Make New Members Active Members:

Membership Matters Chuck Lawless, 2009-05-26 Insights from Effective Churches on New Member Classes and Assimilation Findings from a national study to improve membership classes and to motivate current members into active ministry How do churches move members both old and new into ministry Many church staff and lay leaders know they need to start new member classes as a point of entry into their churches but don't know how This book is based on a national study of effective churches and shows how growing churches implement new member classes and motivate their members into ministry Membership Matters is designed to be a guide for church leaders wanting to start or improve a membership class It includes models for classes and examples of resources such as church covenants class schedules and lesson outlines It also gives direction on motivating uninvolved members to participate in ministry One chapter chronicles an ongoing discussion among pastors of growing churches that are effectively motivating members to do ministry Health Fitness Management

Equal Time, Equal Value Ed Collom, Judith N. Lasker, 2016-05-23 Equal Time Equal Value is the first systematic investigation of Time Banking in the United States Drawing upon detailed case studies and making use of a mix of qualitative and quantitative data this book explores the most popular type of what has been called community currencies in which localized systems based on time or dollar equivalents act as the medium of exchange As such it offers rich insights into the challenge presented by Time Banking to both the traditional social service and economic models through the creation of an

environment of reciprocity in which everyone's work has equal value Locating Time Banking within the context of community currencies more generally and investigating the particular characteristics that are central to the production of positive outcomes Equal Time Equal Value examines the organizational characteristics of Time Banks as well as the motivations of members types and patterns of exchanges and the effects on members of Time Bank participation in the USA A timely and detailed exploration of exchange systems at a time of rising unemployment and declining confidence in global economic structures this book will appeal to sociologists cultural geographers and anthropologists with interests in social movements the sociology of work health promotion and policy inequality and questions of the creation of community and sustainability
