Making Peace With The Plo The Rabin Governments Road To The Oslo Accord:

Making Peace With The Plo David Makovsky, 1995-12-18 After decades of branding Yasser Arafat an arch terrorist Israel has embraced the PLO leader as a partner for peace In this study of one of the most extraordinary examples of secret diplomacy in the second half of the twentieth century David Makovsky diplomatic correspondent for the Jerusalem Post explores the personal domestic regional and international factors that led Israel s Prime Minister Yitzhak Rabin Foreign Minister Shimon Peres and other top aides to negotiate the peace accords Makovsky traces key episodes prior to the breakthrough in Oslo including Israel s deportation of radical Islamic activists in December 1992 and its retaliation against Hizbollah rocket attacks from south Lebanon in July 1993 and examines their impact on the fateful decisions that led to the remarkable diplomatic achievement Working from exclusive interviews with dozens of Israeli Palestinian American and Egyptian officials Makovsky depicts in fascinating detail the intricacies of the Israel PLO bargaining He also examines lessons learned about Israeli decisionmaking from the Oslo experience and assesses the influence of the peace treaty between Israel and Jordan on the implementation of the Israel PLO accord

The Political Psychology of Israeli Prime Ministers Yael S. Aronoff, 2014-05-29 This book examines leaders of the seemingly intractable conflict between Israel and its Palestinian neighbors It takes as an intellectual

target of opportunity six Israeli prime ministers asking why some of them have persisted in some hard line positions but others have opted to become peacemakers This book argues that some leaders do change and above all it explains why and how such changes come about This book goes beyond arguing simply that leaders matter by analyzing how their particular belief systems and personalities can ultimately make a difference to their country's foreign policy especially toward a long standing enemy Although no hard liner can stand completely still in the face of important changes only those with ideologies that have specific components that act as obstacles to change and who have an orientation toward the past may need to be replaced for dramatic policy changes to take place

Zion's Dilemmas Charles D. Freilich,2012-09-28 In Zion's Dilemmas a former deputy national security adviser to the State of Israel details the history and

in many cases the chronic inadequacies in the making of Israeli national security policy Chuck Freilich identifies profound ongoing problems that he ascribes to a series of factors a hostile and highly volatile regional environment Israel's proportional representation electoral system and structural peculiarities of the Israeli government and bureaucracy Freilich uses his insider understanding and substantial archival and interview research to describe how Israel has made strategic decisions and to present a first of its kind model of national security decision making in Israel He analyzes the major events of the last thirty years from Camp David I to the 1982 invasion of Lebanon through Camp David II the Gaza Disengagement Plan of 2005 and the second Lebanon war of 2006 In these and other cases he identifies opportunities forgone failures that resulted from a flawed decision making process and the entanglement of Israeli leaders in an inconsistent highly politicized and sometimes improvisational planning process The cabinet is dysfunctional and Israel does not have an effective statutory forum for its decision making most of which is thus conducted in informal settings In many cases policy objectives and options are poorly formulated For all these problems however the Israeli decision making process does have some strengths among them the ability to make rapid and flexible responses generally pragmatic decision making effective planning within the defense establishment and the skills and motivation of those involved Freilich concludes with cogent and timely recommendations for reform

A History of Modern Israel Colin Shindler, 2013-03-25 Colin Shindler's remarkable history begins in 1948 as waves of immigrants arrived in Israel from war torn Europe to establish new cities new institutions and a new culture founded on the Hebrew language Optimistic beginnings were soon replaced with the sobering reality of wars with Arab neighbours internal ideological differences and ongoing confrontation with the Palestinians In this updated edition Shindler covers the significant developments of the last decade including the rise of the Israeli far right Hamas's takeover and the political rivalry between Gaza and the West Bank Israel's uneasy dealings with the new administration in the United States political Islam and the potential impact of the Arab Spring on the region as a whole This sympathetic yet candid portrayal asks how a nation that emerged out of the ashes of the Holocaust and was the admiration of the world is now perceived by many Western governments in a less than benevolent light

Links in the Chain Naomi Pasachoff, 1997-12-18 Judaism or that which has united the successive generations of Jews into one people is not only a religion it is a dynamic religious civilization Mordecai Menachem Kaplan from Questions Jews Ask 1956 In assessing what their Jewish identities mean to them Jews today sometimes describe themselves as links in a chain of tradition that stretches back to biblical times In this collection of biographies of Jewish thinkers from ancient times to the present the links in that chain come to life through the dramatic stories of 41 shapers of Jewish tradition From Hillel whose teaching more than twenty centuries ago set Judaism on its post biblical course to Yitzhak Rabin the Noble Peace Prize winning Prime Minister of Israel who helped to broker a peace settlement between the Israelis and the Palestinians these men and women all left an indelible mark on Jewish practice scholarship or nationalism In individual biographical essays Naomi Pasachoff explores the contributions of philosophers poets and philanthropists of mystics statesmen and scholars of religious organizers and Zionist leaders In so doing she uncovers surprising facts about well known figures For example Theodor Herzl is widely honored as the father of the modern state of Israel but did you know that he once dreamed of leading all the Jews of Vienna to St Stephan Cathedral to undergo mass baptism Readers who recognize Rashi as the most famous of all biblical commentators may be startled to learn that his concise style was a function of his tight budget The book

