Major Campaign Speeches Of Adlai E Steve:

The Speech-making of Adlai E. Stevenson in the 1956 Presidential Campaign Russel Rayl Windes, 1963 **History of American Presidential Elections, 1789-1984** Arthur Meier Schlesinger (Jr.), 1985 **Frontier**, 1952 **Vital Speeches of the Day**, 1962 *Volunteers and the Making of Presidents* Jane Dick, 1980 **Adlai E. Stevenson, a Short Biography** Stuart Gerry Brown, 1965 A biography of the statesman tracing his career from his first work as a journalist to his post as a representative to the United Nations **I Like Ike** John Robert Greene, 2017-04-17 When the 1952 presidential election campaign began many assumed it would be a race between Harry Truman seeking his second full term and Robert A Taft son of a former president and to many of his fellow partisans Mr Republican No one imagined the party standard bearers would be Illinois governor Adlai E Stevenson II and Supreme Allied Commander in World War II Dwight D Eisenhower I Like Ike tells the story of a critical election fought between two avowedly reluctant warriors including Truman's efforts to recruit Eisenhower as the candidate of the Democrat Party to a finish that for all the partisan wrangling had more to do with the extraordinary popularity of the former general who along with Stevenson was seen to be somehow above politics In the first book to analyze the 1952 election in its entirety political historian John Robert Greene looks in detail at how Stevenson and Eisenhower faced demands that they run for an office neither originally wanted He examines the campaigns of their opponents Harry Truman and Robert Taft but also Estes Kefauver Richard B Russell Averell Harriman and Earl Warren Richard Nixon's famous Checkers Speech Joseph McCarthy's anti Communist campaign and television as a new medium for news and political commercials each figured in the election in its own way and drawing in depth on the Eisenhower Stevenson Taft and Nixon papers Greene traces how I Like Ike is a compelling account of how an America fearful of a Communist threat elected a war hero and brought an end to twenty years of Democrat control of the White House In an era of political ferment it also makes a timely and persuasive case for the importance of the election of 1952 not only to the Eisenhower Administration but also to the development of presidential politics well into the future **History of American Presidential Elections, 1789-1968** Arthur Meier Schlesinger (Jr.), Fred L. Israel, 1971 Public Speaking for College Students Lionel Crocker, 1956 **Humor in the White House** Arthur A. Sloane, 2001-03-23 I heard one presidential candidate say that what this country needed was a president for the 90s Ronald Reagan once said I was set to run again I thought he said a president in his 90s Abraham Lincoln in one instance was able to put a serious injury in a humorous light in response to a young woman's question about where a soldier was wounded Lincoln replied Ma am the bullet that wounded him would not have wounded you Presidents often bring a sense of humor to the White House with them allowing the American public to catch a glimpse of their not so serious sides This book examines how five of the nation's funniest chief executives Abraham Lincoln Calvin Coolidge Franklin D Roosevelt John F Kennedy and Ronald Reagan used wit and humor to their advantage during their terms as president and how their management of the Executive Branch was thereby enhanced

As a bonus the effective use of humor by several unsuccessful presidential candidates is surveyed *Captured* Senator Sheldon Whitehouse, 2019-05-21 A leading member of the Senate Judiciary Committee spells out in considerable detail the extent of corporate influence over a variety of issues in national politics *The New Yorker* As a U S senator and former federal prosecutor Sheldon Whitehouse has had a front row seat for the spectacle of dark money in government In his widely praised book *Captured* he describes how corporations buy influence over our government not only over representatives and senators but over the very regulators directly responsible for enforcing the laws under which these corporations operate and over the judges and prosecutors who are supposed to be vigilant about protecting the public interest In a case study that shows these operations at work Whitehouse reveals how fossil fuel companies have held any regulation related to climate change at bay The problem is structural as *Kirkus Reviews* wrote many of the ills it illuminates are bipartisan This paperback edition features a new preface by the author that reveals how corporate influence has taken advantage of Donald Trump's

presidency to advance its agenda and what we can do about it **Decision-making in the Committee on Rules** James Arthur Robinson, 1957 *Campaign Speeches of American Presidential Candidates, 1928-1972* Aaron Singer, 1976

