Makers Of China Confucius To Mao:

Makers of China, Confucius to Mao Bernard Martin, Chien-Tung Shui, Jianliu Sang, 1972 **Authority and Welfare in China** M. Twohey, 1998-12-07 This book describes the relationship between political authoritarianism and people's welfare in modern China Based on a study of Chinese political discourse from the 1898 reform period to the present the book demonstrates that support for authoritarian rule in modern China is best understood when compared to ancient political traditions of authority and welfare that were established in China's late Zhou dynasty by the Confucian philosopher Xunzi 298-238 BC 中国通史 Scott K. Ling, 1975 **The School Librarian**, 1973 **Mao's China and After** Maurice Meisner, 1999-04 Presents a revised account of the revolution of 1966-1969 Examines the social and political consequences of the upheaval Deng Xiaoping Democracy movement Tiananmen Incident Mao Zedong The hundred flowers Great Leap Forward **A History of the Chinese Secret Service** Richard Deacon, 1974 *The End of the Maoist Era: Chinese Politics During the Twilight of the Cultural Revolution, 1972-1976* Frederick C Teiwes, Warren Sun, 2014-12-18 This book launches an ambitious reexamination of the elite politics behind one of the most remarkable transformations in the late twentieth century As the first part of a new interpretation of the evolution of Chinese politics during the years 1972-82 it provides a detailed study of the end of the Maoist era demonstrating Mao's continuing dominance even as his ability to control events ebbed away The tensions within the gang of four the different treatment of Zhou Enlai and Deng Xiaoping and the largely unexamined role of younger radicals are analyzed to reveal a view of the dynamic of elite politics that is at odds with accepted scholarship The authors draw upon newly available documentary sources and extensive interviews with Chinese participants and historians to develop their challenging interpretation of one of the most poorly understood periods in the history of the People's Republic of China China Imagined Gregory Lee, 2018-12-15 How did China become China And where is it leading us We talk as if it had always existed eternal China with its 5 000 years of uninterrupted history But the name China was first used by sixteenth century Europeans and its Chinese equivalent Zhongguo only gained currency in the mid 1800s China Imagined is a thoughtful exploration of the idea of China from the naming and mapping of its territory and peoples to the creation and rise of the modern nation state China's early history describes a multilingual space ruled by a homogeneous elite with its own minority culture a far cry from Maoism's national mass culture or Xi Jinping's state controlled digital society today Gregory Lee traces this complex diverse entity's evolution since the Opium Wars into a China made in our image Today it is a great power integral to the global system whether it comes to climate change security or inequality Given this rapid convergence with the West Xi's China holds up a mirror to our own nations Trump's America Putin's Russia and post Brexit Europe all betray echoes of the Chinese Dream If China is a product of Westernization is it now the West's turn to become China **Routledge Handbook of Chinese Security** Lowell Dittmer, Maochun Yu, 2015-05-08 Located in the center of Asia with one of the largest land frontiers in the world and 14 neighbors whose dispositions could
