Popular Culture Opposing Viewpoints Opposing Viewpoints:

Popular Culture John Woodward,2005 Provides opposing viewpoints on the following questions Does Popular Culture Have Value Is Popular Culture Too Coarse Is Popular Culture Too Violent What Values Does Popular Culture Promote

Popular Culture Noah Berlatsky,2010-11-19 This edition delivers contemporary perspectives on popular culture with the majority of the material reflecting stances of countries other than the United States Readers are offered a truly panoramic view Essays are arranged in a thoughtful sequence that guides readers through several sides to each topic covered Does television create obesity Should manga depicting child pornography illegal Could China benefit from stronger intellectual property laws Essays answer these and other questions about pop culture Helpful features include an annotated table of contents a world map and country index a bibliography and subject index War Memory and Popular Culture

Michael Keren,Holger H. Herwig,2014-01-10 This collection of essays investigates such diverse vehicles for war commemoration as poems battlefield tours souvenirs books films architectural structures comics websites and video games Drawing on essayists from Australia Canada Great Britain Israel and the United States this work explores the evolution from traditional to contemporary forms of war commemoration while addressing the fundamental question of whether these new forms of memorial are meant to encourage the remembering or the forgetting of the experience of war as well as what implications the process of commemoration may have for the continuation of the modern nation state Instructors considering this book for use in a course may request an examination copy here The Use of Literary Sources in Social Studies, K-8

Elaine M. Bukowiecki,2014-03-18 The Use of Literary Sources in Social Studies K 8 is a resource for teachers who wish to include varied literary genres in their social studies instruction along with a required social studies textbook The literature described and exemplified in this book includes fiction nonfiction biographies autobiographies historical fiction poetry fairy tales folktales tall tales and legends Throughout this book different instructional suggestions are presented for inclusion with varied social studies topics and literature sources Each chapter contains questions and pedagogical strategies for critically reading and responding to varied literary genres modifications to meet the needs of diverse learners assessment techniques information tied to technology and the new literacies and connections to the National Curriculum Standards for the Social Studies A Framework for Teaching Learning and Assessment 2010 and the Common Core State Standards for English Language Arts and Literacy in History Social studies Science and Technical Subjects 2010 The final chapter of this book describes the development and implementation of a classroom library for social studies teaching and learning Nationalist and Popular Culture Practices on Social Media

Chenyang Song,2025-09-19 Digital nationalist and populist movements have shaped the political sphere for years with their manifold channels and forms of political communication Chenyang Song investigates how Chinese online fandom nationalists entangle online political nationalist and pop cultural practices facilitated by social media affordances and nuanced online practices This study shows how they mobilize and conduct cross platform

trolling and reporting campaigns under the banner of idolized Chinese nation and politicians to spread their political messages

Reference and Information Services Kay Ann Cassell, Uma Hiremath, 2013 Search skills of today bear little resemblance to searches through print publications Reference service has become much more complex than in the past and is in a constant state of flux Learning the skill sets of a worthy reference librarian can be challenging unending rewarding and yes fun

America Between the Wars, 1919-1941 David Welky, 2012-01-24 This collection situates over seventy essential primary documents in their historical context to illustrate the American experience during the interwar era 1919 1941 Introduces a broad range of cultural and historical topics from race and the role of women to trends in literature and the Great Depression Includes a range of photographs and illustrations End of chapter questions encourage critical thinking and analysis while a bibliography prepares students for further research

Friends Watching Friends Katherine Dillion, 2009-10-02 Friends Watching Friends American Television in Egypt is a media study on the impact and influence of American television in Egypt Based on personal and small group interviews and research from 2004 2006 the work includes ways that Egyptian women view the influence of American television in their daily lives as well as showing ways that Egyptians use the media to develop their ideas about Americans Using the sitcom Friends as a focal point the study probes commonalities about humor between Egyptian and American women that make Friends particularly appealing as an international text Additionally using an ethnographic approach the research examines relevant social trends in employment relationships and the economy It celebrates a diversity of opinions among Egyptian women and gives voice to those who want to share their views with others internationally and who have a strong tie to their own culture and heritage

