*Popular Science Monthly*, 1910      *The Theory of Creation* Jim Schibatano, 2001-10-05 Can the Biblical account of creation be reconciled with current scientific beliefs For over a century the Holy Bible's story of creation has come under considerable scrutiny and derision by the scientific community The length

of creation days the Biblical order of creation and man's origin have all been the subjects of heated debates debates that cast further doubts on Biblical accuracy But is such derision warranted The Theory of Creation boldly answers that very question Rather than denounce other theories or repudiate accepted scientific beliefs this is a comprehensive and objective analysis of the first story of the Bible Genesis 1 1 2 4 Each verse is carefully examined for its scientific meaning the original Hebrew text is often referenced popular theories are explored and the purpose and implications of God's actions are addressed Finally the Biblical account of creation is compared to the scientific record In this era of moral relativism when Biblical values are condemned and the sanctity of the Holy Bible is often ridiculed validation of the creation story would be a source of inspiration for believers everywhere In The Theory of Creation Jim Schicatano answers the enduring questions of science and resolves the Biblical Creation debate
