The Simple Art of Cooking Isadora Vermut, 2020-02-21 This book is for kids so it has plenty of great kid friendly recipes The setup of the recipes is easiest to hardest so it starts with simple things like smoothies and ends with some more difficult recipes like scones I decided to make this book because a lot of kids cookbooks out there have these giant steps of just words They pack a lot information and steps in one step and it's really easy to get confused or mess up Then the only picture they usually have is this absolutely perfect end shot which was obviously taken by a professional photographer Kids try to make it but then it doesn't turn out like the picture and they get really frustrated and sad But in this book the steps are

short and each one has a photo showing what I'm doing and how to do it. There is an end shot on some of them but it's not perfect because that's not what I was striving towards. I wanted it to look realistic so I just made it and took its photo just how it was. This is a cookbook for kids by a kid The Really Useful Book of Science Experiments Tracy-ann Aston, 2015-09-16 The Really Useful Book of Science Experiments contains 100 simple to do science experiments that can be confidently carried out by any teacher in a primary school classroom with minimal or no specialist equipment needed. Holmes, 2017-10-15 Joy Unspeakable focuses on the aspects of the Black church that point beyond particular congregational gatherings toward a mystical and communal spirituality not within the exclusive domain of any denomination. This mystical aspect of the Black church is deeply implicated in the well-being of African American people but is not the focus of their intentional reflection. Moreover, its traditions are deeply ensconced within the historical memory of the wider society and can be found in Coltrane's riffs, Malcolm's exhortations, the social activism of the

Black Lives Matter Movement and the presidency of Barack Hussein Obama The research in this book through oral histories church records and written accounts details not only ways in which contemplative experience is built into African American collective worship but also the legacy of African monasticism a history of spiritual exemplars and unique meditative worship practices A groundbreaking work in its original edition Joy Unspeakable now appears in a new revised edition to address the effects of this contemplative tradition on activism and politics and to speak to a new generation of readers and scholars
