Popular Political Support In Urban China

D. Yang

Popular Political Support In Urban China:

Popular Political Support in Urban China Jie Chen, 2004 On the basis of three carefully drawn surveys of Beijing residents between 1995 and 1999 the author finds that diffuse support for the current political system based on attitudes toward institutions and values remains strong at least among city dwellers though it is gradually declining **Popular Political Support in Urban China** Jie Chen, 2004 On the basis of three carefully drawn surveys of Beijing residents between 1995 and 1999 the author finds that diffuse support for the current political system based on attitudes toward institutions and values remains strong at least among city dwellers though it is gradually declining *Political Culture and Participation in Urban China* Yang Zhong, 2017-10-04 This book discusses one of the most noticeable and significant transformations in China over the past three decades is the rapid and massive urbanization of the country which has brought shifts in political culture of Chinese urbanites This book is a systematic and empirical study of political culture in urban China The book covers various aspects of political culture such as political regime support political interest democratic values political trust and environmental attitudes and sub political culture of Chinese urban Christians This book will be of immense value to urban scholars sinologists and those wishing to get a closer look at the issues that affect the political future of a rising world power

Governing Neighborhoods in Urban China Beibei Tang, 2023-05-15 Governing Neighborhoods in Urban China examines the key mechanisms operating at the grassroots level in China that contribute to urban development and increased public support for the legitimacy and authority of the Chinese state Beibei Tang uncovers new trends and dynamics of urban neighborhood governance since the 2000s to reveal the significant factors that contribute to regime survival Tang introduces the concept of hybrid authoritarianism a governance mechanism an authoritarian state employs to produce governance legitimacy public support and regime sustainability Hybrid authoritarianism is situated in an intermediary governance space between state and society It accommodates both state and non state actors deals with a wide range of governance issues employs flexible governance strategies and in this context ultimately strengthens CCP leadership Tang documents processes of hybrid authoritarianism through her focus on various types of urban neighborhoods including new urban middle class neighborhoods and the increasing urbanization of the countryside Governing Neighborhoods in Urban China provides a conceptual framework that avoids scholarly approaches that tend to reify either one party autocracy or Western centric notions of democracy *Contemporary Chinese Politics* Allen Carlson, Mary E. Gallagher, Kenneth Lieberthal, Melanie Manion, 2010-07-29 Contemporary Chinese Politics Sources Methods and Field Strategies considers how new and diverse sources and methods are changing the study of Chinese politics Contributors spanning three generations in China studies place their distinct qualitative and quantitative methodological approaches in the framework of the discipline and point to challenges or opportunities or both of adapting new sources and methods to the study of contemporary China How can we more effectively use new sources and methods of data collection How can we better integrate the study of Chinese politics

into the discipline of political science to the betterment of both This comprehensive methodological survey will be of immense interest to graduate students heading into the field for the first time and experienced scholars looking to keep abreast of the state of the art in the study of Chinese politics

The Global Recession and China's Political Economy D. Yang, 2012-04-14 In this volume some of the leading scholars on China's development examine China's responses to the global financial crisis and their implications for China's economy society and the international balances of power China's 'Peaceful Rise' in the 21st Century Sujian Guo, 2016-12-05 China's rapid development has attracted worldwide attention in recent years The implications of China's rise from its expanding influence and military muscle to its growing demand for energy supplies are heatedly debated in the international community Jintao's officially proposed concept of peaceful development has become the underlying principle behind Chinese foreign policy under the fourth generation leadership However is peaceful development possible in the broad context of domestic and international development This comprehensive and timely study examines the conditions and challenges of China's peaceful rise and addresses the central question of whether it is possible for China to rise peacefully in the 21st century bearing in mind the implications for China and the rest of the world It is ideal as a supplementary course book in foreign policy Asian politics and development

