Looking at the Stars Lewis Hine, 2018-04-05 My illness may define the length of my life but it won't define how I live it. My disability gave me the ability to understand and help others. And now I finally feel like I am living. 17-year-old Lewis Hine is a global phenomenon. Diagnosed with a life-threatening brain tumour and water on the brain at 17 months, he wasn't expected to survive. But Lewis proved everyone wrong; he's not only surviving but thriving. In one Facebook post on his 16th birthday, Lewis invited everyone to see how he faces head-on the challenges from his ongoing illness, and he went viral. 30 million views later, Lewis now spearheads a campaign, Friend Finder, to make sure no one ever faces childhood illness alone. In his memoir, Lewis reaches out to anyone who may feel isolated in their lives. After 13 brain surgeries and continual health problems, life for Lewis is a daily challenge. From the sheer physical challenges he is at high risk of sudden unexpected death in epilepsy (SUDEP) and has a pump in his brain just to keep him alive to the horrendous bullying he's endured, he shares how he finds the strength to overcome all this and still lead a fun and fulfilling life. With a host of admirers around the world, from Elton John to Kid Ink, Lewis is living his dream, even becoming Radio 1's Teen Hero of the Year. His story will make you laugh, cry, and above all, feel inspired by life's endless possibilities looking at the stars. **All the Stars Align** Gretchen Schreiber, 2025-04-01

All the Stars Align is the magical love story that is Taylor Swift's *Enchanted* meets *Cyrano* from the author of *Ellie Haycock is Totally Normal*. All the women in Piper's family know their true love at first sight, complete with butterflies, heart eyes, and a gut instinct. The kind of fated love that lasts forever. Piper grew up with her ancestors' epic love stories repeated like fairy tales and yearns for the day she'll start her own. Already singled out in her family due to her physical disability, Piper collects a second strike against her when her parents announce their divorce, which convinces her family that she's doomed. When she finally finds her true love at a party, she's more determined than ever to attain her love story and earn a spot in her family. But after completely botching their first meeting, she realizes that she'll need help from her best friend Leo, who is sort of a love expert. The catch: he and Piper haven't talked in six months since he needed a break from their friendship. To win over the love of her life and a place in her family, Piper must convince Leo to teach her his ways. And it's all going as planned until Leo confesses his own love for Piper. Now she must decide: will fate choose her love or will love choose her fate.