JOURNALISM AND MASS COMMUNICATION -Volume II Rashmi Luthra, 2009-05-12 Journalism and Mass Communication is the component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Journalism and Mass Communication deals in two volumes and cover five main topics with a myriad of issues of great relevance to our world such as Evolution of Journalism and Mass Communication Evolution of Mass Communication Mass Communication and Sustainable Futures The Internet as a Mass Communication Medium Management and Future of Mass Communications and Media Communication Strategies for Sustainable Societies which are then expanded into multiple subtopics each as a chapter These two volumes are aimed at the following five major target audiences University and College Students Educators Professional Practitioners Research

Personnel and Policy Analysts Managers and Decision Makers NGOs and GOs

The Routledge Companion to Media and Human Rights Howard Tumber, Silvio Waisbord, 2017-07-14 The Routledge Companion to Media and Human Rights offers a comprehensive and contemporary survey of the key themes approaches and debates in the field of media and human rights The Companion is the first collection to bring together two distinct ways of thinking about human rights and media including scholarship that examines media as a human right alongside that which looks at media coverage of human rights issues This

international collection of 49 newly written pieces thus provides a unique overview of current research in the field while also providing historical context to help students and scholars appreciate how such developments depart from past practices The volume examines the universal principals of freedom of expression legal instruments the right to know media as a human right and the role of media organisations and journalistic work It is organised thematically in five parts Communication Expression and Human Rights Media Performance and Human Rights Political Processes Media Performance and Human Rights News and Journalism Digital Activism Witnessing and Human Rights Media Representation of Human Rights Cultural Social and Political Individual essays cover an array of topics including mass surveillance LGBT advocacy press law freedom of information and children s rights in the digital age With contributions from both leading scholars and emerging scholars the Companion offers an interdisciplinary and multidisciplinary approach to media and human rights allowing for international comparisons and varying perspectives The Routledge Companion to Media and Human Rights provides a comprehensive introduction to the current field useful for both students and researchers and defines the agenda for future research

Hate and Bias Crime Barbara Perry,2012-11-12 Covering everything from hate groups and extremist exploits to Black church arsons and the fall out violence from 9 11 this is an important collection that sheds much needed light on this growing problem

Sexual Ideology and Schooling Alexander McKay,1999-11-04 Sexuality education in the schools has become a key battleground in the wider social conflict over the sexual norms of Western culture In Sexual Ideology and Schooling Alexander McKay conceptualizes the sexuality debates as a battle between two basic but diametrically opposed belief systems about the nature and purpose of sexuality in human life and society Restrictive and Permissive He outlines the philosophical moral foundations of a democratic approach to teaching young people about sexuality and persuasively argues that public institutions including the schools should base public policy related to sexuality on democratic principles rather than the dictates of sexual ideology

Beyond the Monoplot Chris Neilan,2025-01-09 This book provides a toolkit for unconventional practice a comprehensive list of unconventional story shapes and the meanings they create with accompanying case studies including one act structure two act structure passive protagonists untimely death of the protagonist and more Formed from Aristotelian principles and a three act shape brought to Hollywood by Broadway playwrights after the advent of sync sound Conventional Monoplot has come to dominate screen storytelling practice throughout the Western world For the experimental rule suspicious unconventional screenwriter alternative storytelling models are available Beyond the Monoplot offers screenwriters and screenwriting students a new way of approaching and quantifying conventional practice whilst equipping them with the skills and tools to subvert convention and expectation in dynamic and innovative ways Where the revolutionary New Hollywood period of the 60s and 70s saw strikingly iconoclastic original rule breaking narratives attracting enormous audiences and making indelible cultural imprints today s most widely seen films stick rigidly to the Conventional Monoplot model Shaped and solidified by best selling screenwriting handbooks of

the 80s and 90s this model proved incredibly useful for a rapidly industrialising consumerist approach to screen entertainment pushing unconventional and innovative storytelling practices to the cultural fringe Whilst bold daring films are still made their impact is muted Moonlight despite winning Best Picture was only the 92nd highest grossing film of its year And whilst great strides are made towards diversity and representation story shapes remain cloistered within a consumerist and highly conventionalised form against which this book pushes back

