Beautiful Clay John A. Burrison, 2025-04-22 For most of human history all pottery was what we would now consider traditional folk pottery Not all artifacts go beyond the basic requirements of utility in pursuit of beauty but Beautiful Clay considers those that do In Beautiful Clay noted scholar of traditional ceramics John A Burrison writes about how a potter applies aesthetics to utilitarian objects to transform raw clay into something beautiful Though what is considered beautiful in art changes from culture to culture and person to person there are universal techniques such as manipulating form color texture and more that tap into clay s potential for beauty Burrison uses an approach from a perspective of international artistry rather than an approach bound by history or geography After beginning with more than 40 000 images that the author curated as a study resource Beautiful Clay narrows it down to around 230 images that capture the artistry within traditional ceramics worldwide Beautiful Clay examines the aesthetic dimensions of what is essentially a traditional utilitarian craft the ancient clay based craft of pottery from earliest times to the present

The Allied Bombing of Central Italy Teresa Fava Thomas, 2023-09-15 The Allied Bombing of Central Italy examines the results of the Second World War Allied bombing campaign on Palestrina and Rome Italy and the long term impact of the war on the mountainside town and on the Barberini family s art collection including the Nile Mosaic It explores the history and cultural significance of Palestrina its strategic setting the recovery of the town the restoration of the Nile Mosaic which remains the largest Egyptian style mosaic extant A unique aspect of the destruction was that it uncovered a pagan temple the Sanctuary of Fortuna The bombing destroyed the homes built on its terraces but revealed the ancient structure buried beneath which had remained unseen for half a millennium It took more than a decade for the mosaic to be restored and the Sanctuary of Fortuna established as a national archeological museum The book explores the pressure by the Mussolini regime to control the Barberini family s art collection the uses of cultural materials for propaganda purposes the Allied use of airpower in the Italian theater of war the postwar decision making and recovery process The book is one of the very few long range studies of the war s impact on a single Italian town It is suitable for academic seminars and an educated general audience

Shaky Ground Elizabeth Marlowe, 2013-10-10 The recent crisis in the world of antiquities collecting has prompted scholars and the general public to pay more attention than ever before to the archaeological findspots and collecting histories of ancient artworks This new scrutiny is applied to works currently on the market as well as to those acquired since and despite the 1970 UNESCO Convention which aimed to prevent the trafficking in cultural property When it comes to famous works that have been in major museums for many generations however the matter of their origins is rarely considered Canonical pieces like the Barberini Togatus or the Fonseca bust of a Flavian lady appear in many scholarly studies and virtually every textbook on Roman art But we have no more certainty about these works archaeological contexts than we do about those that surface on the market today This book argues that the current legal and ethical debates over looting ownership and cultural property

have distracted us from the epistemological problems inherent in all ostensibly ancient artworks lacking a known findspot problems that should be of great concern to those who seek to understand the past through its material remains The British Museum Concise Introduction to Ancient Rome Nancy H. Ramage, Andrew Ramage, 2008 An accessible and beautifully illustrated survey of the world of Ancient Rome

Ancient Rome Nancy H. Ramage, Andrew Ramage, 2008 This amply illustrated book offers a concise lively and authoritative overview of the history of ancient Rome from its earliest foundations to its legacy in the modern Western world Information is provided accessibly with feature sidebars and easy to use reference pages at the end Each chapter has its own substantial annotated bibliography in addition to a comprehensive general list of recommended printed and web resources and further reference tools include a list of international museum collections chronologies and a general index This book will appeal to a wide range of general readers museum visitors undergraduate students and life long learners Publisher description

A People's History of Classics Edith Hall, Henry Stead, 2020-02-26 A People's History of Classics explores the influence of the classical past on the lives of working class people whose voices have been almost completely excluded from previous histories of classical scholarship and pedagogy in Britain and Ireland from the late 17th to the early 20th century This volume challenges the prevailing scholarly and public assumption that the intimate link between the exclusive intellectual culture of British elites and the study of the ancient Greeks and Romans and their languages meant that working class culture was a Classics Free Zone Making use of diverse sources of information both published and unpublished in archives museums and libraries across the United Kingdom and Ireland Hall and Stead examine the working class experience of classical culture from the Bill of Rights in 1689 to the outbreak of World War II They analyse a huge volume of data from individuals groups regions and activities in a huge range of sources including memoirs autobiographies Trade Union collections poetry factory archives artefacts and documents in regional museums This allows a deeper understanding not only of the many examples of interaction with the Classics but also what these cultural interactions signified to the working poor from the promise of social advancement to propaganda exploited by the elites to covert and overt class war A People's History of Classics offers a fascinating and insightful exploration of the many and varied engagements with Greece and Rome among the working classes in Britain and Ireland and is a must read not only for classicists but also for students of British and Irish social intellectual and political history in this period Further it brings new historical depth and perspectives to public debates around the future of classical education and should be read by anyone with an interest in educational policy in Britain today

The Smallpox Report Fuson Wang,2023-03-30 After the COVID 19 pandemic vaccination has become synonymous with an opaque biopower that legislates compulsory immunization at a distance Contemporary illness narratives have become outlets for distrust misinformation reckless denialism and selfish noncompliance In The Smallpox Report Fuson Wang rewinds this contemporary impasse between physician and patient back to the Romantic era origins of vaccination The book offers a literary historical account of smallpox vaccination contending that the disease s eventual eradication in 1980 was as much a triumph of the literary imagination as it was an achievement of medical Enlightenment science Wang traces our modern pandemic era crisis of vaccine hesitancy back to Edward Jenner s publication of his treatise on vaccination in 1798 the first rumblings of an anti vaccination movement and vaccination s formative literary history that included authors such as William Wordsworth William Blake John Keats Mary Shelley and Arthur Conan Doyle The book concludes with a re examination of the current deeply contentious public discourse about vaccines that has arisen in the wake of the COVID 19 pandemic By recovering the surprisingly literary genres of Romantic era medical writing The Smallpox Report models a new literary historical perspective on our own crises of vaccine refusal