The Politics of Community Building in Urban China Thomas Heberer, Christian Göbel, 2011-03-29 This book aims to make sense of the recent reform of neighbourhood institutions in urban China It builds on the observation that the late 1990s saw a comeback of the state in urban China after the increased economization of life in the 1980s had initially forced it to withdraw Based on several months of fieldwork in locations ranging from poor and dilapidated neighbourhoods in Shenyang City to middle class gated communities in Shenzhen the authors analyze recent attempts by the central government to enhance stability in China's increasingly volatile cities In particular they argue that the central government has begun to restructure urban neighbourhoods and has encouraged residents to govern themselves by means of democratic procedures Heberer and Göbel also contend that whilst on the one hand the central government has managed to bring the Party state back into urban society especially by tapping into a range of social groups that depend on it it has not however managed to establish a broad base for participation In testing this hypothesis the book examines the rationales strategies and impacts of this comeback by systematically analyzing how the reorganization of neighbourhood committees was actually conducted and find that opportunities for participation were far more limited than initially promised The book will be of interest to students and scholars of Chinese Studies Development Studies Urban Studies and Asian Studies in general

China's Reform in Global Perspective John Wong, Zhiyue Bo, 2010 This book provides a fascinating perspective of the experiences of China's reform in the past three decades by focusing on China's interaction with and learning from the external world in her unprecedented efforts to reform and open up After three introductory chapters on broad scope of reform in the political economic and social realms this book deals with lessons from the Eastern Bloc China's reform in East Asian context and China and the developed

world The book concludes with two chapters looking to the future of China's political and economic development In the existing literature of China's reform experience this book is unique in perspective topic selection and in depth analyses With contributions from a group of prominent scholars in the field of China studies such as John Wong Zheng Yongnian Thomas P Bernstein Dorothy J Solinger and Bo Zhiyue it will be of immense value to anyone who is interested in China *A Middle Class Without Democracy* Jie Chen, 2013-04-25 What kind of role can the middle class play in potential democratization in such an undemocratic late developing country as China To answer this profound political as well as theoretical question Jie Chen explores attitudinal and behavioral orientation of China's new middle class to democracy based on a probability sample survey and in depth interviews of residents in the Chinese cities of Beijing Chengdu and Xi'an *Making Autocracy Work* Rory Truex, 2016-10-27 Can meaningful representation emerge in an authoritarian setting If so how when and why *Making Autocracy Work* identifies the trade offs associated with representation in authoritarian environments and then tests the theory through a detailed inquiry into the dynamics of China's National People's Congress NPC the country's highest formal government institution Rory Truex argues that the Chinese Communist Party CCP is engineering a system of representation within bounds in the NPC encouraging deputies to reflect the needs of their constituents but only for non sensitive issues This allows the regime to address citizen grievances while avoiding incendiary political activism Data on NPC deputy backgrounds and behaviors is used to explore the nature of representation and incentives in this constrained system The book challenges existing conceptions of representation authoritarianism and the future of the Chinese state Consultative institutions like the NPC are key to making autocracy work **When People Want Punishment** Lily L. Tsai, 2021-08-12 Against the backdrop of rising populism around the world and democratic backsliding in countries with robust multiparty elections this book asks why ordinary people favor authoritarian leaders Much of the existing scholarship on illiberal regimes and authoritarian durability focuses on institutional explanations but Tsai argues that to better understand these issues we need to examine public opinion and citizens concerns about retributive justice Government authorities uphold retributive justice and are viewed by citizens as fair and committed to public good when they affirm society's basic values by punishing wrongdoers who act against these values Tsai argues that the production of retributive justice and moral order is a central function of the state and an important component of state building Drawing on rich empirical evidence from in depth fieldwork original surveys and innovative experiments the book provides a new framework for understanding authoritarian resilience and democratic fragility *Middle Class China* David S. G. Goodman, Minglu Chen, 2013-01-01 A general expectation has developed that China's middle class will generate not only social but also political change This expectation often overlooks the reality that there is no single Chinese middle class with a common identity or will to action This timely volume examines the behaviour and identity of the different elements of China's middle class entrepreneurs managers and professionals in order to understand their centrality to the wider processes of social and political change in China The expert

