Charles Derry, 2009-11-12 Greatly expanded and updated from the 1977 original, this new edition explores the evolution of the modern horror film, particularly as it reflects anxieties associated with the atomic bomb, the Cold War, 1960s violence, sexual liberation, the Reagan revolution, 9/11, and the Iraq War. It divides modern horror into three varieties: psychological, demonic, and apocalyptic, and demonstrates how horror cinema represents the popular expression of everyday fears while revealing the forces that influence American ideological and political values. Directors given a close reading include Alfred Hitchcock, Brian De Palma, David Cronenberg, Guillermo Del Toro, Michael Haneke, Robert Aldrich, Mel Gibson, and George A. Romero. Additional material discusses postmodern remakes, horror franchises, and Asian millennial horror. This book also contains more than 950 frame grabs and a very extensive filmography. **The Eleventh Day** Anthony Summers, Robbyn Swan, 2011-07-19 FINALIST FOR THE PULITZER PRIZE For most living Americans, September 11, 2001, is the darkest date in the nation's history. But what exactly happened on 9/11? Could it have been prevented? And what remains unresolved? Here is the first panoramic, authoritative account of that tragic day, from the first brutal actions of the hijackers to our government's flawed response, from the untruths told afterward by U.S. officials to the elephant in the room of the 9/11 Commission's report, the clues that point to foreign involvement. New York Times bestselling authors Anthony Summers and Robbyn Swan write with access to thousands of recently released official documents, raw transcripts, fresh interviews, and the perspective that can come only from a decade of research and evaluation. Riveting, revelatory, and thoroughly sourced, *The Eleventh Day* is updated for this edition with new reporting on a development that the former co-chairman of Congress's 9/11 probe calls the

The Archetypal Pan in America Sukey Fontelieu,2018-05-20 The Archetypal Pan in America examines the complex moral and ethical dilemmas that Americans have had to face over the last few decades including the motivations for the Vietnam War who was in control of women s productive rights how to extend civil rights to all protests for the historically unapologetic narrative of the genocide of Native Americans and the growing number of school shootings since the Columbine massacre Fontelieu suggests that the emotional pain these issues created has not resolved and that it continues to surface in the guise of new issues but with a similar dysfunctional pattern The book argues that this pattern acts in the culture in the same manner as a psychological defense system stimulating fight flight or freeze reactions requiring great stores of energy when activated and deflecting attention from other areas Relying on Jung s theory of the applicability of myth to psychological problems and the post Jungian theory of cultural complexes the myths of the Greek god Pan are used to scaffold a metaphor that informs this pattern Fontelieu proposes that rather than looking inward as a culture for how to accept its changing role in a global world this pattern reinforces dysfunctional emotional responses to the reoccurring traumas of modernity responses such as an increase in the magnetic appeal of hypermasculinity or choosing to remain naively self absorbed The Archetypal Pan in America will be of great interest to Jungian analysts and scholars of depth psychology as well as academics and postgraduate students studying psychology foreign studies literary criticism politics and cultural studies