American Hebraist Alan Mintz, 2022-08-04 Alan Mintz 1947 2017 was a singular figure in the American Jewish literary landscape In addition to publishing six authoritative books and numerous journal articles on modern and contemporary Jewish culture Mintz contributed countless reviews and essays to literary journals including the New Republic the New York Times Book Review and the Jewish Review of Books Scattered in miscellaneous volumes and publications these writings reveal aspects of Mintz s scholarly personality that are not evident in his monographs American Hebraist collects fifteen of Mintz s most insightful articles and essays The topics range from the life and work of Nobel Prize winner S Y Agnon including a chapter from Mintz s unfinished literary biography of that author to Jewish and Israeli literature the Holocaust and a rare autobiographical essay The chapters are introduced and contextualized by Mintz s longtime colleague and friend David Stern who opens the book by tracing the arc of Mintz s intellectual career the volume concludes with a personal essay and remembrance written by Beverly Bailis the last student to complete a doctorate under Mintz s direction Brimming with erudition and intriguing biographical notes American Hebraist provides new insights into the life and work of one of the twentieth century s most important scholars of modern Hebrew literature Students and scholars alike will benefit from this essential companion to Mintz s scholarship

Popular Culture and Corrections Robert M. Freeman, 2000 Popular Culture and Corrections researches the subject of popular culture and how it is created and able to maintain incredible influence over the public s perception of corrections Freeman explores the complexities of negative correctional stereotypes and their origins The book is divided into two sections The first explores the negative public perception of corrections and the individuals employed in the field The latter details the proposed antidote to the popular culture of corrections through educating the community and dismantling the negative correctional stereotypes Corrections professionals will learn how to make a difference in forming the public s image of corrections

Toys and Communication Luísa Magalhães, Jeffrey Goldstein, 2017-10-14 There are few scholarly books about toys and even fewer that consider toys within the context of culture and communication Toys and Communication is an innovative collection that effectively showcases work by specialists who have sought to examine toys throughout history and in many cultures including 1930 s Europe Morocco India Spanish art of the 16th 19th centuries Psychologists stress the importance of the role of toys and play in children s language development and intellectual skills and this book demonstrates the recurrent theme of the transmission of cultural norms through the portrayal presentation and use of toys The text establishes the role of toy and play park design in eliciting particular forms of play as well as stressing the child s use of toys to become more adult It will be

