teeming volume validates the deep contributions and pleasures of an impressive body of writing and marks a major achievement in women's and literary studies.

Feminism and American Literary History Nina Baym, 1992. For more than a decade Nina Baym has pioneered in the reexamination of American literature. She has led the way in questioning assumptions about American literary history in critiquing the standard canon of works we read and teach and in rediscovering lost texts by American women writers. *Feminism and American Literary History* collects fourteen of her most important essays published since 1980 which combining feminist perspectives with original archival research significantly revise standard American literary history. In Part I, *Rewriting Old American Literary History*, the focus is on male writers. Essays range from close readings of individual works to ambitious critiques of the main paradigms by which scholars have conventionally linked disparate texts and authors in a narrative of nationalist literary history: the self in the wilderness myth, the romance novel, distinction, the myth of New England origins. Part II, *Writing New American Literary History*, studies examples of women's writing from the Revolution through the Civil War, stressing much overtly public and political writing that has been overlooked even by feminist scholars, noting public and political themes in supposedly domestic works; the essays substantially modify and historicize the paradigm by which premodern American women's writing is currently understood. The contentious and influential essays in Part III, *Two Feminist Polemics*, address feminist literary theory and pedagogy, advocating a pluralist practice as the basis for scholarship criticism and humane feminism. No one interested in American literature or in women's writing can afford to ignore Baym's revisionist work. Humorous and gracefully written, this book is enjoyable and indispensable.

The Myth of the Lost Cause and Civil War History Gary W. Gallagher, Alan T. Nolan, 2000 The myth of the Lost Cause of the Confederate States in the Civil War was and is an elaborate and intentional effort on the part of southerners to rationalise the secession and the war itself Unfortunately for historical truth and the national memory these skilful propagandists beginning with Jubal Early have been so successful that the Lost Cause has assumed a life of its own and continues to misrepresent what really happened distorting the national memory in the process In this book nine historians analyse the Lost Cause describing its content and identifying its falsity The work is thus a major contribution to Civil War historiography *The Myth of Southern History* Francis Garvin Davenport, 1967
