**In His Name** E. Christopher Reyes, 2010-05 Many devout Christians will not like this book as I have discovered that they are neither interested nor concerned with anything which challenges their long taught beliefs I did not make history but merely write on its historical significance in the events of mankind For those truth seekers who are interested in the Why regarding religious beliefs this book offers a genesis of Christian beliefs Religion is a multi million dollar a year business and world wide that figure runs into the billions Is the true nature of faith focused on mankind or merely a financial endeavor Extraordinary care has been taken to present the good and the bad as well as the ugly side of religion *Decisions and Orders of the National Labor Relations Board* United States. National Labor Relations Board, 2008 **Symphonies of Life** Eman Abid, 2015-01-15 The work of Eman Abid is replete with the language of hopefulness aspiration and wonder and with an obvious love for the endless possibilities of life itself Her work is indeed about the symphonies of life composed every day by the high born and the humble of this world Each human composition is made of moments of deep contemplation times of simple pleasure or points where we find ourselves between a rock and hard place These very moments are the stuff of life and Emans work brings us into the midst of it and shows us the subtle transformative power of philosophic observation Dr Sandra K Alexander American University in Dubai Dubai United Arab Emirates August 2013 To me Eman Abids poetic images and morals show the marks of being formed in the crucible of the emerging city of Dubai the textbook instance of rapid modernization and globalization and she wonderfully engages the challenges to traditional regional mores and ways of life that the city presents Many of these poems have implications well beyond Dubai for modern societies that have moved so far from their roots but only Dubai a city whose rise to ultra modernism and economic wealth has happened so rapidly could give birth to the rich juxtaposition of the deep traditionalism and chic couture of our Eman Abids poetry Her poems are truly a monument to the region and one of the regions richer gifts of culture to the world Cory Lowell Grewell Ph D Assistant Professor of English American University in Dubai The author firmly believes in establishing the light that lies in wait at the end of every dark tunnel It is this light that breathes life into our hopes and aspirations giving our lives meaning and direction Symphonies of Life invites you to greet said light with courage and hope both of which shine like a beacon within our very souls Once you begin to believe the darkness begins to leave May Symphonies of Life guide you to your light

Banks,2018-12-01 I am thrilled to know that The Complete Book of Everyday Christianity is being relaunched A well worn first edition of this book sits next to my office desk and I consult it often There is no better collection of everyday issues examined from a Christian perspective A wide variety of topics are addressed with a cleverly balanced combination of academic and practical perspectives informed by thoughtful biblical and theological reflection This is a wonderfully useful tool I am pleased that it will be available to resource a new generation of Christians who are eager to understand more about what it means to follow Christ in every aspect of life Alistair Mackenzie Senior Lecturer School of Theology Mission and Ministry Laidlaw College Christchurch New Zealand Also Director of Faith at Work NZ *Entitlement* Joseph William Singer,2000-11-10 In this important work of legal political and moral theory Joseph William Singer offers a controversial new view of property and the entitlements and obligations of its owners Singer argues against the conventional understanding that owners have the right to control their property as they see fit with few limitations by government Instead property should be understood as a mode of organizing social relations he says and he explains the potent consequences of this idea Singer focuses on the ways in which property law reflects and shapes social relationships He contends that property is a matter not of right but of entitlement and entitlement in Singer s work is a complex accommodation of mutual claims Property requires regulation property is a system and not just an individual entitlement and the system must support a form of social life that spreads wealth promotes liberty avoids undue concentration of power and furthers justice The author argues that owners have not only rights but obligations as well to other owners to nonowners and to the community as a whole Those obligations ensure that property rights function to shape social relationships in ways that are both just and defensible *Classified Index of National Labor Relations Board Decisions and Related Court Decisions* ,2009 **Digest;**
