Mythopoesis Mythic Patterns In The Literary Classics

Clare L. Spark

Mythopoesis Mythic Patterns In The Literary Classics:

Mythopoesis Harry Slochower,1970 **Mythopoesis : Mythic Patterns in the Literary Classics** Harry Slochower,1970 **Between Sacred and Profane** Christine van Boheemen-Saaf,2021-11-08 **The Golden Horns** John L. Greenway,2008-06-01 As an introduction to modern myth The Golden Horns masterfully encompasses a wide circle of historical and literary materials John Greenway first establishes the theoretical base of his discussion by examining the nature of time in Norse mythic consciousness After suggesting several ways in which the mythic apprehension of reality conditioned medieval Icelandic narrative he then elaborates on the dialectical relationship between myth and reason Maintaining that myth is neither true nor false but always either expressive or not the author then traces the origin rise and fall of two great modern myths of northern birth seventeenth century Swedish Gothicism and the Ossianic craze of the eighteenth century both of which illustrate the singular tension in the modern mind between mythic imperatives and the impulse to de mythologize Finally The Golden Horns traces the romantic belief in a new mythology which synthesizes myth and reason from its early acceptance through its eventual repudiation In his conclusions about the state of myth in the modern world Greenway postulates that we have inherited the romantic respect for myth as truth but lack the romantic faith in transcendence necessary to establish myth's reality Consequently we express our mythic consciousness of who we are in quasi scientific language consciously manipulating mythic symbols for social control **Myth and Ideology in Contemporary Brazilian Fiction** Daphne Patai,1983 Analyzing the thematic and formal characteristics of six contemporary Brazilian novels this study explores the use of myth and its ideological implications The writers examined are Maria Alice Barroso Clarice Lispector Jorge Amado Carlos Heitor Cony Adonias Filho and Autran Dourado *Our Daily Breach* Dennis Patrick Slaterry,2015-09-15 *Our Daily Breach* Exploring Your Personal Myth Through Herman Melville's Moby Dick offers both a way of understanding what has generally been called the greatest novel of the American myth while simultaneously exploring one's own personal myth Its added feature is that it is an interactive book in allowing readers to meditate on one question per page for each day of the year and to uncover many facets of one's personal myth through cursive writing It has been long understood that classics of literature are their own form of therapy in that they frequently tap into some of the most shared concerns of being human This book makes such a connection between our interior life and the plot of the story through the power of mythopoesis namely the imaginative act of giving a formative shape to the myth we are each living in and out through the power of analogy correspondence or accord with the classic poem Using Melville's epic of America the reader may enter the deepest seas of his/her own mythic waters to realize and give language to the myth that resides in our daily plot line **Myth in the Modern Novel** Liisa Steinby,2023-03-20 *Myth in the Modern Novel* Imagining the Absolute posits a twofold thesis First although Modernity is regarded as an era dominated by science and rational thought it has in fact not relinquished the hold of myth a more primitive form of thought which is difficult to reconcile with modern rationality

Second some of the most important statements as to the reconcilability of myth and Modernity are found in the work of certain prominent novelists This book offers a close examination of the work of eleven writers from the late eighteenth century to the beginning of the twenty first representing German French American Czech and Swedish literature The analyses of individual novels reveal a variety of intriguing views of myth in Modernity and offer an insight into the modernizing transformations myth has undergone when applied in the modern novel The study shows the presence of the subconscious the mythic layer in modern western culture and how this has been dealt with in novelistic literature

War and Sex John V. H. Dippel, 2011-09-27 Dippel reviews social circumstances leading up to conflicts from the American Civil War through the Vietnam War and the current clash with Islamic fundamentalists and explores how tensions over gender roles affect men's willingness to go to war

Mythmaking across Boundaries Züleyha Çetiner-Öktem, 2016-04-26 This volume explores the dynamics of myths throughout time and space along with the mythmaking processes in various cultures literatures and languages in a wide range of fields ranging from cultural studies to the history of art The papers brought together here are motivated by two basic questions How are myths made in diverse cultures and literatures And do all different cultures have different myths to be told in their artistic pursuits To examine these questions the book offers a wide array of articles by contributors from various cultures which focus on theory history space place philosophy literature language gender and storytelling Mythmaking across Boundaries not only brings together classical myths but also contemporary constructions and reconstructions through different cultural perspectives by transcending boundaries Using a wide spectrum of perspectives this volume instead of emphasising the different modes of the mythmaking process connects numerous perceptions of mythmaking and investigates diversities among cultures languages and literatures viewing them as a unified whole As the essays reflect on both academic and popular texts the book will be useful to scholars and students as well as the general reader

