A Knight at the Movies John Aberth, 2012-10-02 Imagining the Middle Ages is an unprecedented examination of the historical content of films depicting the medieval period from the 11th to the 15th centuries Historians increasingly feel the need to weigh in on popular depictions of the past since so much of the public's knowledge of history comes from popular mediums Aberth dissects how each film interpreted the period offering estimations of the historical accuracy of the works and demonstrating how they project their own contemporary era's obsessions and fears onto the past

Which Face of Witch Adriana Madej-Stang, 2015-06-18 For centuries the figure of the witch represented the hostile and feared other on the edge of human society placed in between the world of people and the world of demons Whether she stood for the untamed powers of nature dark powers of knowledge or magic or evil powers derived from the devil she was always identified with fear as a disturbance as a danger to the order of society and to the well being of those who understood themselves as settled within the borders of the patriarchal order and its psychological and sexual corselet In this role the witch appeared in numerous literary works including among others writings by Chaucer Shakespeare and Middleton However since the 1840s the image of the witch has undergone enormous transformations mainly due to the influence of various matriarchate theories and of feminist ideas The witch reclaimed by women for women became an identification figure and representative of their expectations fears hopes and claims This study investigates examples of witches in publications by contemporary British women writers to see how this figure is perceived related to and utilised in their respective texts Iris Murdoch Jeanette Winterson Angela Carter and Fay Weldon among others refer consistently to this witch figure whom they interpret in various creative and surprising ways adopting innovative approaches to this comparably ancient figure

 legend closes with a promise On a distant day when his country calls the king will return His lost realm will be regained and
 his shattered dream of an ideal world will at last be realized This collection of original essays explores the issue of return in
 the modern Arthurian legend With an Introduction by noted scholar Raymond H Thompson and 13 essays by authors from the
 fields of literature art history film history and folklore this collection reveals the flexibility of the legend Just as the modern
 legend takes the form current to its generation the myth of return generates a new legend with each telling As these authors

 thus toward identity between the two periods while Old English authors and artists respond to the threat of the gendered

monstrous form by erasing it Middle English writers allow transgressive and monstrous bodies to transform and therefore integrate into society This metamorphosis enables redemption for some monsters while other monstrous bodies become dangerously flexible and invisible threatening the communities they infiltrate These changing cultural reactions to monstrous bodies demonstrate the precarious relationship between body and identity in medieval literature *Reimagining History in Anglo-Norman Prose Chronicles* John Spence, 2013 The medieval Anglo Norman prose chronicles are fascinating hybrids of history legends and romance Their prime subject is the history of England but they also shed much light on other networks of influence such as those between families and religious houses This book studies the essential characteristics of the genre for the first time situating Anglo Norman prose chronicles within the multilingual cultures of late medieval England It considers the chronicles treatment of the legendary history of Britain legends about English heroes accounts of the Norman Conquest and histories of **Melusine's Footprint**, 2017-11-13 In *Melusine's Footprint* Tracing the Legacy of a Medieval Myth editors Misty Urban Deva Kemmis and Melissa Ridley Elmes offer an invigorating international and interdisciplinary examination of the legendary fairy Melusine Along with fresh insights into the popular French and German traditions these essays investigate Melusine's English Dutch Spanish and Chinese counterparts and explore her roots in philosophy folklore and classical myth Combining approaches from art history history alchemy literature cultural studies and medievalism applying rigorous critical lenses ranging from feminism and comparative literature to film and monster theory this volume brings Melusine scholarship into the twenty first century with twenty lively and evocative essays that reassess this powerful figure's multiple meanings and illuminate her dynamic resonances across cultures and time Contributors are Anna Casas Aguilar Jennifer Alberghini Frederika Bain Anna Lisa Baumeister Albrecht Classen Chera A Cole Tania M Colwell Zo Enstone Stacey L Hahn Deva F Kemmis Ana Pairret Pit P port Simone Pfleger Caroline Prud Homme Melissa Ridley Elmes Renata Schellenberg Misty Urban Angela Jane Weisl Lydia Zeldenrust and Zifeng Zhao *Reading Gender* Felice Lifshitz, 2023-04-25 This collection brings together twelve essays published between 1988 and 2014 two of which are here translated into English from respectively their original French or German All the essays use gender as the main category of analysis whether of late ancient or early medieval texts or of modern medievalist films The historical studies of medieval Europe emphasize the use of manuscript level evidence that is actual sources from the period in question arguably this approach provides a more accurate understanding of the period than does work done on the basis of printed and edited sources Furthermore many of the manuscript based essays specifically exploit liturgical or liturgy adjacent materials this is an area of research and a type of manuscript that has rarely been approached through a gendered lens Meanwhile the cinematic medievalism essays focus on the processes of remediation and adaptation searching specifically for points at which filmmaking teams diverged from their sources as evidence for the main goals of the films while also attending to production contexts and to reception The juxtaposition in a single collection of scholarship on medieval manuscripts and modern movies