contributors seek to identify the social space occupied by the Chinese middle class rather than identifying social backgrounds and attitudes. In so doing they explore socio-political issues: the development of a consumer society, relationships between gender and class in the workplace, home ownership and the appearance of gated communities and the political interaction between the Party state and the entrepreneurial middle classes and their impact on the new institutional economics. Providing a more nuanced understanding of the structure of the middle class in China and identifying dynamic elements in their behaviour, this unique book will prove a fascinating and thought-provoking read for academics, students and researchers with an interest in Asian studies and public policy.

The Dictator's Dilemma Bruce Dickson, 2016-05-16 Many observers predicted the collapse of the Chinese Communist Party following the Tiananmen Square crackdown in 1989 and again following the serial collapse of communist regimes behind the Iron Curtain. Their prediction, however, never proved true. Despite minor setbacks, China has experienced explosive economic growth and relative political stability ever since 1989. In *The Dictator's Dilemma*, eminent China scholar Bruce Dickson provides a comprehensive explanation for the regime's continued survival and prosperity. Dickson contends that the popular media narrative of the party's impending implosion ignores some basic facts. The regime's policies may generate resentment and protest, but the CCP still enjoys a surprisingly high level of popular support. Nor is the party cut off from the people it governs. It consults with a wide range of specialists, stakeholders and members of the general public in a selective yet extensive manner. Further, it tolerates and even encourages a growing and diverse civil society, even while restricting access to it. Today the majority of Chinese people see the regime as increasingly democratic, even though it does not allow political competition and its leaders are not accountable to the electorate. In short, while the Chinese people may prefer change, they prefer that it occurs within the existing political framework. In reaching this conclusion, Dickson draws upon original public opinion surveys, interviews and published materials to explain why there is so much popular support for the regime. This basic stability is a familiar story to China specialists but not to those whose knowledge of contemporary China is limited to the popular media. *The Dictator's Dilemma* is an engaging synthesis of how the CCP rules and its future prospects will enlighten both audiences and will be essential for anyone interested in understanding China's increasing importance in world politics.

China in the Twenty-First Century S. Hua, S. Guo, 2007-08-20 In this edited volume, leading scholars from US and China analyze the challenges and opportunities for China in the 21st century, each emphasizing particular dimensions of politics, economics, political culture and foreign policy. Issues examined include social harmony and statecraft, media and political culture, and legality in foreign trade.

Party and State in Post-Mao China Teresa Wright, 2016-05-20 In recent decades, China has become a quasi-capitalist economic powerhouse. Yet it continues to be ruled by the same Communist Party-dominated government that has been in power since 1949. But how has China's political system achieved such longevity? And what does its stability tell us about the future of authoritarian versus liberal democratic governance? In this detailed analysis of the deeply intertwined relationship

between the ruling Communist Party and governing state noted China expert Teresa Wright provides insightful answers to these important questions Though many believe that the Chinese party state has maintained its power despite its communist and authoritarian features Wright argues that the key to its sustained success lies in its careful safeguarding of some key communist and authoritarian characteristics while simultaneously becoming more open and responsive to public participation She contends that China's post Mao party state compares well to different forms of political rule including liberal democratic government It has fulfilled the necessary functions of a stable governing regime satisfying key demographic groups and responding to public grievances maintaining economic stability and growth and delivering public services without any real reduction in CCP power and influence Questioning current understandings of the nature strengths and weaknesses of democracy and authoritarianism this thought provoking book will be essential reading for all students and scholars of Chinese politics and international relations

