Olson, 2018-04-12 The term cult film may be difficult to define but one thing is certain A cult film is any movie that has developed a rabid following for one reason or another From highly influential works of pop art like Eraserhead and Faster Pussycat Kill Kill to trash masterpieces such as Miami Connection and Fateful Findings thousands of movies have earned recognition as cult classics over the years and new movies rise to cult status every year So how do viewers searching for the best or most important cult films decide where to start In 100 Greatest Cult Films Christopher J Olson highlights the most provocative intriguing entertaining and controversial films produced over the last century The movies included here have either earned reputations as bona fide cult classics or have in some way impacted our understanding of cult cinema often transcending traditional notions of good and bad while featuring memorable characters unforgettably shocking scenes and exceptionally quotable dialogue With detailed arguments for why these films deserve to be considered among the greatest of all time Olson provides readers fodder for debate and a jumping off point for future watching A thought provoking and accessible look at dozens of cinematic treasures this resource includes valuable information on the films creators and institutions that have shaped cult cinema Ultimately The 100 Greatest Cult Films offers readers from casual cinephiles film scholars and avid fans alike a chance to discover or re discover some of the most memorable films of all time **Bullies and Mean Girls in Popular Culture** Patrice A. Oppliger, 2013-10-03 The numerous anti bullying programs in schools across the United States have done little to reduce the number of reported bullying instances One reason for this is that little attention has been paid to the role of the media and popular culture in adolescents bullying and mean girl behavior This book addresses media role models in television film picture books and the Internet in the realm of bullying and relational aggression It highlights portrayals with unproductive strategies that lead to poor resolutions or no resolution at all Young viewers may learn ineffective even dangerous ways of handling aggressive situations Victims may feel discouraged when they are unable to handle the situation as easily as in media portrayals They may also feel their experiences are trivialized by comic portrayals Entertainment programming aimed particularly at adolescents often portray adults as incompetent or uncaring and include mean spirited teasing In addition overuse of the term bully and defining all bad behavior as bullying may dilute the term and trivialize the problem Clueless Lesley Speed, 2017-07-14 Clueless American Youth in the 1990s is a timely contribution to the increasingly prominent academic field of youth film studies The book draws on the social context to the film s release a range of film industry perspectives including marketing audience reception and franchising as well as postmodern theory and feminist film theory to assert the cultural and historical significance of Amy Heckerling s film and reaffirm its reputation as one of the defining teen films of the 1990s

Lesley Speed examines how the film channels aspects of Anita Loos 1925 novel *Gentlemen Prefer Blondes* the 1960s television series *Gidget* and Jane Austen's *Emma* to present a heightened optimistic view of contemporary American teenage life Although seemingly apolitical Speed makes the case for *Clueless* as a feminist exploration of relationships between gender comedy and consumer culture centring on a contemporary version of the dumb blonde type The film is also proved to embrace diversity in its depiction of African American characters and contributing to an increase in gay teenagers on screen Lesley Speed concludes her analysis by tracking the rise of the *Clueless* franchise and cult following Both helped to cement the film in popular consciousness inviting fans to inhabit its fantasy world through spinoff narratives on television and in print public viewing rituals revivalism and vintage fashion

Female Masculinity Jack Halberstam, 2019-01-05 In this quintessential work of queer theory Jack Halberstam takes aim at the protected status of male masculinity and shows that female masculinity has offered a distinct alternative to it for well over two centuries Demonstrating how female masculinity is not some bad imitation of virility but a lively and dramatic staging of hybrid and minority genders Halberstam catalogs the diversity of gender expressions among masculine women from nineteenth century pre-lesbian practices to contemporary drag king performances Through detailed textual readings as well as empirical research Halberstam uncovers a hidden history of

female masculinities while arguing for a more nuanced understanding of gender categories that would incorporate rather than pathologize them He rereads Anne Lister s diaries and Radclyffe Hall s *The Well of Loneliness* as foundational assertions of female masculine identity considers the enigma of the stone butch and the politics surrounding butch femme roles within lesbian communities and explores issues of transsexuality among transgender dykes lesbians who pass as men and female to male transsexuals who may find the label of lesbian a temporary refuge Halberstam also tackles such topics as women and boxing butches in Hollywood and independent cinema and the phenomenon of male impersonators Featuring a new preface by the author this twentieth anniversary edition of *Female Masculinity* remains as insightful timely and necessary as ever

Neo-Feminist Cinema Hilary Radner, 2010-11-01 What lies behind current feminist discontent with contemporary cinema Through a combination of cultural and industry analysis Hilary Radner s *Neo Feminist Cinema* *Girly Films* *Chick Flicks* and *Consumer Culture* shows how the needs of conglomerate Hollywood have encouraged an emphasis on consumer culture within films made for women By exploring a number of representative girly films including *Pretty Woman* *Legally Blonde* *Maid in Manhattan* *The Devil Wears Prada* and *Sex and the City* The Movie Radner proposes that rather than being post feminist as is usually assumed such films are better described as neo feminist Examining their narrative format as it revolves around the story of an ambitious unmarried woman who defines herself through consumer culture as much as through work or romance Radner argues that these films exemplify neo liberalist values rather than those of feminism As such *Neo Feminist Cinema* offers a new explanation as to why feminist oriented scholars and audiences who are seeking more than labels and love from their film experience have viewed recent girly films as a betrayal of second wave feminism and why on the other hand such films have proven to be so successful at the box office **Off with My Head** Stassi

Sarah Hentges, 2015-01-09 Although the coming of age story has been a popular film plot for decades producers have only recently realized the commercial potential of targeting films to adolescent girls Movies like *Clueless* *Legally Blonde* and *Mean Girls* have been successfully marketed to teenage girls as have several well known independent films Important as both cultural indicators and catalysts these films simultaneously demonstrate pop culture s influence on girls films and the ability of girls films to affect pop culture and perceptions of girlhood This critical survey of film and the modern girl concentrates largely on films of the last two decades addressing key themes for girls within coming of age films the changing but not always improving young feminine paradigm and the ways these films can be powerful determinants of culture The first chapter explores the ways in which girls films construct reinforce challenge and dismantle mainstream conceptualizations of

Performing Queer Female Identity on Screen Jamie Stuart, 2008-07-15 Film audiences have grown used to seeing female characters in performance roles singing or dancing on stages in nightclubs musical arenas or theaters performing their femaleness for the fictional audience as well as the film viewing audience But queer women in film perform on yet another level In addition to performing their gender for the world they also perform their sexuality for either a general or an insider audience in ways that can be read to establish a queer visibility to establish a sense of community or to show romantic lesbian interest This work examines performance spaces for lesbian identities in films evaluating how queer femaleness is signified in contemporary cinema It studies five films in particular *When Night Is Falling* *Better Than Chocolate* *Tipping the Velvet* *Slaves to the Underground* and *Prey for Rock and Roll* Through close textual analysis evaluations of the conditions under which each film was produced and received and dozens of audience surveys it reveals much about both the story worlds of the films and the ways that queer women react to and feel about them