beneficial for courses in education developmental psychology communications media studies and toy design Fan Podcasts
Anne Korfmacher, 2024-06-28 Starting from the observation of the ubiquity of fan podcasts engaging in media commentary this book explores three fan podcast genres in which commentary manifests as a structuring form rewatch and reread podcasts recap podcasts and review podcasts The author conducts a formalist genre analysis of these podcasts close reading nine case studies to describe how the three genres function and how different fan labour manifests in podcasting Each case study teases out the themes style and formal constellations of the three podcast genres shows how different fans activate the affordances of podcasting and commentary and reveals the distinct generic functions of the three podcast genres This book will be of significant interest to scholars and students in podcast studies fan studies cultural studies and literary studies who are interested in fan podcasts podcast genre analysis and ways of close reading podcasts as texts Unlikely Fame David Wagner, 2015-11-17 This unique book depicts the stories of Americans born in poverty who achieved national or international fame Accessible to students and lay readers this scholarly study describes poverty as a disability that typically stunts important areas of growth in childhood Wagner shows how poverty hampers individuals and groups for their entire lives even many of those who emerge from poverty Examples of individuals with difficult childhoods who faced residual lifelong challenges are presented in the stories of 27 Americans including athlete Babe Ruth birth control advocate Margaret Sanger singer Billie Holiday author Jack London actress Marilyn Monroe black leader Malcolm X singer Johnny Cash comedian Richard Pryor author Stephen King and entertainer Oprah Winfrey In over 200 engaging and accessible pages Unlikely Fame yields insight into successful individuals and how they coped adapted and ultimately achieved success Faith and Fiction Anita Gandolfo, 2007-08-30 In recent years there has been an explosion in the market for fiction on religious topics and themes most notably Dan Brown's The Da Vinci Code The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications it is emblematic of the contemporary American Zeitgeist Traditionally literature is both mirror and lamp reflecting the society that produces it and illuminating the values and interests of that society Recognizing both of those perspectives Gandolfo examines Christian literature's place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available The phenomenon surrounding Dan Brown's The Da Vinci Code has led to a cottage industry of interpretations attacks and commentaries but one thing is certain the book has had an enormous impact on American society culture and religious understanding not to mention the publishing industry which scrambles to find similar religious books to feed to an eager public But The Da Vinci Code is not the only book of its type on the market today In recent years there has been an explosion in the market for fiction on religious topics and themes with an entire series devoted to the impending Rapture as described in the Left Behind series Some fiction does not take an explicitly religious theme as these books do Instead writers like Andre Dubus and Ron Hansen imbue their creative work with

spiritual and religious themes embedded in the everyday lives and concerns of their characters. Regardless of the specific approach, what is not in doubt is that American readers have made the authors of these works wealthy as bookstores cannot stock their shelves with enough copies. Why the recent surge of interest in Christian fiction? How does it reflect trends in our culture and our lives? How has it changed our society and our understanding of spirituality and religion? How accurate are these books in terms of the theology they espouse? The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications; it is emblematic of the contemporary American Zeitgeist. Traditionally, literature is both mirror and lamp, reflecting the society that produces it and illuminating the values and interests of that society. Recognizing both of those perspectives, *Faith and Fiction* examines Christian literature's place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available.

The Age of Promiscuity Doru Pop, 2018-11-15. This book presents an original and engaging look at contemporary popular culture, opening with the provocative idea that this is a day and age of complete exhaustion of ideas, images, stories, and myths. Questioning the effects of content recycling in cinema and other media, the author further elaborates on the repurposing of cultural junk, the reassembling of narratives and myths. The thought-provoking hypothesis proposed in this research is that we have entered an age of cultural promiscuity. By analyzing the mutations of myth-making practices and connecting them with larger cultural manifestations, the author explains these transformations as integral to the development of a myth-illogical imagination. Cinematic and mythological representations in mainstream Hollywood films have reached a point of amalgamation with no return, which marks the beginning of a fourth age of representations where signs and meanings are manifested in illogical permutations. This is more explicit in films that commingle aliens, cowboys, undead American presidents, and zombie Nazis, joining together in the same narrative; ghosts, werewolves, and vampires aggregating disjointed storylines and historical fake facts all coalesced in an orgy of empty burlesque and infantile masquerades. This interdisciplinary research combines cultural studies, film criticism, art, and myth interpretations, bringing into the debate multiple concepts from related fields such as critical theory and media criticism. The book also opens up to innovative approaches from a wide array of academic disciplines, offering researchers, students, and those fascinated by the transformations happening in contemporary cinema an interpretative tool based on a revised dialectic approach. The conclusion is that we are now victims of a zombie semiotics. Meaning-making in contemporary culture, politics, and aesthetics is dominated by a process of incessant desecration of significations specific to the total mishmash of representations analyzed here.

Immerse yourself in the artistry of words with Experience Art with its expressive creation, **Popular Culture Opposing Viewpoints Opposing Viewpoints**. This ebook, presented in a PDF format (Download in PDF: *), is a masterpiece that goes beyond conventional storytelling. Indulge your senses in prose, poetry, and knowledge. Download now to let the beauty of literature and artistry envelop your mind in a unique and expressive way.
