Port And The Douro:

Port and the Douro Richard Mayson, 1999 Port is indisputably one of the world's great fortified wines. Enthusiasm for Port has never been greater and world-wide shipments continue to break all previous records. This book recounts the fascinating history of Port and the Douro up to the present day. It looks at the physical conditions of the region, grape varieties and vineyards with an assessment of each of the main quintas in the Douro. It describes how Port is made and the many different styles of Port from White and Ruby through to Vintage. The author includes his assessment of the wines back to 1960 and major vintages as far back as 1896. A directory of individual Port producers and shippers is included and an evaluation of the principal producers of the unfortified wines of the Douro. The author concludes with an examination of the prospects for Port and the Douro in the twenty-first century. A book for the armchair wine enthusiast, it includes indispensable information for anyone visiting Oporto and the Douro valley. Previous books on Port have tended to examine this wine in isolation. This book seeks to redress the balance by putting Port wine in context. Book jacket Port and The Douro Benjamin Lewin, 2022-11-06 More than 600 new producers are included in the updated 2023 editions of the Guides to Wines and Top Vineyards. The series covers classic wine-producing regions worldwide and profiles the top producers. This guide discusses the wines of the Douro including all styles of Port and dry red and white wines. The guide is divided into two parts. The first part of the guide discusses the regions and explains the character and range of the wines. The second part profiles the producers showing how each winemaker interprets the local character. Description of each area includes its geography, the grape varieties that are grown, how these relate to the styles of wines that are produced, wines from entry level to icons, current trends and how styles are evolving. References: wines are recommended for each region. The guide is illustrated with photographs of each area, topographical maps to show the terrain, road maps to identify the locations of estates and information on recent vintages. Profiles range from producers who may dominate an appellation to small estates that define the cutting edge. The profiles identify the best of tradition and innovation in the region. Each estate profile describes the producer's aims for his wines and the personality and philosophy behind them. Reference wines are suggested for leading producers. Producer details include essential information for planning a visit. The series are the definitive guides to classic wine-producing regions. This Guide is the indispensable means for understanding Port and the Douro, tasting the wines and finding the top producers. *Port and the Douro* Benjamin Lewin MW, Benjamin Lewin, 2016-07-18 This guide discusses the wines of the Douro including both Ports and table wines. Recent vintages are described and summarized in vintage charts. The second part has detailed profiles of the leading producers including both the traditional shippers in Porto and the new independent producers at quintas in the Douro.