Psychotherapy's Pilgrim Poet Betsy Hall, 2020-07-11 Psychotherapy's Pilgrim Poet The Story Within imaginatively describes the interior experience of the therapeutic client by utilizing the images of epic literature as an interpretive lens for the psychotherapeutic process Through the characters plot and psychological landscape of The Epic of Gilgamesh Homer's Odyssey Herman Melville's Moby Dick and Toni Morrison's Beloved we look anew at the client's motivation to journey their courage affects memories and wounds the therapeutic bond the encounter with the unconscious and the act of story telling The author demonstrates that depth psychological work is a soulful pilgrimage characterized by a spiritual and heroic descent to the deep psyche in pursuit of wholeness and the authentic self Although this book is theoretically informed it is not intended to provide clinical explanations rather it aspires to describe the psychotherapeutic experience from an inside point of view from the inner life of the client The primary aim is to renew and deepen an understanding of the client's profoundly difficult and courageous psychological endeavor in depth psychotherapy This book is a culmination of the author's experiences as researcher teacher therapist enthused reader of epic and most importantly as

client It weaves together the author's personal stories with client vignettes epic literature depth psychology mythological studies and literary criticism Myth and Method Laurie L. Patton, Wendy Doniger, 1996 In confronting these tension they provide an outline of the most troubling questions in the field and offer a variety of responses to them *Places Made After Their Stories* Paul Carter, 2015 Places Made After Their Stories shows how the emotional geographies we carry inside us and the ecstatic desire at the heart of democratic community making can come together to inform contemporary landscape and urban design Using Australian case studies of public space design from Alice Springs to Perth and Melbourne Paul Carter describes a new approach to place making in which topography and choreography fuse He counters the symbolic neglect of functionalist design with a brilliant account of poetic and graphic techniques developed to materialize ambience Carter describes a practice of sense making and form making that embodies fundamental gestures of welcome arrangement and exchange in the built setting *Drifting - Architecture and Migrancy* Stephen Cairns, 2003-11-27 This book is an exploration of the often complex and unorthodox modes of dwelling that are emerging precisely from within the ruins of the idea of place

Oz in Perspective Richard Tuerk, 2015-03-26 When moviegoers accompany Dorothy through the gates of the Emerald City they may think they have discovered all there is to see of Oz but as real friends of the Wizard know more lies behind the curtain The Wonderful Wizard of Oz on which the 1939 film was based was only the first of 14 Oz books Together these works constitute a series rich in allusions to a broad range of literary traditions including fairy tale myth epic the picaresque novel and visions of utopia Reflecting on L Frank Baum's entire series of full length Oz books this study introduces readers to the great folklorist who created not only Dorothy and friends but countless wonderful characters who still await discovery Close analysis of each book invites readers to search Baum's fascinating stories for meaning and mythical quality Progressing chronologically through the canon the author discusses literary devices and important thematic implications in each book arguing that Baum wrote for the pleasure of both children and adults both to provide entertainment and to teach moral lessons Of particular significance is the argument sustained over several chapters that Baum modeled his Oz books on classic mythical patterns rewriting Oz history in nearly every book to produce a different set of backgrounds and a different conception of utopia for his imaginary kingdom This variety of backgrounds and archetypes gives Baum's books a truly universal appeal Examinations of his non Oz books and his other Oz works such as Little Wizard Stories of Oz and The Woggle Bug Book illuminate the discussion of the Oz novels **Mutative Metaphors in Psychotherapy** Murray Cox, Alice Theilgaard, 1997 The authors look at how literary material can be incorporated into therapy and show that the value of associativeness as a complex cognitive function is not merely decorative **Telling the Little Secrets** Janet Handler Burstein, 2006-03-01 Janet Burstein argues that American Jewish writers since the 1980s have created a significant literature by wrestling with the troubled legacy of trauma loss and exile Their ranks include Cynthia Ozick Todd Gitlin Art Spiegelman Pearl Abraham Aryeh Lev Stollman Jonathan Rosen and Gerda Lerner Whether confronting the massive losses of the