Legitimizing the Chinese Communist Party Since

Tiananmen Peter Sandby-Thomas, 2010-09-13 The dominant view concerning the rule of the Chinese Communist Party CCP is that it is simply a matter of time before it comes to an end This view has been dominant since the pro democracy protests in 1989 and has only been strengthened by the increasing number of protests in recent years However the Chinese Communist Party has continued to remain in power throughout this period and its rule appears to be secure in the short to medium term As the twentieth anniversary of the military suppression of the pro democracy demonstrations approaches this book explains how the Chinese Communist Party has maintained its authority since 1989 It provides a detailed analysis of the Party's discourse emphasising stability in the post Tiananmen period analysing the government's propaganda in order to show how this discourse has been used by the Party to legitimate its authority The interdisciplinary nature of this book makes it relevant to a number of different academic disciplines including Asian studies China studies international relations politics and sociology

The Government Next Door Luigi Tomba, 2014-07-11 Chinese residential communities are places of intense governing and an arena of active political engagement between state and society In *The Government Next Door* Luigi Tomba investigates how the goals of a government consolidated in a distant authority materialize in citizens everyday lives Chinese neighborhoods reveal much about the changing nature of governing practices in the country Government action is driven by the need to preserve social and political stability but such priorities must adapt to the progressive privatization of urban residential space and an increasingly complex set of societal forces Tomba's vivid ethnographic accounts of neighborhood life and politics in Beijing Shenyang and Chengdu depict how such local translation of government priorities takes place Tomba reveals how different clusters of residential space are governed more or less intensely depending on the residents social status how disgruntled communities with high unemployment are still managed with the pastoral strategies typical of the socialist tradition while high income neighbors are allowed greater autonomy in exchange for a greater concern for social order Conflicts are contained by the gated structures of the neighborhoods to prevent systemic challenges to the

government and middle class lifestyles have become exemplars of a new responsible form of citizenship At times of conflict and in daily interactions the penetration of the state discourse about social stability becomes clear **China in Search of a Harmonious Society** Sujian Guo,Baogang Guo,2008-08-15 The problems of corruption social injustice public unrest disparity in income and regional development shortage of energy and resources unemployment aging population inadequate social and economic safety network pollution etc are poised to jeopardize political stability and cast a shadow on the moral foundation of economic reform How to cope with these new problems is a daunting task facing the Chinese leadership and people in the twenty first century The new generation of leadership under Hu Jintao has begun to search for solutions and directions Building a harmonious society based on a scientific view of development has become a new catch phrase in political and academic discourse in China and a newly adopted program by the Chinese government It is in this context that this edited volume brings together a group of China scholars to discuss the concept and goal of building a harmonious society This book will be of interest to professors and students of China studies as well as policy makers and researchers

Chinese Justice Margaret Y. K. Woo,Mary E. Gallagher,2011-04-25 This volume analyzes whether China s thirty years of legal reform have taken root in Chinese society by examining how ordinary citizens are using the legal system in contemporary China It is an interdisciplinary look at law in action and at legal institutions from the bottom up that is beginning with those at the ground level that are using and working in the legal system It explores the emergent Chinese conception of justice one that seeks to balance Chinese tradition socialist legacies and the needs of the global market Given the political dimension of dispute resolution in creating settling and changing social norms this volume contributes to a greater understanding of political and social change in China today and of the process of legal reform generally

Getting the books **Popular Political Support In Urban China** now is not type of challenging means. Popular Political Support In Urban China Introduction

In today's digital age, the availability of Popular Political Support In Urban China books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Popular Political Support In Urban China books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Popular Political Support In Urban China books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Popular Political Support In Urban China versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Popular Political Support In Urban China books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Popular Political Support In Urban China books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Popular Political Support In Urban China books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions

of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Popular Political Support In Urban China books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Popular Political Support In Urban China books and manuals for download and embark on your journey of knowledge?

FAQs About Popular Political Support In Urban China Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Popular Political Support In Urban China is one of the best book in our library for free trial. We provide copy of Popular Political Support In Urban China in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Popular Political Support In Urban China. Where to download Popular Political Support In Urban China online for free? Are you looking for Popular Political Support In Urban China PDF? This is definitely going to save you time and cash in something you should think about.
