SOROKIN, 1963 *Man and Society in Calamity* Pitirim A. Sorokin, Irving Louis Horowitz, 2017-07-12 This is an age of great calamities War and revolution famine and pestilence are again rampant on this planet and they still exact their deadly toll from suffering humanity Calamities influence every moment of our existence our mentality and behavior our social life and cultural processes Like a demon they cast their shadow upon every thought we think and every action we perform In this classic volume Sorokin attempts to account for the effects these calamities exert on the mental processes behavior social organization and cultural life of the population involved In what way do famine and pestilence war and revolution tend to modify our mind and conduct our social organization and cultural life To what extent do they succeed in this and when and why do they prove less effective What are the causes of these calamities and what are the ways out In dealing with these problems Sorokin tries to give a detailed description of the typical effects of famine and pestilence war and revolution such as have repeatedly occurred in all major catastrophes of this kind To use academic language he attempts to formulate the principal uniformities regularly manifested during such calamities This book is a forgotten masterpiece of explanation and prediction It opened new fields of study and broadened the scope of existing specialties **Sorokin and Sociology** Pitirim Aleksandrovich Sorokin, 1972 Festschrift honoring Pitirim Aleksandrovich Sorokin 1889 Russian sociologist [Pitirim A. Sorokin](#) Barry V. Johnston, 1995 Pitirim A Sorokin 1889 1968 was one of the most original important and controversial figures in American sociology His spectacular rise from a peasant childhood in Czarist Russia to the Olympian heights of Harvard University provides an unlikely and fascinating lens for examining the history of an entire discipline And as Barry Johnston shows his equally dramatic fall from favor and unexpected resurrection illuminate both Sorokin's life and the tempestuous world of academic politics An outspoken revolutionary and secretary to Alexander Kerensky Sorokin was imprisoned and ordered executed by Lenin then reprieved and exiled During the 1920s he flourished as a teacher and scholar at the University of Minnesota where he published several pioneering books on the Russian Revolution social mobility sociological theory and rural sociology Harvard president A Lawrence Lowell was so impressed that he recruited Sorokin to chair the university's first department of sociology From 1930 to 1944 the department prospered under Sorokin's leadership attracting an entire generation of young scholars who in their own right would have a profound impact on the discipline In this period Sorokin published several volumes of his magnum opus *Social and Cultural Dynamics* and became embroiled in a bitter battle with rival Talcott Parsons for control of the department Parsons ultimately deposed Sorokin and transformed sociology into the Department of Social Relations Sorokin nevertheless stayed on at Harvard where he established the Center for Creative

Altruism but otherwise continued to work in relative obscurity Finally in 1963 after years in eclipse Sorokin was recognized for his accomplishments when he was elected president of the American Sociological Association During a long and distinguished career Sorokin amassed an amazingly diverse and substantial body of work much of which set the standard for the field At the same time he broke with the conventions of sociology frequently ridiculing and taunting his less adventurous colleagues For his heresy the flamboyant Sorokin was condemned and driven to the periphery of a profession anxious for legitimacy as a science As a result Sorokin's ideas have been consistently ignored and misunderstood for more than a quarter century Based on exhaustive research in Sorokin's papers and the Harvard archives as well as interviews with Sorokin's surviving family members former students and colleagues this biography restores Sorokin to his rightful place in the pantheon of American intellectuals *My Life with Pitirim Sorokin* Elena Sorokin, Pitirim Aleksandrovich Sorokin, 1975

Pitirim A. Sorokin in Review Philip J. Allen, 1963 [Pitirim A. Sorokin: Rediscovering a Master of Sociology](#) Emiliana Mangone, 2023-09-12 Pitirim A Sorokin is a controversial figure in the history of sociology of which he remains one of the masters Those who read Sorokin today must however frame the historical reality experienced by the scholar his Russian and American experiences because the evolution of his thought had several phases that correspond to his personal family and professional lives he founded and directed the Department of Sociology at Harvard University for many years This Russian American sociologist argued that socio cultural phenomena must be studied following their dynamism in space and time since the constituent elements personality society and culture are constantly changing and cannot be studied separately Reviving his thought is not a form of celebration but a moment to reflect on how some sociology classics still have their relevance and how all too often they are forgotten This is why this book takes up his main conceptualizations by anchoring them to contemporary society whose transformations are often difficult to read and above all to highlight how the role of sociology as a science has in part lost sight of its ontological foundation as a service to humanity or public service The theoretical paths taken by Sorokin range from Social and Cultural Dynamics to Social Mobility and to many other topics such as man and society in calamities or love and altruism one of Sorokin's latest topics All these topics can revive the idea of a sociology that holds together the micro meso and macro dimensions and allows us to predict changes in society **Return of Pitirim Sorokin** Sergei Aleksandrovich Kravchenko, Nikita Evgen'evich Pokrovskii, 2001 *Sociological Theories of Pitirim A. Sorokin* Carle Clark Zimmerman, 1974 **The system of Sociologie by Pitirim Sorokin ...** - @. Pitirim Aleksandrovič Sorokin, 1920 *Ways & Power Of Love* Pitirim A. Sorokin, 2002-03-04 The Ways and Power of Love was originally published in 1954 when Pitirim Sorokin was in the twilight of his career and leading the Harvard Research Center in Creative Altruism His elaborate scientific analysis of love with regard to its higher and lower forms its causes and effects its human and cosmic significance and its core features constitutes the first study on this topic in world literature to date Sorokin was the one absolutely essential twentieth century pioneer in the study of love at the interface of science and

religion Bringing The Ways and Power of Love back into print allows a new generation of readers to appreciate Sorokin's genius and to move forward with his endeavor at a time when civilization itself continues to be threatened by a marked inability to live up to the ideal of love for all humankind It is certainly right to hope with Sorokin that progress in knowledge about love can move humanity forward to a better future Turning the sciences toward the study of love is no easy task but it can and must be done

Integralism, Altruism and Reconstruction Elvira del Pozo Aviñó, 2011-11-28 Integralism Altruism and Reconstruction Essays in Honor of Pitirim A Sorokin presenta el sociòleg de nacionalitat russa Pitirim A Sorokin 1889-1968 des de la perspectiva del pensament sociològic contemporani Els nou autors que participen en aquest llibre originaris de diverses universitats nord americanes i espanyoles reflexionen sobre els períodes brillants i obscurs de la trajectòria acadèmica de Sorokin Després d'haver experimentat una vida política molt activa a Rússia Sorokin emigrà als Estats Units durant els anys 30 on esdevingué una figura acadèmica de gran prestigi Arribà a ser director del departament de sociologia de la Universitat de Harvard de 1930 a 1944 fundà el Harvard Research Center in Creative Altruism el 1949 i fou nomenat com a president de la American Sociological Association el 1964 Ara bé malgrat la seua distingida i prolífica carrera acadèmica moltes de les seues obres han estat ignorades en gran manera per la sociologia convencional Aquest llibre descriu les raons per les quals el destí de Sorokin prengué una direcció tan desafortunada i posa en relleu l'existència avui mateix d'un creixent grup d'acadèmics interessats a revitalitzar aquest important teòric i autor
