Overton, 1925 *Portrait of a Publisher and the First Hundred Years of the House of Appleton, 1825-1925* Grant Overton, 2004-06-01 The subject of this sketch is Mr William Worthen Appleton the third generation of a famous American publishing house but the circumstances compel me to try for something more And this for the reason that Mr Appleton lived to see a typical American transformation When he was admitted to his father s and grandfather s firm in 1868 book publishing like most American businesses was a success of personal initiative and private enterprise When he died fifty five years later although individual energy and ability were as valuable as ever something large and impersonal had arisen that no individual could absolutely control He understood that with the wisdom of all those great hearts who know that nothing is created alone and who desire only that the thing created shall be greater than they and more durable than the days of a man Grant Martin Overton 1887 1930 was the author of a number of books including *Women Who Make Our Novels* and *Why Authors Go Wrong and Other Explanations* **The Publishers' Circular and Booksellers' Record** ,1929 The History of Printing from Its Beginnings to 1930 Columbia University.