Richard B. Russell, Jr., Senator from Georgia Gilbert C. Fite, 1991 Richard B Russell Jr Senator From Georgia **The Political Vocation** Paul Tillett, 1965 Bringing together sixty five of the most perceptive writings by ancients moderns and contemporaries *The Political Vocation* presents the most realistic and the most idealistic the most cynical and the most elevated views of the responsibilities and irresponsibilities of politicians Amazon com **War on the Ballot** Andrew Payne, 2023-07-18 Winner 2024 Richard E Neustadt Book Prize American Politics Group Political Studies Association The president of the United States is at once holder of the highest elected office and commander in chief of the armed forces How do upcoming elections influence presidents behavior during wartime How do presidents balance perceptions of the national interest with personal political interests *War on the Ballot* examines how electoral politics shaped presidential decisions on military and diplomatic strategy during the wars in Korea Vietnam and Iraq Drawing on a wealth of declassified documents and interviews with senior officials and military officers Andrew Payne reveals the surprisingly large role played by political considerations during conflicts He demonstrates how the exigencies of the electoral cycle drove leaders to miss opportunities to limit the human and financial costs of each war gain strategic advantage or sue for peace sometimes making critical decisions with striking disregard for the consequences on the ground Payne emphasizes the importance of electoral pressures throughout the full course of a conflict not just around the initial decision to intervene He shows how electoral constraints operate across different phases of the political calendar going beyond the period immediately preceding a presidential election Offering a systematic analysis of the relationship between electoral politics and wartime decision making this book raises crucial questions about democratic accountability in foreign policy *Faculty Publications and Doctoral Dissertations* University of Illinois at Urbana-Champaign, 1947 *Leo and His Circle* Annie Cohen-Solal, 2010-05-18

Leo Castelli reigned for decades as America's most influential art dealer. Now Annie Cohen Solal, author of the hugely acclaimed *Sartre: A Life*, an intimate portrait of the man that possesses all the detail and resonance of fiction. Michiko Kakutani, *The New York Times*, recounts his incalculably influential and astonishing life in *Leo and His Circle*. After emigrating to New York in 1941, Castelli would not open a gallery for sixteen years when he had reached the age of fifty. But as the first to exhibit the then unknown Jasper Johns, Castelli emerged as a tastemaker overnight and fast came to champion a virtual Who's Who of twentieth-century masters: Rauschenberg, Lichtenstein, Warhol, and Twombly, to name a few. The secret of Leo's success: Personal devotion to the artists, his heroes, by putting young talents on stipend and seeking placement in the ideal collection rather than with the top bidder; he transformed the way business was done, multiplying the capital, both cultural and financial, of those he represented. His enterprise, which by 1980 had expanded to an impressive network of satellite galleries in Europe and three locations in New York, thus became the unrivaled commercial institution in American art, producing a generation of acolytes among them Mary Boone, Jeffrey Deitch, Larry Gagosian, and Tony Shafrazi. *Leo and His Circle* brilliantly narrates the course of one man's power and influence. But Castelli had another secret too: his life as an Italian Jew. Annie Cohen Solal traces a family whose fortunes rose and fell for centuries before the Castellis fled European fascism. Never hidden but also never discussed, this experience would form the core of a guarded but magnetic character, possessed of unfailing old-world charm and a refusal to look backward, traits that ensured Castelli's visionary precedence in every major new movement from Pop to Conceptual and by which he fostered the worldwide enthusiasm for American contemporary art that is his greatest legacy. Drawing on her friendship with the subject as well as an uncanny knack for archival excavation, Annie Cohen Solal gives us in full the elegant, shrewd, irresistible and enigmatic figure at the very center of postwar American art, bringing an utterly new understanding of its evolution. **Western Speech**, 1954 *Publications of the Faculty*, State University of New York at Albany, Research Society of the Faculty, 1957
