J. M. Van der Heijden, 2015-06-29 What is a sustainable career and how can individuals and organizations develop pathways that lead to them With current levels of global unemployment and the need for life long learning and employability enhancement these questions assume a pressing s *International Business Strategy and Entrepreneurship: An Information Technology Perspective* Ordóñez de Pablos, Patricia, 2013-11-30 There is a high demand in our society to adopt emerging technologies in all aspects of business and economic activity As traditional business practices and economic activity are occurring in a global context new areas of economic development are being recognized as the key enablers of wealth and income production International Business Strategy and Entrepreneurship An Information Technology Perspective discusses innovative solutions to research problems and high performance systems while emphasizing the role of IT and management for sustainable development This book brings together academics researchers entrepreneurs policy makers and government officers aiming to contribute to the debate of technology related to international business and strategic management Hoping to Help Judith N. Lasker, 2016-02-19 Overseas volunteering has exploded in numbers and interest in the last couple of decades Every year hundreds of thousands of people travel from wealthier to poorer countries to participate in short term volunteer programs focused on health services Churches universities nonprofit service organizations profit making voluntourism companies hospitals and large corporations all sponsor brief missions Hoping to Help is the first book to offer a comprehensive assessment of global health volunteering based on research into how it currently operates its benefits and drawbacks and how it might be organized to contribute most effectively Given the

enormous human and economic investment in these activities it is essential to know more about them and to understand the advantages and disadvantages for host communities Most people assume that poor communities benefit from the goodwill and skills of the volunteers Volunteer trips are widely advertised as a means to give back and make a difference In contrast some claim that health volunteering is a new form of colonialism designed to benefit the volunteers more than the host communities Others focus on unethical practices and potential harm to the presumed beneficiaries Judith N Lasker evaluates these opposing positions and relies on extensive research interviews with host country staff members sponsor organization leaders and volunteers a national survey of sponsors and participant observation to identify best and worst practices She adds to the debate a focus on the benefits to the sponsoring organizations benefits that can contribute to practices that are inconsistent with what host country staff identify as most likely to be useful for them and even with what may enhance the experience for volunteers Hoping to Help illuminates the activities and goals of sponsoring organizations and compares dominant practices to the preferences of host country staff and to nine principles for most effective volunteer trips
