Portable World Bible:

The Portable World Bible Various, 1977-01-27 The Portable World Bible presents the fundamental tenets of the world's basic source religions. Contemporary readers are offered in concise authoritative translations the religious thought of the ages selected, interpreted and arranged in view of modern man's quest for ultimate truths and values. Robert O. Ballou, the volume's editor, has omitted mere stories, history and ceremonial detail; what remains in every case is the essence of religion set down with a clarity and simplicity never before achieved. The Portable World Bible is an unparalleled work of poetic and ethical inspiration, a book that makes a deep appeal to the mind and spirit. *The Portable World Bible* Robert O.

Ballou, 1944 **World Scriptures** Kenneth Kramer, 1986 World Scripture is a guidebook to the primary source materials of the classical living religions of the world. It is a guidebook which innovatively blends critical and interpretative tools with sacred symbols and stories of Ultimacy. **The Viking Portable World Bible** Robert Oleson Ballou, 1972 *The Viking Portable Library World Bible* Robert Oleson Ballou, 1964 **A Tapestry of Faiths** Winfried Corduan, 2009-06-01 Drawing on his wide experience and knowledge of other religions as they are actually lived, Winfried Corduan helps you sort through the complex tapestry of faiths around the world. **Knowing the Truth About Salvation** John Ankerberg, John

Weldon, 2011-04-06 At one time or another, virtually everyone searches for God or something beyond themselves to give meaning to life. Is there one religion that stands out among all those claiming to be the way to spiritual wholeness? In the ever-growing quest for spiritual meaning, people are searching for the God of the universe and asking: Do all religions contain a measure of the truth? Is there compelling evidence for Christianity? Why do Christians say Jesus is the only way to God? What do we learn when we ask non-Christians about God? You'll discover insights to help you understand and embrace the one true God. American Women Writers, 1900-1945 Laurie Champion, 2000-09-30 Women writers have been traditionally excluded from literary canons and not until recently have scholars begun to rediscover or discover for the first time neglected women writers and their works. This reference includes alphabetically arranged entries on 58 American women authors who wrote between 1900 and 1945. Each entry is written by an expert contributor and discusses a particular author's biography, her major works and themes, and the critical response to her writings. The entries close with extensive primary and secondary bibliographies, and the volume concludes with a list of works for further reading. The period surveyed by this reference is rich and diverse. Modernism and the Harlem Renaissance, two major artistic movements, occurred between 1900 and 1945, and the entries included here demonstrate the significant contributions women made to these movements. The volume as a whole strives to reflect the diversity of American culture and includes entries for African American, Native American, Mexican American, and Chinese American women. It includes well-known writers such as Willa Cather and Eudora Welty, along with more neglected ones such as Anita Scott Coleman and Sui Sin Far.
