Pius XII Papal Guilt And Hitlers Reich Pius XII And The Catholic Church:

Hitler's Pope John Cornwell, 2000-10-01 The explosive The New York Times bestseller that redefined the history of the twentieth century The Washington Post This shocking book was the first account to tell the whole truth about Pope Pius XII's actions during World War II and it remains the definitive account of that era It sparked a firestorm of controversy both inside and outside the Catholic Church Award winning journalist John Cornwell has also included in this seminal work of history an introduction that both answers his critics and reaffirms his overall thesis that Pius XII fatally weakened the Catholic Church with his endorsement of Hitler and sealed the fate of the Jews in Europe *Hitler, the War, and the Pope, Revised and Expanded* Ronald Rychlak, 2010-05-27 Was Pope Pius XII a Nazi Sympathizer For almost fifty years a controversy has raged about Pope Pius XII Was the Pope who had shepherded the Church through World War II a Nazi sympathizer Was he as some have dared call him Hitler's pope Did he do nothing to help the Jewish people in the grips of the Holocaust In a thoroughly researched and meticulously documented analysis of the historical record Ronald Rychlak has gotten past the anger and emotion and uncovered the truth about Pius XII Not only does he refute the accusations against the Pope but for the first time documents how the slanders against him had their roots in a Soviet Communist campaign to discredit him and by extension the Church Let those who doubt but read Rychlak follow his exquisitely organized courtroom like arguments What Professor Rychlak brings to the forum are facts not rhetoric dates not conjecture evidence not slander The world owes Ronald Rychlak a debt for bringing the truth to light Rabbi Eric A Silver In his well crafted pages the portrait that emerges is one of an extraordinary pastor facing extremely vexing circumstances of a holy man vying against an evil man of a human being trying to save the lives of other human beings of a light shining in the darkness John Cardinal O'Connor 1920-2000 Archbishop of New York from the Foreword to the first edition I have read many books on Pius XII and this is by far the most dispassionate in laying out the context relevant facts accusations and evidence pro and con The book is highly engaging because it is filled with so many little known facts The research has been prodigious Yet the presentation is as down to earth as it would have to be in a courtroom This is a wonderfully realistic book Michael Novak George Frederick Jewett Scholar in Religion Philosophy and Public Policy American Enterprise Institute **Pius XII and the Holocaust** José M Sánchez, 2002 Sanchez provides a full examination of Pius public and private comments on the war and the destruction of the European Jews **The Myth of Hitler's Pope** David G. Dalin, 2012-03-28 Was Pope Pius XII secretly in league with Adolf Hitler No says Rabbi David G Dalin but there was a cleric in league with Hitler the grand mufti of Jerusalem Hajj Amin al-Husseini As Pope Pius XII worked to save Jews from the Nazis the grand mufti became Hitler's staunch ally and a promoter of the Holocaust with a legacy that feeds radical Islam today In this shocking and thoroughly documented book Rabbi Dalin explodes the myth of Hitler's pope and condemns the mythmakers for not only rewriting history but for denying the testimony of Holocaust survivors hijacking the Holocaust for unseemly political ends and ignoring the real threat to the

