Making A Difference

THE PEACE CORPS AT TWENTY-FIVE

*...ask not what your country can do for you—
ask what you can do for your country.
...ask not what America can do for you, but together
what we can do for the freedom of man.*

JOHN F. KENNEDY

Edited by Milton Viorst

Foreword by President Ronald Reagan

Making A Difference The Peace Corps At Twentyfive

Ensheng Dong

Making A Difference The Peace Corps At Twentyfive:

Making a Difference Milton Viorst, 1986-01-01 Describes the formation of the Peace Corps depicts the experiences of volunteers and examines the accomplishments of the Corps *Making a Difference* Milton Viorst, 1990-02-01 The Peace Corps Experience P. David Searles, 2021-12-14 For more than 35 years the Peace Corps has pursued John F Kennedy's vision of helping people of the Third World build a better life Yet with the exception of a few celebrations of its early years little effort has been made to document that organization's history Now a former deputy director of the Peace Corps offers a first hand look at life in the agency both in the field and at headquarters and a radical reinterpretation of its history during the Nixon and Ford administrations By the end of the 1960s the Peace Corps was in disarray Debate raged over its effectiveness and many new volunteers embraced the antiestablishment behavior of the day's youth When President Nixon appointed Joseph Blatchford as director in 1969 some insiders felt the agency's days were numbered especially when Blatchford set about re-evaluating the Peace Corps mission and initiated a program called New Directions to reorient its work Many observers simply lump Blatchford's efforts with the failures and faults of the Nixon administration David Searles however contends that the new director's initiatives revitalized the Peace Corps and made it a more relevant organization Searles faithfully relates the history of these policies and their implementation in the field drawing on his personal experience as country director for the Peace Corps in the Philippines He shows how despite constant carping from veterans of the early Peace Corps and much furor at headquarters New Directions reenergized the agency and renewed and reaffirmed the Peace Corps mission Searles's descriptions of political maneuverings are incisively observed and his firsthand characterizations of Peace Corps life richly impart the joys and frustrations of volunteer work The Peace Corps Experience will give historians a new perspective on the agency and will also interest anyone who has served in the Peace Corps or who wants to understand it Voices from the Peace Corps Angene Wilson, 2011-03-01 President John F Kennedy established the Peace Corps on March 1 1961 In the fifty years since nearly 200 000 Americans have served in 139 countries providing technical assistance promoting a better understanding of American culture and bringing the world back to the United States In Voices from the Peace Corps Fifty Years of Kentucky Volunteers Angene Wilson and Jack Wilson who served in Liberia from 1962 to 1964 follow the experiences of volunteers as they make the decision to join attend training adjust to living overseas and the job make friends and eventually return home to serve in their communities They also describe how the volunteers made a difference in their host countries and how they became citizens of the world for the rest of their lives Among many others the interviewees include a physics teacher who served in Nigeria in 1961 a smallpox vaccinator who arrived in Afghanistan in 1969 a nineteen year old Mexican American who worked in an agricultural program in Guatemala in the 1970s a builder of schools and relationships who served in Gabon from 1989 to 1992 and a retired office administrator who taught business in Ukraine from 2000 to 2002 Voices from the Peace Corps emphasizes the value of practical idealism in building meaningful

