The Myth of Neuropsychiatry Donald Mender, 2014-01-15 **The Myth of Neuropsychiatry** Donald Mender, 2013-11-11 The Transparent Becoming of World Gordon G. Globus, 2009-10-22 The Transparent Becoming of World undertakes a penetrating inquiry into the quotidian world we take for granted and the brain that silently hoists our bubbles of world thrownness After critiquing the traditional views of direct realism indirect realism and idealism the continual becoming of world is explained by a novel integration of process dynamics as formulated by Whitehead Heidegger and Bohm with the burgeoning field of quantum neurophilosophy A rich ontological duality newly opened by quantum brain theory is exploited the between two of dual quantum modes Existence as world thrownness is between two in waking and dreaming alike This highly original interdisciplinary book may be of interest to philosophers psychologists neuroscientists consciousness researchers indeed anyone attracted to the enigma of their own lived existence Series A **Affect Regulation And The Repair Of The Self** Allan N. Schore, 2003-03-25 In 1994 Schore published his groundbreaking book *Affect Regulation and the Origin of the Self* This books builds from this landmark work and develops on his understanding of affect and the implicit self **Affect Regulation and the Repair of the Self (Norton Series on Interpersonal Neurobiology)** Allan N. Schore, 2003-05-17 This volume one of two is the first presentation of Schore s comprehensive theory in book form as it has developed since 1994 In 1994 Allan Schore published his groundbreaking book *Affect Regulation and the Origin of the Self* in which he integrated a large number of experimental and clinical studies from both the psychological and biological disciplines in order to construct an overarching model of social and emotional development Since then he has expanded his regulation theory in more than two dozen articles and essays covering multiple disciplines including neuroscience psychiatry psychoanalysis developmental psychology attachment and trauma *Affect Regulation and the Repair of the Self* contains chapters on neuropsychanalysis and developmentally oriented psychotherapy It is absolutely essential reading for all clinicians researchers and general readers interested in normal and abnormal human development

Affect Dysregulation and Disorders of the Self Allan Schore, 2013-11-15 This volume one of two is the first presentation of Schore s comprehensive theory in book form as it has developed since 1994 In 1994 Allan Schore published his groundbreaking book *Affect Regulation and the Origin of the Self* in which he integrated a large number of experimental and clinical studies from both the psychological and biological disciplines in order to construct an overarching model of social and emotional development Since then he has expanded his regulation theory in more than two dozen articles and essays covering multiple disciplines including neuroscience psychiatry psychoanalysis developmental psychology attachment and trauma *Affect Dysregulation and Disorders of the Self* contains writings on developmental affective neuroscience and developmental neuropsychiatry It is absolutely essential reading for all clinicians researchers and general readers interested in normal and abnormal human development From Philosophy to Psychotherapy Edwin L. Hersch, 2003-01-01 Presenting

a highly innovative exploration of the relationship between philosophical and psychological issues Edwin L Hersch argues that psychological theories and practices inescapably rest upon a series of philosophical positions whether they are acknowledged and reflected upon or not To examine this proposition Hersch develops his Hierarchy of Levels of Theoretical or Philosophical Inquiry Method which involves the systematic consideration of a series of philosophical questions pertaining to the ontological general epistemological field specific epistemological and psychological stances adopted either explicitly or implicitly by any particular psychological theory By using this hierarchical framework the book then attempts to develop a new approach to psychological theory and psychotherapeutic practice based largely on the premises of phenomenological philosophy The scope of the book cuts across a variety of theoretical and professional disciplinary approaches within the broad psychological field in demonstrating the relevance of certain philosophical issues for all of them Clinicians theorists and students in the psychological field are presented with a palatable introduction to the importance and inevitability of dealing with philosophy in pursuing their own work Furthermore his philosophical explications of a variety of psychological theories provides a new tool with which to better understand compare or assess any internal inconsistencies Your Drug May Be Your Problem Peter Breggin, David Cohen, 2007-09-07 When first published in 1999 Your Drug May Be Your Problem was ahead of its time The only book to provide an uncensored description of the dangers involved in taking every kind of psychiatric medication it was also the first and only book to explain how to safely stop taking them In the time elapsed there have been numerous studies suggesting or proving the dangers of some psychiatric medications and even the FDA now acknowledges the problems more studies are under way to determine their long term and withdrawal effects In the meantime this book continues to be ever relevant and helpful Fully updated to include study results and new medications that have come to market Your Drug May Be Your Problem will help countless readers exert control over their own psychiatric treatment The International Handbook of Sociology Stella R Quah, Arnaud Sales, 2000-09-19 The most up to date survey of the range of research in contemporary sociology extremely useful to students teachers and researchers alike Indispensable for collective and personal libraries Immanuel Wallerstein Maison des Sciences de l Homme Paris This unique Handbook provides state of the art reviews of sociology conducted by prominent scholars Drawing on dedicated knowledge and expertise the book constitutes an unrivalled guide to the central theoretical and methodological perspectives in the discipline as a whole The book is organized into six parts o conceptual perspectives o social and cultural differentiation o changing institutions and collective action o demography cities and housing o art and leisure o social problems Each chapter includes a comprehensive review of the literature covering the full range of work from contrasting traditions of thought and approaches No existing work matches this Handbook for scholarly coverage and relevance It is a primary resource for understanding the discipline As such it will appeal to lecturers researchers and advanced graduate and undergraduate students in Sociology