includes suggestions for further reading an appendix a glossary and an index Illustrations and photographs accompany the text and a biographical fact box for each profile provides for easy reference All these features make *Links in the Chain* an ideal introduction to Jewish role models for younger readers and a vital reference for all interested in Jewish history Moreover the book is a reminder that Jewish tradition is still evolving and that each reader has the potential to contribute to it 41 extended essays profile the lives and contributions of Jewish heroes including Johanan ben Zakkai the spiritual and intellectual leader who reshaped Jewish life after the destruction of the Temple in 70 C E Dona Gracia Nasi the outstanding 16th century leader who led the equivalent of an underground railroad to lead fugitive Marranos to safety Rebecca Gratz said to have been the model for the character Rebecca in Walter Scott's *Ivanhoe* who spearheaded the development of Jewish Sunday schools in the United States Leopold Zunz whose transformation of Jewish scholarship in the 19th century ultimately led to the existence of Judaica departments and programs in major universities Lily Montagu whose unsatisfying Orthodox childhood as a child of privilege in Victorian England transformed her into a 20th century leader of British and world liberal Judaism Isaac Mayer Wise the early leader of Reform Judaism in the United States who conceived of and helped bring into existence many of the institutions of contemporary American Judaism Eliezer Ben Yehudah the father of modern Hebrew who nearly singlehandedly transformed Hebrew from an ancient religious language into a spoken modern one **Talking to**

Terrorists Carolin Goerzig, 2010-06-17 This book examines the doctrine of giving no concessions to terrorists and uses empirical research to establish whether there is any link between negotiating with such groups and the spread of violence The logic of the no concessions doctrine is based on the argument that other terrorist groups multiply when they realize that terrorism succeeds in achieving political goals Proponents of the no concessions doctrine have argued that there is a pattern in terrorist contagion which results from giving in to their demands Statistical evidence for terrorist contagion is not convincing enough however as depicting an increase in terrorist incidences as a consequence of concessions could merely imply a flawed causality Without an explanation for such correlations we are left wondering whether other reasons could be decisive in the increase in terrorist actions Based on field research in four countries and interviews with current and former members of several different terrorist groups this book establishes a qualitative relationship between concessions to terrorists on the one hand and non contagion of other terrorist groups on the other The deterrence effect intended by the imperative never to concede is seriously challenged In fact it can be precisely through concessions that groups mentalities and actions are called into question The book will be of great interest to students of terrorism and political violence war and conflict studies security studies and IR politics Carolin Goerzig is a Post Doctoral Fellow at the EU Institute for Security Studies in Paris and has a PhD in Political Science from Ludwig Maximilians University of Munich *The A to Z of the Arab-Israeli Conflict* P R Kumaraswamy, 2009-07-24 For over a century the conflict between the Arabs and Jews has remained the most intractable problem confronting the world Hardly a day passes that the Arab Israeli Conflict is not headlined in the

media It has turned the Arabs and Israelis against one another and embittered relations within the two communities while drawing the rest of the world into the circle of disruption The A to Z of the Arab Israeli Conflict provides factual background through an introductory essay a chronology a bibliography and hundreds of cross referenced dictionary entries on the more significant persons places and events including the various wars and negotiations The history religion culture and archeology that this rivalry has sparked between the Arabs and Israelis over the same piece of territory is traced in this book which offers the essential details using neutral terms and thereby allowing readers to draw conclusions for themselves

International Intervention, Identity and Conflict Transformation Timea Spitka,2015-12-22 This book addresses the challenges of international intervention in violent conflicts and its impact on groups in conflict When the international community intervenes in a violent internal conflict intervening powers may harden divisions constructing walls between groups or they may foster transformation soften barriers and build bridges between conflicting groups This book examines the different types of external processes and their respective contributions to softening or hardening divisions between conflicting groups It also analyses the types of conflict resolution strategies including integration accommodation and partitioning and investigates the conditions under which the international community decides to pursue a particular strategy and how the different strategies contribute to solidification or transformation of group identities The author uses three case studies Bosnia and Herzegovina BiH Northern Ireland and Israel Palestine to reveal how different types of external interventions impact on the identities of conflicting groups The volume seeks to address how states and international organizations ought to intervene in order to stimulate the building of bridges rather than walls between conflicting groups In doing so the book sheds light on some of the pitfalls in international interventions and highlights the importance of united external process and inclusive identity strategies that promote transformation and bridge differences between conflicting groups This book will be of much interest to students of intervention peace and conflict studies ethnic conflict security studies and IR

Italy and the Middle East Paolo Soave,Luciano Monzali,2020-12-10 Italy played a vital role in the Cold War dynamics that shaped the Middle East in the latter part of the 20th century It was a junior partner in the strategic plans of NATO and warmly appreciated by some Arab countries for its regional approach But Italian foreign policy towards the Middle East balanced between promoting dialogue stability and cooperation on one hand and colluding with global superpower manoeuvres to exploit existing tensions and achieve local

US policy in the Middle East the struggle for peace and prosperity. , Palestine Ltd. Toufic Haddad, 2016-07-28 Since the 1993 Oslo Accords the Occupied Palestinian Territory has been the subject of extensive international peacebuilding and statebuilding efforts coordinated by Western donor states and international finance institutions Despite their failure to yield peace or Palestinian statehood the role of these organisations in the Israeli Palestinian conflict is generally overlooked owing to their depiction as tertiary actors engaged in technical missions In Palestine Ltd Toufic Haddad explores how neoliberal frameworks have shaped and informed the common understandings of international Israeli and Palestinian interactions throughout the Oslo peace process Drawing upon more than 20 years of policy literature field based interviews and recently declassified or leaked documents he details how these frameworks have led to struggles over influencing Palestinian political and economic behaviour and attempts to mould the class character of Palestinian society and its leadership A dystopian vision of Palestine emerges as the by product of this complex asymmetrical interaction where nationalism neo colonialism and disaster capitalism both intersect and diverge This book is essential for students and scholars interested in Middle East Studies Arab Israeli politics and international development
