Walt Whitman

Portable Walt Whitman:

The Portable Walt Whitman Walt Whitman, 2003-12-30 A comprehensive collection of Whitman's most beloved works of poetry, prose, and short stories. When Walt Whitman self-published *Leaves of Grass* in 1855, it was a slim volume of twelve poems, and he was a journalist and poet from Long Island, little known but full of ambition and poetic fire. To give a new voice to the new nation shaken by civil war, he spent his entire life revising and adding to the work, but his initial act of bravado in answering Ralph Waldo Emerson's call for a national poet has made Whitman the quintessential American writer. This rich cross-section of his work includes poems from throughout Whitman's lifetime, as published on his deathbed edition of 1891, short stories, his prefaces to the many editions of *Leaves of Grass*, and a variety of prose selections including *Democratic Vistas*, *Specimen Days*, and *Slang in America*. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

the tree but a public garden that depended on an ethic of communal care and whose sense of beauty and repose related directly to an acknowledgement of mortality and limitation Sachs explores the notion of Arcadia in the works of nineteenth century nature writers novelists painters horticulturists landscape architects and city planners and holds up for comparison the twenty first century s and his own tendency toward denial of both death and environmental limits His far reaching insights suggest new possibilities for the environmental movement today and new ways of understanding American history

Person and Society in American Thought Cornelius F. Murphy, 2007 Most studies of the development of American ideas concentrate upon the growth of our political values and institutions By contrast this unique work goes directly to the core philosophical issues surrounding our sense of personal and social identity It carefully examines the efforts of our major thinkers to elaborate a humanism adequate to our experience by breaking free from the theocentric cosmology imposed upon the nation by the New England Puritans As these reflections record the quest for a new understanding of human nature they also raise the possibility of a more comprehensive humanism grounded in a Catholic Christianity *Person and Society in American Thought* will be of interest to students and scholars in the disciplines of philosophy and religion as well as those of history sociology and literature Book Jacket

God in the Street Hans Bergmann, 1995 In the fast changing culture of antebellum New York writers of every stripe celebrated the City as a stage for the daily urban encounter between the familiar and the inexplicable Probing into these richly varied texts Hans Bergmann uncovers the innovations in writing that accompanied the new market society the penny newspapers grandiose boastings the poetic catalogues of Walt Whitman the sentimental realism of charity workers the sensationalism of slum visitors and the complex urban encounters of Herman Melville s fiction The period in which New York the city itself became firmly established as a subject invented a literary form that attempts to capture the variety of the teeming city and the flaneur the walking observer But Bergmann does not simply lead a parade of images and themes he explores the ways in which these observers understood what was happening around them and to them always attentive to class struggle and race and gender issues *God in the Street* shows how the penny press and Whitman s New York poetry create a new mass culture hero who interprets and dignifies the city s confusions New York writers both serious and sensationalist meditate upon street encounters with tricksters and confidence men and explore the meanings of encounters Melville s *Bartleby the Scrivener* underlines the unrelenting isolation and inability to control the interpreter Bergmann reinterprets Melville s *The Confidence Man* as an example of how a complex literary form arises directly from its own historical materials and is itself socially symbolic Bergmann sees Melville as special because he recognizes his inability to make sense of the surface of chaotic images and encounters In mid century New York City Melville believes God is in the street unavailable and unrecognizable rather than omnipresent and guiding Author note Hans Bergmann is Professor of English and Cultural Studies at George Mason University

The Portable Theater Alan Louis Ackerman, 2002 In *The Portable Theater* Alan Ackerman investigates the crucial importance of theater in the works of Walt Whitman Herman

Melville William Dean Howells Louisa May Alcott and Henry James Whether as drama critics playwrights amateur actors or simply as avid theater goers each of these authors thought deeply about the theater and represented it in literature *The Portable Enlightenment Reader* Various,1995-12-01 The Age of Enlightenment of the 18th century also called the Age of Reason was so named for an intellectual movement that shook the foundations of Western civilization In championing radical ideas such as individual liberty and an empirical appraisal of the universe through rational inquiry and natural experience Enlightenment philosophers in Europe and America planted the seeds for modern liberalism cultural humanism science and technology and laissez faire Capitalism This volume brings together works from this era with more than 100 selections from a range of sources It includes examples by Kant Diderot Voltaire Newton Rousseau Locke Franklin Jefferson Madison and Paine that demonstrate the pervasive impact of Enlightenment views on philosophy and epistemology as well as on political social and economic institutions
