Make My Day Law Colorados Experiment In Home Protection:

The Make My Day Law William Wilbanks,1990 This book examines the first 23 cases in Colorado where citizens have used as a defense the 1985 Make My Day law i e which broadens the shooting rules against home intruders The book begins with an examination of the law before and after Make My Day and with the controversy that arose during its passage through the Legislature The 23 cases are categorized into love triangles neighbor disputes disputes among friends disputes with police disputes among drug dealers and landlord tenant disputes The final chapter summarizes the problems that have arisen during the implementation of the new law and recommends a revision that would sustain Legislative intent "Make My Day Law, Colorado Experiment in Home Protection" William Wilbanks,1987* **Colorado Politics and Policy** Thomas E. Cronin,Robert D. Loevy,2012-10-15 Survey after survey reveals that many Coloradans believe that the U S government is too big too wasteful and too intrusive Yet Colorado is arguably one of the most federally subsidized states in the union with forests national parks military bases and research laboratories benefiting from the federal government s largesse A concise history of Colorado s constitution and central political institutions Colorado Politics and Policy offers a probing analysis of the state s political cultures It shows how the state in many ways a template of the deeply contrary politics of the nation puts political power into the hands of an ever more polarized electorate increasingly inclined to put the concerns of government to the test of the citizen initiative Colorado Politics and Policy is the result of broad gauged and sophisticated research which includes author interviews with citizens and officials across the state three specially commissioned statewide public opinion surveys and extensive interviews with governors legislators judges lobbyists interest group leaders and leading political analysts This fresh and engaging interpretation is essential reading for those who want to understand Colorado s major election trends chief public policy and budget challenges and this distinctively purple state s unique political history *True Heroines* William Wilbanks,2000 Describes the circumstances and events which led to the 138 women law enforcement officers who died in the line of duty the identity of their perpetrator s and the deposition of the case with a biography and photo of each officer and their descendants Author Dr William Wilbanks carefully researched each case and unveiled the mystery of unsolved deaths Forgotten Heroes William Wilbanks,1998 The stories of 117 officers from the years 1840 through 1925 who were killed in the line of duty *Back to the Asylum* John Q. La Fond,Mary L. Durham,1992 Today American mental health law and policy promote the restoring of law and order in the community rather than protecting civil liberties for the individual This compelling book recounts how and why mental health law is being reshaped to safeguard society rather than mentally ill citizens The authors both experts in the field convincingly demonstrate how rapidly changing American values ignited two very different visions of justice for the mentally ill They argue that during the Liberal era from 1960 to 1980 Americans staunchly supported civil liberties for all particularly for disadvantaged citizens like the mentally ill Also criminal law provided ample opportunities for mentally ill offenders to avoid criminal punishment for their crimes and

restrictive civil commitment laws made it difficult to hospitalize the mentally disabled against their will During the Neoconservative era from 1980 on however the public demanded new laws as a result of the rise in crime and the increasing number of homeless in communities These changes make it much more difficult for mentally ill offenders to escape criminal blame and far easier to put disturbed citizens into hospitals against their will Back to the Asylum accurately describes how this abrupt shift in from protecting individual rights to protecting the community has had a major impact on the mentally ill It examines these legal changes in their broader social context and offers a provocative analysis of these law reforms Finally this timely work forecasts the future of mental health law and policy as America enters the twenty first century **As Long as They Don't Move Next Door** Stephen Grant Meyer,2001 The first full length national history of American race relations examined through the lens of housing discrimination Jacket **Searching the Law - The States** Francis R Doyle,2022-11-14 This revised two volume set reproduces the easy to use logically organized format of Searching the Law for each of the 50 U S states Arranged by state and by topic within each state it features a complete list of all the legal research materials available for each state jurisdiction thousands of citations to the legal literature of each state materials applicable to more than one topic listed under each topic repeated listings under each state and topic where they apply and author title publisher format and the latest known supplement for each citation Searching the Law The States is the companion text to Searching the Law Together the sets form one of the most comprehensive logical legal reference sources available Published under the Transnational Publishers imprint The print edition is available as a set of two volumes 9781571052872

Colorado Politics & Government Thomas E. Cronin,Robert D. Loevy,1993-01-01 Colorado Politics and Government provides a political history and analysis of the state emphasizing contemporary problems conflicts and their possible resolutions In examining the political culture of the state the authors elaborate on the political beliefs and voting patterns of its citizens and examine key political institutions such as the governorship the legislature political parties and the courts

Forgotten Heroes of Greenville, SC William Wilbanks,1997-06-15 The stories of 33 officers from the years 1797 through 1996 who were killed in the line of duty Federal Probation ,1990 **University of Florida Journal of Law and Public Policy** ,2012-12 **Self-defense** ,2006 Colorado Lawyer ,1995 **Criminal Justice** Jay S. Albanese,2000

Bibliographic Guide to Law ,1990 **The Prosecutor** ,1987 The Flawed Path to the Governorship-1994 Robert D. Loevy,1996-08-15 This is an insider s view of what it takes to get elected as governor in the 1990s Written by the campaign manager of one of the candidates in the 1994 gubernatorial election in Colorado this book delves into what is required to win the votes The days of getting a few friends together to run a personal campaign are long gone Professional fund raising and media consultants are now necessary to mount an effective campaign and issues of national significance often predominate over the state s concerns The author uses his observations along with personal interviews from all sides to analyze the election process He explains that the disturbing trend of turning to out of state fund raising and campaign management to

win an election is how state wide campaigns for office are being nationalized *Criminal Justice Newsletter* ,1993 *The Make My Day Law* William Wilbanks,1990 This book examines the first 23 cases in Colorado where citizens have used as a defense the 1985 Make My Day law i e which broadens the shooting rules against home intruders The book begins with an examination of the law before and after Make My Day and with the controversy that arose during its passage through the Legislature The 23 cases are categorized into love triangles neighbor disputes disputes among friends disputes with police disputes among drug dealers and landlord tenant disputes The final chapter summarizes the problems that have arisen during the implementation of the new law and recommends a revision that would sustain Legislative intent