cultural connections that span the globe When the World Calls Stanley Meisler, 2012-02-07 When the World Calls is the first complete and balanced look at the Peace Corps's first fifty years. Revelatory and candid journalist Stanley Meisler's engaging narrative exposes Washington infighting, presidential influence, and the Volunteers' unique struggles abroad. He deftly unpacks the complicated history with sharp analysis and memorable anecdotes, taking readers on a global trek starting with the historic first contingent of Volunteers to Ghana on August 30, 1961. In the years since, in spite of setbacks, the ethos of the Peace Corps has endured largely due to the perseverance of the 200,000 Volunteers themselves, whose shared commitment to effect positive global change has been a constant in one of our most complex and valued institutions. *The Routledge Handbook of the Global Sixties* Chen Jian, Martin Klimke, Masha Kirasirova, Mary Nolan, Marilyn Young, Joanna Waley-Cohen, 2018-02-06 This extraordinary collection is a game changer. Featuring the cutting-edge work of over forty scholars from across the globe, *The Routledge Handbook of the Global Sixties* is breathtaking in its range, incisive in analyses, and revolutionary in method and evidence. Here, fifty years after that iconic 1968 Western Europe and North America are finally de-centered, if not provincialized, and we have the basis for a complete remapping, a thorough reinterpretation of the Sixties. Jean Allman, J. H. Hexter, Professor in the Humanities, Director, Center for the Humanities, Washington University in St. Louis. This is a landmark achievement. It represents the most comprehensive effort to date to map out the myriad constitutive elements of the Global Sixties as a field of knowledge and inquiry. Richly illustrated and meticulously curated, this collection purposefully provincializes the United States and Western Europe while shifting the loci of interpretation to Africa, the Middle East, Asia, and Latin America. It will become both a benchmark reference text for instructors and a gateway to future historical research. Eric Zolov, Associate Professor of History, Director, Latin American Professor of Public Affairs and History, The University of Texas at Austin. As the fiftieth anniversary of 1968 approaches, this book reassesses the global causes, themes, forms, and legacies of that tumultuous period. While existing scholarship continues to largely concentrate on the US and Western Europe, this volume will focus on Asia, Africa, the Middle East, and Eastern Europe. International scholars from diverse disciplinary backgrounds explore the global sixties through the prism of topics that range from the economy, decolonization, and higher education to forms of protest, transnational relations, and the politics of memory. **Mission Mystique** Charles T. Goodsell, 2010-10-19 In an era filled with mistrust for big government and big business, Charles Goodsell goes against the grain to draw attention to public agencies admired for what they do and how well they do it. In his groundbreaking new book, Goodsell places renewed focus on organizational mission and its potential to be a strong energizing force in government, one that animates a workforce internally and attracts admiration and talent externally. He offers a normative template for the mystique that underlies this phenomenon and highlights, in six rich case studies, a driving sense of purpose, a cultural and motivational richness, and a capacity for tolerating dissent while still innovating and learning. Analyzing what works best and what doesn't, Goodsell provides a metric through which agency mystique can be evaluated and modeled. Goodsell's fresh take

on public agencies not only defines good public administration in terms of ethical conduct constitutional accountability and performance effectiveness but argues that the field must add the crucial standard of institutional vitality Prologue ,1994

Sixty Years of Service in Africa Julius A. Amin,2023-10-06 Based on previously unused primary sources obtained from both sides of the Atlantic this study provides a more fundamental consistent and balanced source based assessment of the role of the U S Peace Corps across its entire existence in Africa The study sheds light on a new and intriguing historical perspective of the Peace Corps meaning and significance Though the main trust is Cameroon the study offers a window to understanding Peace Corps performance in all of Africa and the larger global community It examines Volunteers service in countries including Nigeria Ghana Togo and Guinea showing how the agency transitioned from a Cold War agency to the Post Cold War era while asking important questions about the continuous relevance of Peace Corps in Africa In addressing the topic the book goes beyond the Peace Corps and delves into America s Achilles heels which was the culture of anti black racism showing how it impacted U S foreign policy in the post World War II era The book interrogates modernization theories showing how those ideas shaped the creation of the Peace Corps but ultimately contributed to the agency s problems The book questions the Peace Corps effectiveness as a development organization and much more Yet for all the agency s problems the Peace Corps served as a rite of passage for returned Volunteers to make everlasting contributions to American life and society This book contributes to modern African and American studies and to diplomatic history **Innocents**

Abroad Jonathan ZIMMERMAN,2009-06-30 Until the early twentieth century teachers went abroad with assumptions of their own superiority But by the mid twentieth century they became far more self questioning about their social assumptions their educational theories and the complexity of their role in a foreign society Drawing on extensive archives of teachers letters and accounts Zimmerman s narrative explores the teachers shifting attitudes about their country and themselves in a world that was more unexpected than they could have imagined **Service-learning** Alan S. Waterman,2014-03-18 Linking

research and educational practice for the benefit of both is not a new idea If practice such as service learning is a bold departure from the status quo however research is not just beneficial it is critical If schools are to become laboratories of democracy and entrepreneurship and if students are to become engaged as partners in renewal of their communities a research case must be made for service learning Does learning take place Will other kinds of learning suffer What kinds of practice are most effective Clearly solid research is essential if this transforming way of teaching and learning is to be fully integrated into American schooling and youth development institutions The National Youth Leadership Council NYLC took a first step toward joining service learning practice with research in 1983 In 1991 NYLC created a center which initiated and encouraged program evaluation formative research that informs and improves practice and summative studies that measure results This volume grew out of a National Service Learning Conference an annual event convened by the NYLC A day long research seminar at the conference brought together researchers to discuss the latest developments among themselves and

with practitioners Impressive in their range and rigor their papers offer documentation and analysis useful to an emerging research knowledge base It is a starting point for the evidence needed to firmly establish service learning for K 12 age people as a widely accepted way of teaching and learning

