The Fatimid Caliphate Farhad Daftary, Shainool Jiwa, 2017-10-30 I B Tauris in association with the Institute of Ismaili Studies The Fatimids ruled much of the Mediterranean world for over two centuries From the conquest of Qayrawan in 909 to defeat at the hands of Saladin in 1171 the Fatimid

caliphate governed a vast area stretching at its peak from the Red Sea in the East to the Atlantic Ocean in the West Their leaders the Ismaili Shi'i Imam caliphs were distinctive in largely pursuing a policy of tolerance towards the religious and ethnic communities of their realm and they embraced diverse approaches to the practicalities of administering a vast empire Such methods of negotiating government and diversity created a lasting pluralistic legacy The present volume edited by Farhad Daftary and Shainool Jiwa brings together a series of original contributions from a number of leading authorities in the field Based on analyses of primary sources the chapters shed fresh light on the impact of Fatimid rule The book presents little explored aspects of state society relations such as the Fatimid model of the vizierate Sunni legal responses to Fatimid observance and the role of women in prayer Highlighting the distinctive nature of the Fatimid empire and its legacy this book will be of special interest to researchers in mediaeval Islamic history and thought

The Perils of Joy Samuli Schielke, 2012-12-13 Mulids festivals in honor of Muslim friends of God have been part of Muslim religious and cultural life for close to a thousand years While many Egyptians see mulids as an expression of joy and love for the Prophet Muhammad and his family many others see them as opposed to Islam a sign of a backward mentality a piece of folklore at best What is it about a mulid that makes it a threat to Islam and modernity in the eyes of some and an indication of pious devotion in the eyes of others What makes the celebration of a saint's festival appear in such dramatically different contours The Perils of Joy offers a rich investigation both historical and ethnographic of conflicting and transforming attitudes toward festivals in contemporary Egypt Schielke argues that mulids are characterized by a utopian momentum of the extraordinary that troubles the grand schemes of order and perfection that have become hegemonic in Egypt since the twentieth century Not an opposition between state and civil society nor a division between Islamists and secularists but rather the competition between different perceptions of what makes up a complete life forms the central line of conflict in the contestation of festive culture

Historiography Revisited - Narratological Perspectives Stephan Conermann, 2018-08-13 This volume discusses Mamluk historical texts with an emphasis on literary stylistic analysis basically ignoring issues of factuality versus fictivity None of the authors set out to write fiction nor would their audience have received their accounts as such The events depicted were a matter of historical record but their meaning was geared both to contemporary and to general concerns The fact of telling them is part and parcel of the historian s task the means of telling them has to do with the historian s choice of style and style is all important in conveying meaning Were these accounts not considered true the purpose behind their telling and the meaning they convey would arguably be lost but were they not told in the most effective manner their meaning might not be clearly grasped **Yūsuf ibn Muḥammad Shīrbīnī**, 2016-07-12 Unique in pre twentieth century Arabic literature for taking the countryside as its central theme Y suf al Shirb n s Brains Confounded combines a mordant satire on seventeenth century Egyptian rural society with a hilarious parody of the verse and commentary genre so

beloved by scholars of his day In Volume One al Shirb n describes the three rural types peasant cultivator village man of religion and rural dervish offering numerous anecdotes testifying to the ignorance dirtiness illiteracy lack of proper religious understanding and criminality of each He follows it in Volume Two with a 47 line poem supposedly written by a peasant named Ab Sh d f who charts the rise and fall of his fortunes and bewails above all the lack of access to delicious foods to which his poverty has condemned him Wielding the scholarly tools of elite literature al Shirb n responds to the poem with derision and ridicule dotting his satire of the ignorant rustic with numerous digressions into love food and flatulence Witty bawdy and vicious Brains Confounded belongs to an unrecognized genre from an understudied period in Egypt s Ottoman history and is a work of outstanding importance for the study of pre modern colloquial Egyptian Arabic pitting the coarse rural masses against the refined and urbane in a contest for cultural and religious primacy with a heavy emphasis on the writing of verse as a yardstick of social acceptability A bilingual Arabic English edition Islamic Law in Action Kristen Stilt, 2012-01-12 A dynamic account of the practice of Islamic law this book focuses on the actions of a particular legal official the muhtasib whose vast jurisdiction included all public behavior In the cities of Cairo and neighboring Fustat during the Mamluk period 1250 1517 the men who held the position of muhtasib acted as regulators of markets and public spaces generally They traversed their jurisdictions carrying out the duty to command right and forbid wrong and were as much a part of the legal landscape as the better known figures of judge and mufti Taking directions from the rulers the sultan foremost among them they were also guided by legal doctrine as formulated by the jurists combining these two sources of law in one face of authority The daily workings of the law are illuminated by the reports of the muhtasib in the vivid Mamluk era chronicles which often also captured the responses of the individuals who encountered the official The book is organized around actions taken by the muhtasib in the areas of Muslim devotional and pious practices crimes and offenses the management of Christians and Jews market regulation and consumer protection the specific markets for essential bread currency and taxes and public order The case studies presented show that while legal doctrine was clearly relevant to the muhtasib s actions the policy demands of the sultan were also quite significant and rules from both sources of authority intersected with social political economic and personal factors to create full and vibrant scenarios that reveal the practice of Islamic law **The Politics of National Celebrations in the Arab Middle East** Elie Podeh, 2011-06-30 Why do countries celebrate defining religious moments or significant events in their history and how and why do their leaders select certain events for commemoration and not others This book is the first systematic study of the role of celebrations and public holidays in the Arab Middle East from the fall of the Ottoman Empire to the present By tracing the history of the modern nation state through successive generations the book shows how Arab rulers have used public holidays as a means of establishing their legitimacy and more broadly a sense of national identity Most recently some states have attempted to nationalize religious festivals in the face of the Islamic revival With its many illustrations and copious examples from across

the region the book offers an alternative perspective on the history and politics of the Middle East