Jewish people *Pius XII, the Holocaust and the Revisionists* Patrick J. Gallo, 2010-06-28 When Cardinal Eugenio Pacelli became Pope Pius XII in 1939 the Nazis had invaded Austria and Czechoslovakia and were poised to strike Poland Jews and other minorities were already being sent to concentration camps and the world was on the verge of another horrific war The prevailing historical interpretation of the era was that Pius XII had a stated anti Nazi and anti Fascist policy he tried to bring an end to the persecution and gave aid and comfort to those who were persecuted Revisionist views however portray Pius XII as a silent passive individual who ignored the treatment of Jews Christians and other minorities a man who could have stopped the holocaust and didn't Through a series of articles and essays the editor and eight contributors critique the works of revisionists who allege that Pius XII was sympathetic to the Nazis or unresistant to their atrocities The essays discuss the roots of these views in the relentless Nazi and communist propaganda of the era and the debate's revival after a 1960s stage play portrayed the pope as a leader afraid to speak out By bringing intellectual rigor and responsibility to the issue this work makes a solid contribution to the history of the papacy and to the biography of Pius XII **The Holocaust and Catholic Conscience** Suzanne Brown-Fleming, 1994-02-16 American born Cardinal Aloisius Muench 1889-1962 was a key figure in German and German American Catholic responses to the Holocaust Jews and Judaism between 1946 and 1959 He was arguably the most powerful American Catholic figure and an influential Vatican representative in occupied Germany and in West Germany after the war In this carefully researched book which draws on Muench's collected papers Suzanne Brown Fleming offers the first assessment of Muench's legacy and provides a rare glimpse into his commentary on Nazism the Holocaust and surviving Jews She argues that Muench legitimized the Catholic Church's failure during this period to confront the nature of its own complicity in Nazism's anti Jewish ideology The archival evidence demonstrates that Muench viewed Jews as harmful in a number of very specific ways He regarded German Jews who had immigrated to the United States as aliens he believed Jews to be in control of American policy making in Germany he feared Jews as avengers who wished to harm victimized Germans and he believed Jews to be excessively involved in leftist activities Muench's standing and influence in the United States Germany and the Vatican hierarchies gave sanction to the idea that German Catholics needed no examination of conscience in regard to the Church's actions or inactions during the 1940s and 1950s This fascinating story of Muench's role in German Catholic consideration and ultimate rejection of guilt and responsibility for Nazism in general and the persecution of European Jews in particular will be an important addition to scholarship on the Holocaust and to church history *Inside the Vatican of Pius XII* Harold H. Tittmann, 2004 An invaluable contribution to the history of the Catholic Church during the Second World War this is a richly detailed eyewitness account of the life and politics of the Vatican by an American who worked there from 1940 to 1944 The question of whether Pius XII and the Vatican must bear blame for failing to act decisively in response to Hitler's Final Solution is as hotly debated today as in the years directly following World War II **INSIDE THE VATICAN OF PIUS XII** presents for the first time the observations of an

American diplomat who spent four years inside the Vatican This memoir of Harold H Tittmann Jr describes his encounters with Pius XII and offers details that give a full picture of daily life in the Vatican Writing of his own activities as a diplomat Tittmann chronicles his role in assisting and hiding escaped prisoners of war and his experiences navigating the tensions with the representatives of enemy states with whom he lived side by side Deftly conveying the beauty and solemnity of events that took place in the dramatic settings of St Peter s the Sistine Chapel and the Pope s private chapel Tittmann s work will be valued by historians and students of history for generations to come

The Pius War Joseph Bottum, David G. Dalin, 2010-03-16 In the brutal fight that has raged in recent years over the reputation of Pope Pius XII leader of the Catholic Church during World War II the Holocaust and the early years of the Cold War the task of defending the Pope has fallen primarily to reviewers These reviewers formulated a brilliant response to the attack on Pius but their work was scattered in various newspapers magazines and scholarly journals making it nearly impossible for the average reader to gauge the results In The Pius War Weekly Standard s Joseph Bottum has joined with Rabbi David G Dalin to gather a representative and powerful sample of these reviews deliberately chosen from a wide range of publications Together with a team of professors historians and other experts the reviewers conclusively investigate the claims attacking Pius XII The Pius War and a detailed annotated bibliography that follows will prove to be a definitive tool for scholars and students destined to become a major resource for anyone interested in questions of Catholicism the Holocaust and World War II

The Ethics of Cultural Studies Joanna Zylinka, 2005-05-01 Ethical questions feature prominently on today s cultural and political agendas The Ethics of Cultural Studies presents an ethical manifesto for Cultural Studies an exploration of its current ethical and political concerns and of its future challenges The book is concerned with ethics in the material world and draws on examples as diverse as cloning and genetics asylum and immigration experiments in plastic surgery and in electronic and digital art memories of the Holocaust September 11th and media representations of violence and crime The Ethics of Cultural Studies is a groundbreaking intervention that sets the debate on ethics in cultural study and offers an invaluable source of ideas for students of contemporary culture

