Salk Institute Aid James Steele, 2002-04-17 Louis Kahn's Salk Institute sits high above the Pacific at La Jolla southern California. The project presented Kahn with the opportunity to design for a closed community. *Salk Institute* James Steele, Kahn Louis, Louis I. Kahn, 1993-01 Louis Kahn's Salk Institute for Biological Studies sits high above the Pacific Ocean at La Jolla Southern California. The project presented Kahn with the opportunity to design for a closed community in this case scientists involved in concentrated research. In formulating his response to the programme and the site Kahn drew inspiration from such traditional prototypes as monasteries and other forms of intellectual retreat. Kahn distinguished between the large free plan spaces of the laboratories and the rooms for private study expressing these cell-like spaces as wooden panelled piers set into otherwise bare concrete walls. As a complex it remained incomplete at Kahn's death but it survives as an enduring reminder of his humanism and architectural genius.
