Saint John Perse Et Quelques Devanciers Paperback:

The Anabase of Saint-John Perse Emese Margit Soos, 1972 *Without Rhyme Or Reason* Marvin Richards, 1998 On 29 April 1841 a week after his thirty fourth birthday Louis Aloysius Bertrand died of tuberculosis This malady his destitute poverty and his errant existence qualify him as a quintessential poet maudit whose one great work *Gaspard de la Nuit* *Fantasies a la maniere de Rembrandt et de Callot* was not published until 1842 Now widely considered as the first collection of prose poems to appear in France Gaspard inspired writers like Baudelaire Mallarme Huysmans and Andre Breton This study offers a rereading of Bertrand's book grounded in modern critical theory including the work of Derrida Bakhtin Barbara Johnson Genette Lacoue Labarthe and Nancy It elaborates a new perspective on a work that contains all the paradoxes of the genre with which theorists still struggle **The Prose Poem in France** Mary Ann Caws, Hermine B. Riffaterre, 1983 Although deconstruction has become a popular catchword as an intellectual movement it has never entirely caught on within the university For some in the academy deconstruction and Jacques Derrida in particular are responsible for the demise of accountability in the study of literature Countering these facile dismissals of Derrida and deconstruction Herman Rapaport explores the incoherence that has plagued critical theory since the 1960s and the resulting legitimacy crisis in the humanities Against the backdrop of a rich informed discussion of Derrida's writings and how they have been misconstrued by critics and admirers alike *The Theory Mess* investigates the vicissitudes of Anglo American criticism over the past thirty years and proposes some possibilities for reform *Invisible Fences* Steven Monte, 2000-01-01 For all its recent popularity among poets and critics prose poetry continues to raise more questions than it answers How have prose poems been identified as such and why have similar works been excluded from the genre What happens when we read a work as a prose poem How have prose genres such as the novel affected prose poetry and modern poetry in general In *Invisible Fences* Steven Monte places prose poetry in historical and theoretical perspective by comparing its development in the French and American literary traditions In spite of its apparent formal freedom prose poetry is constrained by specific historical circumstances and is constantly engaged in border disputes with neighboring prose and poetic genres Monte illuminates these constraints through an examination of works that have influenced the development of the prose poem as well as through a discussion of genre theory and detailed readings of poems ranging from Charles Baudelaire's *La Solitude* to John Ashbery's *The System* Monte explores the ways in which literary historical narratives affect interpretation why for example prose poetry tends to be seen as a revolutionary genre and how this perspective influences readings of individual works The American poets he discusses include Ralph Waldo Emerson William Carlos Williams T S Eliot Gertrude Stein and Ashbery the French poets range from Baudelaire Arthur Rimbaud and Stephane Mallarmé to Max Jacob In exploring prose poetry as a genre *Invisible Fences* offers new perspectives not only on modern poetry but also on genre itself challenging current theories of genre with a test case that asks for yet eludes definition **A Muse for Heroes** William Calin, 1983
