**Thomas Vaughan and the Rosicrucian Revival in Britain** Thomas Willard, 2022-09-19 The first scholarly book on Thomas Vaughan 1621-1666 draws from recent studies in Western esotericism to place his famously difficult writings in their proper context It shows that they develop themes from a distinctively Rosicrucian synthesis of alchemy magic and Christian cabala Vaughan introduced Rosicrucian documents to English readers and placed them in older philosophical contexts during the breakdown of censorship that followed the English Revolution against the old order in politics and religion Willard's book will appeal to students of early modern ideas about religion science and society as they were seen by an intelligent and eloquent outsider *International Journal of Parapsychology*, 1962

**The Quest for the Phoenix** Hereward Tilton, 2012-10-24 The author presents with this intellectual biography of the Lutheran alchemist Count Michael Maier an academic study of western esotericism in general and to the study of alchemy and rosicrucianism in particular The author charts the development of Maier's Hermetic worldview in the context of his service at the courts of Emperor Rudolf II and Moritz of Hessen Kassel The problem of the nature of early Rosicrucianism is addressed in detail with reference to Maier's role in the promotion of this serious jest in the years immediately prior to the outbreak of the Thirty Years War The work is set in the context of ongoing debates concerning

the nature of early modern alchemy and its role in the history of Western esotericism     Rosicrucian Digest ,2002     The Esoteric Secrets of Surrealism Patrick Lepetit,2014-04-24 A profound understanding of the surrealists connections with alchemists and secret societies and the hermetic aspirations revealed in their works Explains how surrealist paintings and poems employed mythology gnostic principles tarot voodoo alchemy and other hermetic sciences to seek out unexplored regions of the mind and recover lost psychic and magical powers Provides many examples of esoteric influence in surrealism such as how Picasso s Demoiselles d Avignon was originally titled The Bath of the Philosophers Not merely an artistic or literary movement as many believe the surrealists rejected the labels of artist and author bestowed upon them by outsiders accepting instead the titles of magician alchemist or in the case of Leonora Carrington and Remedios Varo witch Their paintings poems and other works were created to seek out unexplored regions of the mind and recover lost psychic and magical powers They used creative expression as the vehicle to attain what Andr Breton called the supreme point the point at which all opposites cease to be perceived as contradictions This supreme point is found at the heart of all esoteric doctrines including the Great Work of alchemy and enables communication with higher states of being Drawing on an extensive range of writings by the surrealists and those in their circle of influence Patrick Lepetit shows how the surrealists employed mythology gnostic principles tarot voodoo and alchemy not simply as reference points but as significant elements of their ongoing investigations into the fundamental nature of consciousness He provides many specific examples of esoteric influence among the surrealists such as how Picasso s famous Demoiselles d Avignon was originally titled The Bath of the Philosophers how painter Victor Brauner drew from his father s spiritualist vocation as well as the Kabbalah and tarot and how doctor and surrealist author Pierre Mabille was a Freemason focused on finding initiatory paths where it is possible to feel a new system connecting man with the universe Lepetit casts new light on the connection between key figures of the movement and the circle of adepts gathered around Fulcanelli He also explores the relationship between surrealists and Freemasonry Martinists and the Elect Cohen as well as the Grail mythos and the Arthurian brotherhood     **Alchemical Mercury** Karen Pinkus,2009-11-09 How can we account in a rigorous way for alchemy s ubiquity We think of alchemy as the transformation of a base material usually lead into gold but alchemy is a word in wide circulation in everyday life often called upon to fulfill a metaphoric duty as the magical transformation of materials Almost every culture and time has had some form of alchemy This book looks at alchemy not at any one particular instance along the historical timeline not as a practice or theory not as a mode of redemption but as a theoretical problem linked to real gold and real production in the world What emerges as the least common denominator or intensive property of alchemy is ambivalence the impossible and paradoxical coexistence of two incompatible elements Alchemical Mercury moves from antiquity through the golden age of alchemy in the Dutch seventeenth century to conceptual art to alternative fuels stopping to think with writers such as Dante Goethe Hoffmann the Grimm Brothers George Eliot and Marx Eclectic and wide ranging this is the first study to consider alchemy in