Abundance for What? David Riesman, 2020-03-12 This classic collection of essays by David Riesman discusses the implications of affluence in America Riesman maintains that the question that should be raised by wealth has shifted over time from how to obtain wealth to how to make use of it Another key theme concerns issues relevant to higher education such as academic freedom *Abundance for What* examines the notion that America is not as open a society as it may appear to be it then shows how social science may be used to explain why this is so And now in a brilliant lengthy reevaluation Riesman both clarifies and revises that earlier assessment with unusual luster and candor The volume begins with a group of essays that describe the impact of the Cold War After warning against depending on a war economy Riesman shifts the focus of discussion to a central characteristic of the Cold War epoch the uses and abuses of abundance in expanding leisure time Several essays deal with suburbs as the locale of abundance while others study the place of the automobile in American life Riesman describes the impact of American abundance on other nations Among the many other subjects discussed in *Abundance for What* are the education of women generational shifts in attitudes and a study of the national character In his major new 100 page introduction Riesman also relates the experiences that originally inspired him to write these essays He then talks about the social and historical changes that have occurred since their publication His synthesis of old Ideas with contemporary ones makes this a compelling volume *Abundance for What* continues to hold a significant place in the social and cultural critiques of contemporary America and will be of interest to historians psychologists educators and urban policymakers alike

Faith and the Presidency From George Washington to George W. Bush Gary Scott Smith, 2006-10-12 In the wake of the 2004 election pundits were shocked at exit polling that showed that 22% of voters thought moral values was the most important issue at stake People on both sides of the political divide believed this was the key to victory for George W Bush who professes a deep and abiding faith in God While some fervent Bush supporters see him as a man chosen by God for the White House opponents see his overt commitment to Christianity as a dangerous and unprecedented bridging of the gap between church and state In fact Gary Scott Smith shows none of this is new Religion has been a major part of the presidency since George Washington s first inaugural address Despite the mounting interest in the role of religion in American public life we actually know remarkably little about the faith of our presidents Was Thomas Jefferson an atheist as his political opponents charged What role did Lincoln s religious views play in his handling of slavery and the Civil War How did born again Southern Baptist Jimmy Carter lose the support of many evangelicals Was George W Bush as his critics often claimed a captive of the religious right In this fascinating book Smith answers these questions and many more He takes a sweeping look at the role religion has played in presidential politics and policies Drawing on extensive archival research Smith paints compelling portraits of the religious lives and presidencies of

eleven chief executives for whom religion was particularly important Faith and the Presidency meticulously examines what each of its subjects believed and how those beliefs shaped their presidencies and in turn the course of our history *Africa's Many Divides and Africa's Future* Vincent Doodoo, Charles Quist-Adade, Wendy Royal, 2015-10-05 If in the past the Sahara divided us now it unites us Kwame Nkrumah declared more than half a century ago Keenly aware of Africa's many artificial divides Nkrumah was determined to lead a revolution that would bridge them One way to achieve this goal Nkrumah proposed was a continental pan African government which would provide the African people with the opportunity to pool and marshal their enormous real and potential economic human and natural resources for the optimal development of their continent A continental union government Nkrumah was convinced would ensure that Africa ended the divisions created by the trilogy of the enslavement colonization and neo colonization of Africans Nkrumah was concerned by other divisions as well specifically those created by time history nature and above all Africans themselves such as ethnic racial and religious discrimination classism sexism and ageism as well as atavistic and backward traditional practices including tribalism and patriarchy Africa's Many Divides and Africa's Future Pursuing Nkrumah's Vision of Pan Africanism in an Era of Globalization is a collection of papers presented at the first and second Kwame Nkrumah International Conferences This volume contextualizes Nkrumah's pan Africanist agenda within the neo liberal global project and against the backdrop of the current global economic and political ferment *Peace Corps Times* Peace Corps (U.S.), 1984 **A History of National Service in America** Peter Shapiro, 1994 *Peace Corps Times*, 1984 **Reauthorization of the Domestic Volunteer Service Act (Action)** United States. Congress. Senate. Committee on Labor and Human Resources. Subcommittee on Children, Family, Drugs and Alcoholism, 1989 *Monthly Catalogue, United States Public Documents*, 1986 **Monthly Catalog of United States Government Publications** United States. Superintendent of Documents, 1990

The Top Books of the Year Making A Difference The Peace Corps At Twentyfive The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have charmed audiences this year. Making A Difference The Peace Corps At Twentyfive : Colleen Hoovers "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Making A Difference The Peace Corps At Twentyfive : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Making A Difference The Peace Corps At Twentyfive : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
