The Computers That Made Britain Tim Danton,2021-05-28 The home computer boom of the 1980s brought with it now iconic machines such as the ZX Spectrum BBC Micro and Commodore 64 Those machines would inspire a generation and foster the creation of a booming British software industry that continues to this day With the help of hefty government discounts computers worked their way into primary and secondary schools around the country Millions more computers appeared in living rooms and bedrooms around the country For once Britain was ahead of the world helping to create a golden generation of British programmers The Computers That Made Britain tells the story of 19 of those computers and what happened behind the scenes This book is as much a story about each computer s creation as it is about the people that created them Through dozens of interviews with the people who were there discover the tales of missed deadlines technical faults business interference and the unheralded geniuses who brought to the UK everything from the Dragon 32 and ZX81 to the Amstrad CPC 464 and Commodore Amiga This book closes with the story of the Acorn Archimedes which introduced the revolutionary ARM processor that powers smart watches laptops routers mobile phones and the Raspberry Pi to this day

The Making of American Liberal Theology Gary J. Dorrien,2003-01-01 In this first of three volumes Dorrien identifies the indigenous roots of American liberal theology and demonstrates a wider longer running tradition than has been thought The tradition took shape in the nineteenth century motivated by a desire to map a modernist third way between orthodoxy and rationalistic deism atheism It is defined by its openness to modern intellectual inquiry its commitment to the authority of individual reason and experience its conception of Christianity as an ethical way of life and its commitment to make Christianity credible and socially relevant to modern people Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time including William E Channing Ralph Waldo Emerson Horace Bushnell Henry Ward Beecher Elizabeth Cady Stanton and Charles Briggs Dorrien notes that although liberal theology moved into elite academic institutions its conceptual foundations were laid in the pulpit rather than the classroom
