**Creating a Better Marriage: A Woman's Guide** Rebecca Harper, 2012-11-13 This book touches on the way the Bible views marriage from a spiritual and physical perspective as well as the differences between men and women We look think and act differently By understanding our differences we can learn the best way to interact with each other With this understanding the author uses a very positive approach to introduce a few select points that can be used to make you the right partner      What the Bible Actually Teaches on Women Kevin Giles, 2018-10-19 Kevin Giles has been writing on women in the Bible for over forty years In this book What the Bible Actually Teaches on Women he gives the most comprehensive account to date of the competing conclusions to this question and the issues surrounding it To understand the bitter and divisive debate among evangelicals over the status and ministry of women it needs to be understood that those who since 1990 have called themselves complementarians argue that in creation before the fall God set the man over the woman Thus the leadership of the man and the subordination of the woman in the home the church and wherever possible in the world the whole creation is the God given ideal that is pleasing to God It is this theology that Kevin Giles deconstructs and shows to be without a biblical foundation Giles shows that he is fully conversant with the complementarian position and yet is unpersuaded by it He sees it as an appeal to the Bible to preserve male privilege similar to the appeals to the Bible to validate slavery and Apartheid appeals to the Bible made by some of the best Reformed and evangelical biblical scholars and now seen to be special pleading Carefully studying the limited number of texts on which complementarians predicate their theology of the sexes Giles finds not one of them actually teaches what complementarians claim Furthermore complementarians too often ignore the texts that are very difficult for them In this book the ordination of women gets only passing mention The constant focus is on whether or not the Bible subordinates women to men as an abiding theological principle      What Makes a Happy Marriage Radzilani N Martin, 2018-08-23 What Makes a Happy Marriage is all about providing guidelines for anybody in whatever level of the relationship It digs deep into various problems people who are either married in romantic relationships or seeking romantic partners are facing anger jealousy violence being taken for granted why men just quit the relationship It also provides solutions to these problems For people in marriage some other

*Making Marriage Work* Rob Pascale, Louis H. Primavera, 2016-02-23 Staying happily married has become a difficult proposition in recent times Although the institution is still firmly embedded in our culture divorce rates have steadily climbed since the 1960s While some marriages are truly divorce worthy many other broken marriages can be saved Recent emphasis on personal needs and greater social acceptance of divorce and alternative lifestyles may have weakened the resolve of partners to work through their problems Furthermore many couples may not realize that problems in their current marriages are likely to surface in other relationships Consequently while they may consider divorce a solution it may in fact only be a stepping stone to the next relationship where patterns may repeat Solving marital differences can be difficult They tend to be linked to or caused by other problems and that can make it hard to identify the real reasons for conflicts Without knowing the true nature of their problems couples cannot arrive at solutions that actually work To understand the underlying issues that plague many marriages the authors look to the research conducted on the subject over the past fifty years and to real life stories of success and failure to outline the major issues that detract from marital stability Drawing on Louis Primavera's twenty five years in private practice as a marriage counselor each chapter is peppered with anecdotes that every married person can relate to and that help bring issues to life The authors also propose frank and honest solutions that can help couples have more satisfying relationships Anyone looking to

improve their marriage will find suggestions for sussing out the underlying problems they may be experiencing and guidance for addressing those problems      **The Freedom of True Love** Frank Wagner,2010-10-11      *Making Good Marriages Better* Robert D.