Pius XII Gerard Noel, 2009-10-13 A thoughtful and provocative biography of the controversial Pope who led the Catholic Church during World War II There is a claim that Hitler s rise to power was left unchallenged by the inaction of Pope Pius XII In contrast Gerard Noel s Pius XII The Hound of Hitler is a highly original study of the exercise of political and religious power of realpolitik and the extent to which politics is always the art of the possible This book also offers an intimate portrait of a man at the pinnacle of the Catholic church Noel contends that Pius XII was mother fixated and dominated by a German nun Sister Pasqualina who became the real power behind the throne and who was ultimately more liberal and anti Nazi than the Pope himself Indeed he says it was Pasqualina who did most to shelter the Jewish population of Rome As time advanced Pius XII became more and more aloof and rigid in his views By 1950 he promulgated the Doctrine of The Assumption the ultimate expression of autocratic power as infallible Today there is a

movement to canonize Pius XII which is predictably resisted by many influential people and for this reason alone Pius XII continues to command much attention debate and controversy Pius XII The Hound of Hitler is neither a demolition job nor a piece of hagiography as Gerard Noel explores the fatal effect of the Vatican's concord with Hitler and Pius XII's failure to condemn Hitler's attempt to exterminate the Jews

A Corrupt Tree: An Encyclopaedia of Crimes committed by the Church of Rome against Humanity and the Human Spirit A.S.,2014-01-13 A Corrupt Tree is a unique extensively researched four volume expos of the dark side of the Church of Rome It reveals that for nearly two thousand years the Church's fundamental characteristic has been its self serving abuse of religious corporate power A large proportion of this first volume provides a detailed catalogue of the multitude of unholy popes Included are those who were immature capricious corrupt lascivious fanatical senile truly mad megalomaniac tyrannical murderous and wholesale killers It confirms that for many many centuries the popes were corrupt cruel inhumane and despotic In an age of savagery they were the leaders in barbarity in the subsequent age of enlightenment they have persistently resisted the march of progress Additionally the popes were wholesale killers who made the principle of assassination a law of the Christian Church Accordingly the Church has shed more innocent blood than any other institution that has ever existed among mankind Here also are presented the cupidity corruption and sexual misconducts of lesser ecclesiastics including cardinals bishops priests monks and nuns Pope Honorius III for example described his priests as worse than beasts wallowing in their dung The Church's ruthless stranglehold on knowledge and learning is catalogued in detail Mathematics philosophy and science were repressed Selected applied theology ruled the world Everything was explained but nothing was understood The chapters on censorship reveal that even works of considerable literary or philosophical merit did not escape A large number of writings which eventually became classics of European culture were condemned and prohibited The Church also exhibited a vitriolic hatred of those who translated the Bible into the vernacular Many of these men were annihilated Holy books were burned in large numbers particularly the Jewish Talmud It is clearly demonstrated that the Church held back civilisation for over fifteen hundred years Century after century passed away and left the peasantry but little better than the cattle in the fields Finally the unholy behaviours of the numerous popes cardinals and lesser ecclesiastics are shown to establish unequivocally that the Church of Rome is neither holy nor apostolic The ultimate message of these volumes is that to become an exemplary institution and to play a truly humane role in the world's future the Catholic Church must change

The Battle for the Catholic Past in Germany, 1945-1980 Mark Edward Ruff,2017-07-14 Were Pope Pius XII and the Catholic Church in Germany unduly singled out after 1945 for their conduct during the National Socialist era Mark Edward Ruff explores the bitter controversies that broke out in the Federal Republic of Germany from 1945 to 1980 over the Catholic Church's relationship to the Nazis He explores why these cultural wars consumed such energy dominated headlines triggered lawsuits and required the intervention of foreign ministries He argues that the controversies over the church's relationship to National Socialism were

frequently surrogates for conflicts over how the church was to position itself in modern society in politics international relations and the media More often than not these exchanges centered on problems perceived as arising from the postwar political ascendancy of Roman Catholics and the integration of Catholic citizens into the societal mainstream

World Fascism Cyprian Blamires, 2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism's heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale

World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology's lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism's enduring appeal

For Love and Country Patrick J. Gallo, 2003 During World War II resistance movements arose in all countries occupied by fascist and Nazi forces Many people are startled to learn that there was a resistance movement in Italy Most accounts by American scholars concentrate on the resistance in Central and Northern Italy and summarily dismiss the South For Love and Country has as its focus the resistance movement in Lazio and in particular Rome The author Patrick Gallo argues that a well organized and mass based resistance movement developed in Lazio He contends that the Rome based resistance not only undermined German morale but also achieved important strategic objectives This study is based on a series of in depth interviews with the men and women who took part in the resistance in Lazio Gallo analyzes the motivation of those who joined the resistance and their political military and strategic roles in the movement With the drama of war and Nazi occupation as a backdrop the author paints a vivid picture of the life of a partisan
