Making Of Modern Turkey:

The Making of Modern Turkey Ahmad Feroz, 2002-11-01 Turkey is the first modern secular state in a predominantly Islamic Middle East In this major textbook Feroz Ahmad provides a thorough examination of the political social and economic processes which led to the formation of a new Turkey After a chapter on the Ottoman Legacy the book covers the period since the revolution of 1908 and the development of the new Turkey Successive chapters chart the progress through the single party regime set up by Ataturk 1923 1945 the multi party period 1945 1960 and the three military interventions of 1960 1971 and 1980 The book ends in 1989 with the election of Turgat Ozal as president In contrast to most current analyses of modern Turkey the author emphasises the socio economic changes rather than continuities as the motor of politics The Making of Modern Turkey Ugur Ümit Üngör, 2012-03 Offers a novel perspective on the establishment of the Turkish nation state and highlights how the Young Turk regime from 1913 to 1950 subjected Eastern Turkey to various forms of nationalist population policies aimed at ethnically homogenizing the region and including it in the Turkish nation state **The Making of Modern Turkey** Sir Harry Luke, 1936 **The Making of Modern Turkey** Feroz Ahmad, 1993 *The Making of Modern Turkey* Ugur Ümit Üngör, 2011 *America and the Making of Modern Turkey* Ali Erken, 2018-03-30 After the fall of the Ottoman Empire Mustafa Kemal Atatürk's government encouraged substantial American investment in education and aid It was argued that Turkey needed the technical skills and wealth offered by American education and so a series of American schools was set up across the country to educate the Turkish youth Here Ali Erken in the first study of its kind argues that these organizations had a huge impact on political and economic thought in Turkey acting as a form of soft power for US national interests throughout the 20th Century Robert College originally a missionary school founded by US benefactors has been responsible for educating two Turkish Prime Ministers writers such as Orhan Pamuk and a huge number of influential economists politicians and journalists The end result of these American philanthropic efforts Erken argues was a consensus in the 1970s that the country must westernize This mindset and the opposition viewpoint it engendered has come to define political struggle in modern Turkey torn between a capitalist modern West and an Islamic Ottoman East The book also reveals how and why the Rockefeller and Ford foundations funneled large amounts of money into Turkey post 1945 and undertook activities in support of Western candidates in Turkey as a bulwark against the Soviet Union This is an essential contribution to the history of US Turkish relations and the influence of the West in Turkish political thought **The Making of Modern Turkey** Feroz Ahmed, 1991 **The Making of Modern Turkey. The Old Turkey and the New. From Byzantium to Ankara. (New and Revised Edition.).** Sir Harry Charles LUKE, 1955 İsmet İnönü and the Making of Modern Turkey Osman Faruk Loğoğlu, 1997 *The European Transformation of Modern Turkey*, The Making of the Modern Turkey Feroz Ahmad, 1993 Remaking Turkey E. Fuat Keyman, 2008-01-01 In recent years there has been an upsurge of interest in Turkey's ability to create a secular constitutional democracy within a predominantly Muslim population

Remaking Turkey provides a comprehensive and detailed account of how Turkey has achieved the possibility of modernity and democracy in a Muslim social setting as well as the important problems and challenges confronting this achievement. Turkey has demonstrated that as an alternative modernity and as a significant historical experience of the co-existence between Islam and democratic modernity in a secular political structure it could make an important contribution to the most needed democratic global governance for the creation of a secure just and peaceful world. Remaking Turkey starts its investigation with an analysis of the Ottoman legacy then focuses on identity based conflicts and civil economic and global processes all of which have brought about significant challenges to modernity and democracy in Turkey. The book concludes with an account of the recent changes and transformations that have given rise to the process of remaking Turkey. In this way editor E. Fuat Keyman presents a political theory based approach to Turkish modernity and its recent changing formation creating an original study of contemporary Turkey.

The Power of the People Murat Metinsoy, 2021-11-11. A fresh interpretation of the foundation of modern Turkey demonstrating the crucial role of ordinary people under Atatürk in the 1920s and 30s.

Turkey's Democratization Process Carmen Rodriguez, Antonio Avalos, Hakan Yilmaz, Ana Planet, 2013-10-30. Since the end of the 1980 coup d'état Turkey has been in the midst of a complex process of democratization. Applying methodological pluralism in order to provide a comprehensive analysis of this process in a Turkish context this book brings together contributions from prominent Turkish English French and Spanish scholars. Turkey's Democratization Process utilises the theoretical framework of J. J. Linz and A. C. Stepan in order to assess the complex process of democratization in Turkey. This framework takes into account five interacting features of Turkey's polity when making this assessment namely whether the underlying legal and socioeconomic conditions are conducive for the development of a free and participant society if a relatively autonomous political society exists whether there are legal guarantees for citizens freedoms if there exists a state bureaucracy which can be used by a democratic government and whether the type and pace of Turkish economic development contributes to this process. Examining the Turkish case in light of this framework this book seeks to combine analyses that will help assess the process of democratization in Turkey to date and will be of interest to scholars and researchers interested in Turkish Politics Democratization and Middle Eastern Studies more broadly.

The Foreign Policy of Modern Turkey Ozgur Tufekci, 2017-01-30. In the last three decades Turkey has attempted to build close relationships with Russia Iran and the Turkic World. As a result there has been ongoing debate about the extent to which Turkey's international relations axis is shifting eastwards. Ozgur Tufekci argues that Eurasianist ideology has been fundamental to Turkish foreign policy and continues to have influence today. The author first explores the historical roots of Eurasianism in the 19th century comparing this to Neo Eurasianism and Pan Slavism. The Ozal era 1983-1993 the Cem era 1997-2002 and Davutoglu era since 2003 are then examined to reveal how foreign policy making has been informed by discourses of Eurasianism and how Eurasianist ideas were implemented through internal and external socio-economic and
