**Sovereignty and Authenticity** Prasenjit Duara,2004-09-01 In this powerful and provocative book Prasenjit Duara uses the case of Manchukuo the Japanese puppet state in northeast China from 1932 1945 to explore how such antinomies as imperialism and nationalism modernity and tradition and governmentality and exploitation interacted in the post World War I period His study of Manchukuo which had a population of 40 million and was three times the area of Japan catalyzes a broader understanding of new global trends that characterized much of the twentieth century Asking why Manchukuo so desperately sought to appear sovereign Duara examines the cultural and political resources it mobilized to make claims of sovereignty He argues that Manchukuo as a transparently constructed nation state offers a unique historical laboratory for examining the utilization and transformation of circulating global forces mediated by the East Asian modern Sovereignty and AUthenticity not only shows how Manchukuo drew technologies of modern nationbuilding from China and Japan but it

provides a window into how some of these techniques and processes were obscured or naturalized in the more successful East Asian nation states With its sweepingly original theoretical and comparative perspectives on nationalism and imperialism this book will be essential reading for all those interested in contemporary history     **King Arthur's Modern Return** Debra N. Mancoff, 2014-04-23 The Arthurian legend closes with a promise On a distant day when his country calls the king will return His lost realm will be regained and his shattered dream of an ideal world will at last be realized This collection of original essays explores the issue of return in the modern Arthurian legend With an Introduction by noted scholar Raymond H Thompson and 13 essays by authors from the fields of literature art history film history and folklore this collection reveals the flexibility of the legend Just as the modern legend takes the form current to its generation the myth of return generates a new legend with each telling As these authors show return can come in the form of a noble king or a Caribbean immigrant with the mystery of an art theft or a dying boy's dream     **The Vampire in Folklore, History, Literature, Film and Television** , 2015-09-18 This comprehensive bibliography covers writings about vampires and related creatures from the 19th century to the present More than 6 000 entries document the vampire's penetration of Western culture from scholarly discourse to popular culture politics and cook books Sections by topic list works covering various aspects including general sources folklore and history vampires in literature music and art metaphorical vampires and the contemporary vampire community Vampires from film and television from Bela Lugosi's Dracula to Buffy the Vampire Slayer True Blood and the Twilight Saga are well represented     **Bourdieu and Postcolonial Studies** Raphael Dalleo, 2016 The collected essays demonstrate the ways postcolonial studies has adapted Bourdieu's sociology of literature to examine the institutions that structure the creation dissemination and reception of world literature the foundational values of postcolonialism as a field and its sometimes ambivalent relationship to the popular and the ways concepts like habitus cultural capital consecration and anamnesis can be deployed in reading postcolonial texts     **Emplotting Virtue** Brian Treanor, 2014-05-19 A rich hermeneutic account of the way virtue is understood and developed Despite its ancient roots virtue ethics has only recently been fully appreciated as a resource for environmental philosophy Other approaches dominated by utilitarian and duty based appeals for sacrifice and restraint have had little success in changing behavior even to the extent that ecological concerns have been embraced Our actions often do not align with our beliefs Fundamental to virtue ethics is an acknowledgment that neither good ethical rules nor good intentions are effective absent the character required to bring them to fulfillment Brian Treanor builds on recent work on virtue ethics in environmental philosophy finding an important grounding in the narrative theory of philosophers like Paul Ricoeur and Richard Kearney Character and ethical formation Treanor argues are intimately tied to our relationship with the narratives through which we view the human place in the natural world By reframing environmental questions in terms of individual social and environmental narratives about flourishing Emplotting Virtue offers a powerful vision of how we might remake our character so as to live