relation to literary and visual theory in a comprehensive way      **Surrealism, Cinema, and the Search for a New Myth** Kristoffer Noheden, 2017-06-28 This book examines post war surrealist cinema in relation to surrealism's change in direction towards myth and magic following World War II. Intermedial and interdisciplinary, the book unites cinema studies with art history and the study of Western esotericism, closely engaging with a wide range of primary sources including surrealist journals, art exhibitions and writings. Kristoffer Noheden looks to the Danish surrealist artist Wilhelm Freddie's forays into the experimental short film, the French poet Benjamin Péret's contribution to the documentary film *L'Invention du monde*, the Argentinean born filmmaker Nelly Kaplan's feature films and the Czech animator Jan Svankmajer's work in short and feature films. The book traces a continuous engagement with myth and magic throughout these films, uncovering a previously unknown strain of occult imagery in surrealist cinema. It broadens the scope of the study of not only surrealist cinema but of surrealism across the art forms. **Surrealism Cinema and the Search for a New Myth** will appeal to film scholars, art historians and those interested in the impact of occultism on modern culture, film and the arts.      **Revolutionaries of the Soul** Gary Lachman, 2014-09-30 Explorers of occult mysteries and the edges of consciousness change the way we view not only the nature of reality but also our deepest sense of self. Insightful author Gary Lachman presents punchy, enlightening and intriguing biographies of some of the most influential esoteric luminaries in recent history. His 16 subjects include Swedish mystical scientist Emanuel Swedenborg, H. P. Blavatsky, Russian cofounder of the Theosophical Society, Austrian philosopher Rudolf Steiner who inspired the Waldorf School of education, Swiss visionary C. G. Jung, founder of depth psychology, notorious English ceremonial magician Aleister Crowley, Russian esotericist P. D. Ouspensky, explicator of Gurdjieff's early works and British psychic artist Dion Fortune who was influential in the modern revival of magical arts.      **Myth, Magick, and Masonry** Jaime Lamb, 2018-08 In *MYTH MAGICK MASONRY* Jaime Paul Lamb develops four thought provoking interpretations of the symbolism and allegorical content of Freemasonry and some of its appendant bodies. By viewing the craft through the interpretive lenses of ceremonial magick, solar and astrological lore and symbolism, classical mythology and the Roman Mystery cult Mithraism, Lamb establishes four distinct vantage points from which to survey Freemasonry. Thereby, Jaime Paul Lamb enables Masons new and old to develop a more nuanced appreciation of the Craft and a deeper understanding of the Fraternity's priceless initiatory heritage.      **C. S. Lewis on the Final Frontier** Sanford Schwartz, 2009-07-02 Sanford Schwartz offers a penetrating new reading of Lewis's celebrated Space Trilogy. Taken together, Schwartz's readings call into question Lewis's self-styled image as a dinosaur out of step with the main currents of modern thought. Far from a simple struggle between an old-fashioned Christian humanism and a newfangled heresy, Lewis's Space Trilogy should be seen as the searching effort of a modern religious apologist to sustain and enrich the former through critical engagement with the latter.      *A House Divided: Wittelsbach Confessional Court Cultures in the Holy Roman Empire, c. 1550-1650* Andrew L. Thomas, 2010-04-06 This book is the only book-length monograph comparing the impact of

confessional identity on both halves of the Wittelsbach dynasty which provided Bavarian dukes and German emperors as well as its implications for late Renaissance court culture It demonstrates that religious conflict led to the development of distinctly confessional court cultures among the main Wittelsbach courts Likewise it illuminates how these confessional court cultures contributed significantly to the splintering of Renaissance humanism along religious lines in this era Concomitantly it sheds new light on the impact of late medieval dynastic competition on shaping the early modern Wittelsbach courts as well as the important role of Wittelsbach women in the creation and continuation of dynastic piety in their roles as wives mothers and patronesses of the arts
