Raúf,2019-08-06 Told with humor and heart The Boy at the Back of the Class offers a child s perspective on the refugee crisis highlighting the importance of friendship and kindness in a

world that doesn't always make sense. There used to be an empty chair at the back of Mrs Khan's classroom but on the third Tuesday of the school year a new kid fills it: nine-year-old Ahmet, a Syrian refugee. The whole class is curious about this new boy; he doesn't seem to smile and he doesn't talk much. But after learning that Ahmet fled a Very Real War and was separated from his family along the way, a determined group of his classmates bands together to concoct the Greatest Idea in the World: a magnificent plan to reunite Ahmet with his loved ones. This accessible, kid-friendly story about the refugee crisis highlights the community-changing potential of standing as an ally and reminds readers that everyone deserves a place to call home. This moving and timely debut novel tells an enlightening, empowering and ultimately hopeful story about how compassion and a willingness to speak out can change the world. *School Library Journal* Starred Review. All Zeke wants to do is make it through school without attracting too much notice; after all, it isn't the teachers but a gang of bullies who run the school. He is one of the smartest kids in middle school and on the shorter side of average height. This, added to the fact that he has no friends since he moved, makes Zeke stand out as an easy target to the gang's unwelcome attention. One afternoon as he walks home, he discovers an old box blending in with a pile of trash. Curiosity gets the better of Zeke and he takes the box home. Little does he know that it holds the key to life-changing truths. Sorting the trinkets and notes, he realizes the box contains a series of clues if only Zeke can figure them out. Armed with a pile of notes, a box of trinkets, a Bible he's never read in his life and a head full of questions, Zeke sets out to unravel the mystery. The Messiah Brigade forms to help him out but will they be in time? And will they be able to use what they've discovered to change their school and stop the Neanderthal gang of bullies once and for all. **The Hardcore Rhetoric** M.R. Treez, 2016-01-15. Living among the loving, I'm lucky to have even one person in my life who loves me. Some can go their entire lives without being loved. The world is plagued by people who don't even know how to care for others, much less themselves. For the generations ahead, it's up to them to remember compassion. It took me entirely too long to figure out precisely why it's important to love yourself. With all the different perspectives out there growing up, the one I seemed to deny most was my own. Was my decision to disregard my personal needs and wants my own, or was it programmed into my behavior through some conduit of influence? When I asked myself this, I began to see the universe in a different way. The universe can communicate with us, and sometimes that communication comes through as forms of irony. This irony can deliver opportunities to better ourselves, and it's up to us.
