Making Friends With Your Mother:

Making Friends (and Making Them Count) Emory A. Griffin, 1987-05-29 and *Making Them Count* Exploring the art of friendship Em Griffin discusses what attracts one person to another how self concept affects relationships how people form first impressions and what ingredients make for lasting friendships **Making Friends with Your Mother** Kay Marshall Strom, 1991 **When You and Your Mother Can't Be Friends** Victoria Secunda, 2009-11-04 A book of great value for every daughter and every mother useful for sons too Benjamin Spock M D From the Introduction The goal of this book is to help readers achieve that separation so that they can either find a way to be friends with their mothers or at least recognize and accept that their mothers did the best they could even if it wasn't good enough and to stop blaming them Among the issues to be covered To understand how a daughter's attachment to her mother more so than her relationship with her father colors all her other relationships and to analyze why it is more difficult for daughters than sons to separate from their mothers as well as why daughters are more subject than sons to a mother's manipulation To recognize the difference between a healthy and a destructive mother daughter connection and to define clearly the bad mommy in order to help readers who have trouble acknowledging their childhood losses to begin to comprehend them To conjugate what I call the Bad Mommy Taboo why our culture is more eager to protect the sanctity of maternity than it is to protect emotionally abused daughters To describe the evolution of the unpleasable mother in all likelihood she was bereft of maternal love as a child and to recognize the huge and often poignant stake she has in keeping her grown daughter dependent and off balance To illustrate the consequent controlling behavior in some cases cloaked in fragility or good intentions of such mothers which falls into general patterns including the Doormat the Critic the Smotherer the Avenger the Deserter To understand that the daughter has a similar stake in either being a slave to or hating her mother the two sides of her dependency and immaturity To illustrate the responsive behavior and survival mechanisms of daughters which is determined in part by such variables as birth rank family history and temperament and which also falls into patterns including the Angel the Superachiever the Cipher the Troublemaker the Defector To show how to redefine the mother daughter relationship so that each can learn to see and accept the other as she is today appreciating each other's good qualities and not being snared by the bad Finally to demonstrate that a redefined relationship with one's mother adult to adult frees you from the past whether that redefinition ultimately results in real friendship affectionate truce or divorce **Making Friends and Horsing Around** D. L. Green, 2018-01-09 See a video interview with the author and discover more titles in the series when you scan the book with the free Capstone 4D augmented reality app Publisher **My Mother, My Friend** Mary Marcante, 2001-09-29 Every woman has things that she wants to talk about with her mother but can't Big questions about health aging and money and even more personal issues about family secrets and Mom's relationship with Dad have made for extremely difficult conversations until now In *My Mother My Friend* communications expert and beloved national speaker Mary Marcante
