The 2014 canonization of John Paul II and the quarter century anniversary of the fall of Polish Communism were the main motivations in writing this book which is richly illustrated with nearly 100 pictures and very reasonably priced The book tells the story of how Saint John Paul II politically deployed sacred weapons and profane enemies in his war on communism The effects of his deployment chiefly during his three pilgrimages to communist Poland were to evoke and refashion nationalist and religious cultural memories shaped over centuries and thereby influence the prevailing political culture of opposition In his doing so the Polish Pope inspired the opposition to peacefully and successfully challenge a communist regime that had at its disposal a full panoply of repressive forces      The Oxford Handbook of Christology Francesca Aran Murphy,2015-09-24

The Oxford Handbook of Christology brings together 40 authoritative essays considering the theological study of the nature and role of Jesus Christ This collection offers dynamic perspectives within the study of Christology and provides rigorous discussion of inter confessional theology which would not have been possible even 60 years ago The first of the seven parts considers Jesus Christ in the Bible Rather than focusing solely on the New Testament this section begins with discussion of the modes of God s self communication to us and suggests that Christ s most original incarnation is in the language of the Hebrew Bible The second section considers Patristics Christology These essays explore the formation of the doctrines of the person of Christ and the atonement between the First Council of Nicaea in 325 and the eve of the Second Council of Nicaea The next section looks at Mediaeval theology and tackles the development of the understanding of who Christ was and of his atoning work The section on Reformation and Christology traces the path of the Reformation from Luther to Bultmann The fifth section tackles the new developments in thinking about Christ which have emerged in the modern and the postmodern eras and the sixth section explains how beliefs about Jesus have affected music poetry and the arts The final part concludes by locating Christology within systematic theology asking how it relates to Christian belief as a whole This comprehensive volume provides an invaluable resource and reference for scholars students and general readers interested in the study of Christology      **Our Lady of La Vang** Mary Anh Thi Kim Tran,2024-10-29 As the first full length book of research in English

Our Lady of La Vang History and Theology of a Vietnamese Devotion demonstrates that Our Lady is the ecclesial Mother of the Church in Vietnam and at the same time the ecclesial Mother of the universal Church The title Mother of the Church a

title that only fully came into its own with Vatican II and the subsequent endorsement of the popes especially Pope Francis was inculturated in the uniqueness of Vietnamese Catholic belief and practice from the time of Our Lady's first apparition. What we see in the story and the cult of Our Lady is a piety and theology of Mary as Mother of the Church which as it developed also solidified an identity of Vietnamese Catholics as such. One reason is that just as Our Lady said she would she inspired fortitude and endurance under persecution. The persecution of Christians in Vietnam lasted through nearly the entire nineteenth century in one form or another. As the official theology of Mary Mother of the Church developed more at Vatican II and in its legacy it found a home in the hearts of Vietnamese Catholics where Mary had already been inculturated as ecclesial Mother.
