**Devouring Frida** Margaret A. Lindauer, 2014-01-27 This provocative reassessment of Frida Kahlo's art and legacy presents a feminist analysis of the myths surrounding her In the late 1970s Frida Kahlo achieved cult heroine status Her images were splashed across billboards magazine ads and postcards fashion designers copied the so-called Frida look in hairstyles and dress and Fridamania even extended to T-shirts jewelry and nail polish Margaret A. Lindauer argues that this mass market assimilation of Kahlo's identity has detracted from appreciation of her work leading to narrow interpretations based solely on her tumultuous life Kahlo's political and feminist activism her stormy marriage to fellow artist Diego Rivera and her progressively debilitated body made for a life of emotional and physical upheaval But Lindauer questions the author equals the work critical tradition that assumes a one-to-one association of life events to the meaning of a painting In Kahlo's case such assumptions created a devouring mythology an iconization that separates us from the real significance of the oeuvre Accompanied by twenty-six illustrations and deep analysis of Kahlo's central themes this provocative semiotic study recontextualizes an important figure in art history At the same time it addresses key questions about the language of interpretation the nature of veneration and the truths within self-representation

**Culture and Customs of Uganda** Kefa M. Otiso, 2006-05-30 Since achieving independence from Great Britain in 1962 the East African country of Uganda has been ravaged by political turmoil and the more recent crisis of the AIDS epidemic but is now in the process of rebuilding and democratizing Culture and Customs of Uganda is a fascinating overview of the current state of Ugandan society where largely rural ethnic groups are

experiencing the pull of urban centers while the changes brought about by Western influences bear on practically every aspect of people's lives. Examples from the main ethnic groups are used to explain traditional culture and adaptations to modern life in religion, gender roles, courtship and marriage, work, education, family life, ceremonies, the arts, media, and more. This is the essential reference source to turn to for solid insight into Uganda. The wealth of detail in the coverage of the subjects above, plus the land, people, history, literature, architecture, housing, cuisine, dress, gender roles, social customs, and lifestyle, provides readers with a broad sense of the country and its inhabitants. The sensitive narrative conveys the nuances between old and new, urban and rural, elite and poor for each topic. In addition, the evolution of Ugandan peoples is superbly demonstrated. Highlights include a discussion of the ways in which adherents of world religions such as Christianity and Islam mix these with traditional African religious belief in spirits, diviners, and rainmakers. The book also explores patriarchy and the social and inheritance system that has hindered women's education and prospects and exposed them to HIV/AIDS. Finally, there is a celebration of the various forms of artistic expression such as drumming, ceremonial dance, and handicrafts, particularly ceramic pottery that have won accolades, as well as a look at artists who excel in writing poetry, producing hip hop, and painting batiks for popular consumption.