Holocaust the sense of home in exile or the continuing power of Jewish memory these Jewish writers search for understanding within the little secrets of their dark complicated and richly furnished past **Hunting Captain Ahab** Clare L. Spark, 2006 This highly acclaimed and provocative interdisciplinary study of the development of institutional censorship explores the complexities of 20th century American cultural politics through the protagonists of the Melville Revival Spark addresses the distinction between the radical and conservative Enlightenment and makes her way through Melville's often confusing and contradictory texts examining the disputes within Melville scholarship *Cosmopolitanism in the Fictive Imagination of W. E. B. Du Bois* Samuel O. Doku, 2015-12-03 This book traces W. E. B. Du Bois's fictionalization of history in his five major works of fiction and in his debut short story *The Souls of Black Folk* through a thematic framework of cosmopolitanism In texts like *The Negro and Black Folk Then and Now* Du Bois argues that the human race originated from a single source a claim authenticated by anthropologists and the Human Genome Project This book breaks new ground by demonstrating the fashion in which the variants of cosmopolitanism become a profound theme in Du Bois's contribution to fiction In general cosmopolitanism claims that people belong to a single community informed by common moral values function through a shared economic nomenclature and are part of political systems grounded in mutual respect This book addresses Du Bois's works as important additions to the academy and makes a significant contribution to literature by first demonstrating the way in which fiction could be utilized in discussing historical accounts in order to reach a global audience *The Coming of John* *The Quest of the Silver Fleece* *Dark Princess* *A Romance* and *The Black Flame* an important trilogy published sequentially as *The Ordeal of Mansart* *Mansart Builds a School* and *Worlds of Color* are grounded in historical occurrences and administer as social histories providing commentary on Reconstruction Jim Crow segregation African American leadership school desegregation the Pan African movement imperialism and colonialism in Africa Asia and the Caribbean *Irish Children's Literature and the Poetics of Memory* Rebecca Long, 2021-03-25 Focusing on the mythological narratives that influence Irish children's literature this book examines the connections between landscape time and identity positing that myth and the language of myth offer authors and readers the opportunity to engage with Ireland's culture and heritage It explores the recurring patterns of Irish mythological narratives that influence literature produced for children in Ireland between the nineteenth and the twenty first centuries A selection of children's books published between 1892 when there was an escalation of the cultural pursuit of Irish independence and 2016 which marked the centenary of the Easter 1916 rebellion against English rule are discussed with the aim of demonstrating the development of a pattern of retrieving re-telling remembering and re-imagining myths in Irish children's literature In doing so it examines the reciprocity that exists between imagination memory and childhood experiences in this body of work **Dostoevsky's The Brothers Karamazov** Julian W Connolly, 2013-02-14 Fyodor Dostoevsky's *The Brothers Karamazov* is unquestionably one of the greatest works of world literature With its dramatic portrayal of a Russian family in crisis and its intense investigation into the essential

questions of human existence the novel has had a major impact on writers and thinkers across a broad range of disciplines from psychology to religious and political philosophy This proposed reader s guide has two major goals to help the reader understand the place of Dostoevsky s novel in Russian and world literature and to illuminate the writer s compelling and complex artistic vision The plot of the novel centers on the murder of the patriarch of the Karamazov family and the subsequent attempt to discover which of the brothers bears responsibility for the murder but Dostoevsky s ultimate interests are far more thought provoking Haunted by the question of God s existence Dostoevsky uses the character of Ivan Karamazov to ask what kind of God would create a world in which innocent children have to suffer and he hoped that his entire novel would provide the answer The design of Dostoevsky s work in which one character poses questions that other characters must try to answer provides a stimulating basis for reader engagement Having taught university courses on Dostoevsky s work for over twenty years Julian W Connolly draws upon modern and traditional approaches to the novel to produce a reader s guide that stimulate the reader s interest and provides a springboard for further reflection and study

Immerse yourself in the artistry of words with is expressive creation, Immerse Yourself in **Mythopoesis Mythic Patterns In The Literary Classics** . This ebook, presented in a PDF format (PDF Size: *), is a masterpiece that goes beyond conventional storytelling. Indulge your senses in prose, poetry, and knowledge.
