Strategies of Multinational corporations in the emerging markets

China and India Andreas van de Kuil, 2008-10-29 Inhaltsangabe Abstract In recent years China and India have become two of the most important markets in terms of sales low cost manufacturing and R D operations The future progress will increase the competitive advantage for both countries and attract MNC's from all over the world to invest Nevertheless success is not guaranteed even with the large business opportunities that China and India provide A MNC has to be aware of various challenges that both countries pose such as government interventions underdeveloped infrastructures or copyright violations Hence MNC's need efficient strategies in order to compete and improve their position in these markets Particularly the implementation of an efficient innovation and knowledge strategy has become a crucial aspect Effectiveness in local product adjustments globalizing R D tailoring talent management mastering the complexity of global value chains and managing risks

are success factors that have to be considered This however is not an easy task Multiple failures of MNC s in China and India demonstrate that it is important to adapt a company s strategy to the local customer needs and to obtain a competitive advantage in the field of innovation The purpose of this master thesis is to discuss all these aspects and present crucial factors for the implementation of an efficient strategy for the two markets China and India with a focus on innovation and knowledge Obviously there are limits to the scope of this dissertation Some aspects as for example the cultural background of both countries governmental restrictions the role of outsourcing or the availability of financial resources have either not been considered or are only discussed briefly Moreover this dissertation will only provide a general overview as the business environment of MNC s in each market will differ

Introduction In the last 10 to 20 years the term emerging market has become very important in the international business context because countries such as China or India grew heavily and created new enormous market segments Companies from all over the world are seeking to do business in economically developing countries because of their great potential Gross domestic product GDP per capita figures exceeding 10 per cent a year a business environment of over five billion people approximately 80 per cent of the global population a growing domestic customer group of wealthy people excellently educated

Climate Governance in China Lina Li, Maia Haru Hall, 2023-05-03 This book explores how and why innovative climate policies spread across subnational regions and between governance levels in China Despite the significance of emerging economies in a pathway to a zero carbon future research to date on China s transformation governance remains limited Drawing on a theoretical framework for policy diffusion and based on extensive data from expert interviews with Chinese decisionmakers and policy practitioners Lina Li and Maia Haru Hall focus on the policy of emissions trading systems ETS and two key case studies Shanghai and Hubei The authors examine the role of the national government and how much freedom the subnational regions have in developing ETS policy as well as pinpointing key actors and the role of policy and knowledge diffusion mechanisms Overall this book sheds light on the competition between China and the West in the transition to climate friendly societies and economies highlighting opportunities for cooperation between them This book will be of great interest to students and scholars of environmental politics and policy climate change urban studies and Chinese studies more broadly

China's Evolving Approach to Peacekeeping Marc Lanteigne, Miwa Hirono, 2013-09-13 China has become an enthusiastic supporter of and contributor to UN peacekeeping Is China s participation in peacekeeping likely to strengthen the current international peacekeeping regime by China s adopting of the international norms of peacekeeping Or on the

contrary is it likely to alter the peacekeeping norms in a way that aligns with its own worldview And as China s international confidence grows will it begin to consider peacekeeping a smaller and lesser part of its international security activity and thus not care so much about it This book aims to address these questions by examining how the PRC has developed its peacekeeping policy and practices in relation to its international status It does so by bringing in both historical and conceptual analyses and specific case oriented discussions of China s peacekeeping over the past twenty years The book identifies the various challenges that China has faced at political conceptual and operational levels and the ways in which the country has dealt with those challenges and considers the implication of such challenges with regards to the future of international peacekeeping This book was originally published as a special issue of International Peacekeeping Locating BRICS in the Global Order Rajan Kumar,Meeta Keswani Mehra,G. Venkat Raman,Meenakshi Sundriyal,2022-10-14 BRICS is conceivably the most formidable organisation to have emerged in the post Cold War period in the non Western world This book highlights the significance of BRICS in a wider global context and foregrounds the long pending demand for the reform of global governance institutions The volume Traces how the organisation came into being and looks at the distinct norms and principles espoused by it Discusses the glaring limitations of the existing institutions of global governance Explores the economic growth and the rising political influence of BRICS states Analyses the internal threats to the survival of the organisation and assesses its prospects in the foreseeable future A significant intervention in situating BRICS as one of the major players in global governance the book will be of great interest to students and scholars of international political economy international business and finance international relations politics and Global South Studies The China Management Handbook F. Sieren,E. Boos,2016-01-08 With China s accession to the WTO in Spring 2002 it is essential that Western investors and business people get an effective tool kit which enables them to succeed in the highly competitive Chinese market and to deal with the issues and changes that the WTO will bring As a guide for western investors this book gives the answer to the 100 most crucial questions on operating or restructuring business in China The question and answer format allows the reader to rapidly select information for a specific situation China's Diplomacy: Theory And Practice Jiemian Yang,2013-12-24 This book offers a comprehensive review of the Communist Party of China s approach to diplomacy through an extensive evaluation of the major practices and theories behind the Party s diplomacy with its main achievements in its 90 years of diplomacy highlighted It delves into the views held by the Communist Party of China on the changing times the international system national interests and developments in China s diplomacy Other topics covered at length include China s traditional and non traditional diplomatic practices as well as basic characteristics of the Party s diplomacy Few books have touched on the Communist Party of China s diplomatic history in detail China s Diplomacy Theory and Practice fills the gap by shedding insights on the Communist Party of China s global strategies and diplomatic planning contributing to the building an international relations theory with Chinese characteristics Readers will gain a deeper understanding of
