Shattered Dreams Phil Spencer,2013 There is a war that goes on inside each and every one of us who struggles with alcohol or drugs The battlefield is our soul and minds moreover when it kicks into full gear it destroys what ever it comes in contact with It is not a respecter of persons nor does it care what your stature in life is That war will drag you down to the pits of hell and the sad reality is that you may not know it until the very end It will take your wife and children your job and home it will put you under a bridge or sleeping on a heating grate with no food for days on end But those are not the worst things that can happen to you Your internal war will make you feel lost and alone taking every shred of self respect until there is nothing left inside except contempt for your very existence There will be an emptiness unlike anything you have ever known and the will to live will be taken from you But there is hope and you can have victory over that which wants to kill you This book has the answers you seek **Vientiane** Marc Askew,Colin Long,William Logan,2006-12-07 This book is a rich exploration of the country s political social and cultural history and geo political development from its creation to the present day *Anderson s Travel Companion* Compiled by Sarah Anderson,2016-12-05 A selection of the best in travel writing with

Lipschutz,2001 As memories of the Cold War recede it becomes more and more difficult to remember what it was about and why it evoked such feelings of intensity and fatalism Fortunately we have a gold mine of movies and novels to help us recall why an entire generation of Americans grew up ducking under school desks in air raid drills and stocking the family bomb shelter Cold War Fantasies retrieves those times based on the idea that a nation s history self concept and collective anxiety are reflected in popular culture In Cold War Fantasies Ronnie Lipschutz combines an historical account of foreign and domestic politics from 1945 to 1995 with summaries and analyses of thirty novels and films contemporaneously published and produced Lipschutz rejects the standard line on the Cold War and critically examines the impacts and effects of language and images on politics Viewing those films and reading those novels enables the reader to come away with a clearer sense of how people felt during the Cold War period about themselves about the enemy and about the world while living in the shadow of the atomic bomb *Perfume Dreams* Andrew Lam,2019-05-03 Much will be made and rightly so of the eloquent commentary Lam s essays provide on Vietnam and the Vietnamese a fascinating and important book Robert Olen Butler Pulitzer Prize winning author A PEN American Beyond Margins Award winner In his long overdue first collection of essays noted journalist and NPR commentator Andrew Lam explores his lifelong struggle for identity as a Viet Kieu or a Vietnamese national living abroad At age eleven Lam the son of a South Vietnamese general came to California on the eve of the fall of Saigon to communist forces

American Dreams H. W. Brands, 2011-05-31 From bestselling historian H W Brands an incisive chronicle of the events and trends that guided and sometimes misguided our nation from the A bomb to the iPhone For a brief bright moment in 1945 America stood at its apex looking back on victory not only against the Axis powers but against the Great Depression and looking ahead to seemingly limitless power and promise What we ve done with that power and promise over the past six decades is a vitally important and fascinating topic that has rarely been tackled in one volume and never by a historian of H W Brands s stature As American Dreams opens Brands shows us a country dramatically different from our own more unequal in social terms but more equal economically more religious and rural but also more liberal and more wholeheartedly engaged with the rest of the world As he traces the changes we have gone through as a nation he reveals the great themes and dreams that have driven America the rising focus on individual rights and pleasures the growing distance between our global goals and those of the rest of the world and the inexorable dissolution of a shared sense of what it means to be American In Brands s adroit hands these trends unfold through a character driven narrative that sheds brilliant light on the obvious highs and lows from Watergate to the Berlin Wall from Apollo 11 to 9 11 from My Lai to shock and awe But he also chronicles the surprising impact of less celebrated events and trends Through his eyes we realize the sweeping significance of the immigration reforms of the 1960s which gradually transformed American society We come to grasp the vast impact of abandoning the gold standard in 1971 which enabled both globalization and the current financial crisis We ponder the unnerving results of CNN s debut in 1979 which sped up the news cycle and permanently changed our foreign policy by putting its effects live on our TV screens Blending political and cultural history with his keen sense of the spirit of the times Brands captures the national experience through the last six decades and reveals the still unfolding legacy of dreams born out of a global cataclysm **Hep-cats, Narcs, and Pipe Dreams** Jill Jonnes, 1999 Fascinating well researched and finely honed This is a must read Judge Peggy F Hora California Bench Once upon a time in America morphine and cocaine were routinely sold in pharmacies and hop heads gathered in shadowy basements to smoke opium So begins Hep Cats Narcs and

Pipe Dreams Jill Jonnes's ground breaking history of illegal drugs in America Jonnes vividly traces our first turn of the century drug epidemic successfully quelled and then follows the story into the postwar era starting in the jazz world of the northern cities and moving through the flower power 1960s to the cocaine and crack explosion of the 1980s and 1990s
