Schanzer, 1986 **José Carlos Mariátegui's Unfinished Revolution** Melisa Moore, 2013-12-18 The years 1909-1930 the eleven year presidency of the businessman turned politician Augusto B. Leguía mark a formative period of Peruvian modernity witnessing the continuity of a process of reconstruction and the development of an intellectual and cultural tradition after a humbling defeat during the War of the Pacific 1879-1883 But these years were also fraught with conflict generated by long standing divisions and new rivalries A postwar generation of intellectuals and artists led by José Carlos Mariátegui and galvanized by left wing thinking and an avant garde aesthetic sought representation in the fields of politics and the arts to realize the modernizing potentialities opened up by a Positivist oligarchy New political and artistic conceptions raised their awareness of the fractured sense of nationhood in Peru and the need for a new project of nation formation based on a common political and cultural consciousness Crucially this gave rise to divergent political and artistic positions and practices Mariátegui's Indigenist Marxist politics and Modernist inspired poetics through his influential journal *Amauta* were pivotal in revitalizing conciliating and channeling those of his cohorts and challengers Comprising six full length chapters a comprehensive introduction and conclusion this monograph is ambitious in scope and depth It provides fresh readings of key writings of Mariátegui one of Latin America's most important and revolutionary political cultural and aesthetic theorists through the lens of his poetics emphasizing the value of this approach for a fuller understanding of his work's political meaning and impact It does so through detailed analysis of the poetic expressive language employed in seminal political essays aimed at forging a new Marxist position in 1920s Peru Furthermore it offers powerful and original critiques of understudied intellectuals of this time especially Apristas Futurists Socialists and Indigenists including female writers and artists such as Magda Portal and Angela

Ramos and Julia Codesido whose work he championed These readings are fully contextualized in terms of detailed critical study of complex sociopolitical conditions and positions and biographical intellectual backgrounds of Mari tegui and his contemporaries This monograph underscores the fundamental importance of Mari tegui in the development of political and artistic practices and projects that shaped a national shared yet also heterogeneous political culture and cultural tradition in Peru during and after his lifetime European Aestheticism and Spanish American Modernismo K. Literature and Sensibilities in the Weimar Era Valerie D. Greenberg,1982 Post-Petrarchism Roland Greene,2014-07-14 Post Petrarchism offers a theoretical study of lyric poetry through one of its most long lived and widely practiced models the lyric sequence originated by Francis Petrarch in his Canzoniere of the late fourteenth century A framework in which poems are suspended according to some organizing or unifying principle the lyric sequence emerges from European humanist culture as a poetic discourse that represents personal experience and operates as a kind of fiction Here Roland Greene proposes that since Petrarch the lyric sequence has survived in European and American literatures from Shakespeare s Sonnets to The Waste Land to Trilce as a complex in which formal generic and cultural designs intersect and as an embodiment of lyric discourse at its most extensive inclusive and ambitious Enabled by a theoretical introduction to the genre at large the book treats the founding and elaboration of the vernacular sequence in six major texts by Petrarch Philip Sidney Edward Taylor Walt Whitman W B Yeats Pablo Neruda and Martin Adan Throughout Greene shows how Petrarchism has evolved as lyric discourse through its exposure to such events as the Reformation and Puritanism the settlement of the
